**Rage for Order** Austin Warren, 1981-01-01      *Strangers and Pilgrims* Douglas R. McGaughey, 2012-01-02 No detailed description available for *Strangers and Pilgrims*      Poetry & Translation Peter Robinson, 2010-01-01 The conviction pleasures and gratitude of committed reading are evident in his affirmation of the poetic contract between readers and writers Andrea Brady Poetry Review      *The Challenge of Periodization* Lawrence Besserman, 2014-02-04 In these essays some of today's leading literary scholars and cultural critics re-examine major writers genres and themes in relation to their traditional period affiliations The essays cover a broad range of writers and periods from the Middle Ages to the present grouped in two main areas Chaucer and Medieval and Renaissance studies Larry D Benson Heiko A Oberman Lee Patterson and Aldo Scaglione and English and American literary history Sanford Budick H M Daleski Denis Donoghue Robert J Griffin Geoffrey Hartman J Hillis Miller Jerome McGann and Helen Vendler In addition to shedding new light on a specific author each essay also refines or reinvigorates critical approaches to specific periods The analyses illuminate and clarify our understanding of what are traditionally but problematically called the Medieval Renaissance Enlightenment Romantic Modern and Postmodern eras in European cultural history      Poetry and the Anthropocene Sam Solnick, 2016-09-19 This book asks what it means to write poetry in and about the Anthropocene the name given to a geological epoch where humans have a global ecological impact Combining critical approaches such as ecocriticism and posthumanism with close reading and archival research it argues that the Anthropocene requires poetry and the humanities to find new ways of thinking about unfamiliar spatial and temporal scales about how we approach the metaphors and discourses of the sciences and about the role of those processes and materials that confound humans attempts to control or even conceptualise them Poetry and the Anthropocene draws on the work of a series of poets from across the political and poetic spectrum analysing how understandings of technology shape literature about place evolution and the tradition of writing about what still gets called Nature The book explores how writers understanding of sciences such as climatology or biochemistry might shape their poetry's form and how literature can respond to environmental crises without descending into agitprop self righteousness or apocalyptic cynicism In the face of the Anthropocene's radical challenges to ethics aesthetics and politics the book shows how poetry offers significant ways of interrogating and rendering the complex relationships between organisms and their environments in a world increasingly marked by technology      *Scores* John Clute, 2016-11-24 For more than 50 years John Clute has been reviewing science fiction and fantasy As *Scores* demonstrates his devotion to the task of understanding the central literatures of our era has not slackened There are jokes in *Scores* and curses and tirades and apologies and riffs but every word of every review in the end is about how we understand the stories we tell about the world Following on from his two previous books of collected reviews *Strokes* and *Look at the Evidence* this book collects reviews from a wide variety of sources but mostly from *Interzone* the *New York Review of Science Fiction* and *Science Fiction Weekly* Where it has seemed

possible to do so without distorting contemporary responses to books these reviews have been revised sometimes extensively 125 review articles over 200 books reviewed in more than 214 000 words     *The Mourner's Song* James Tatum,2018-10-30

No matter when or where they are fought all wars have one thing in common a relentless progression to monuments and memorials for the dead Likewise all art made from war begins and ends in mourning and remembrance In *The Mourner's Song* James Tatum offers incisive discussions of physical and literary memorials constructed in the wake of war from the Vietnam Veterans Memorial to the writings of Stephen Crane Edmund Wilson Tim O'Brien and Robert Lowell Tatum's touchstone throughout is the *Iliad* not just one of the earliest war poems but also one of the most powerful examples of the way poetry can be a tribute to and consolation for what is lost in war Reading the *Iliad* alongside later works inspired by war Tatum reveals how the forms and processes of art convert mourning to memorial He examines the role of remembrance and the distance from war it requires the significance of landscape in memorialization the artifacts of war that fire the imagination the intimate relationship between war and love and its effects on the ferocity with which soldiers wage battle and finally the idea of memorialization itself Because all survivors suffer the losses of war Tatum's is a story of both victims and victors commanders and soldiers women and men Photographs of war memorials in Vietnam France and the United States beautifully augment his testimonials Eloquent and deeply moving *The Mourner's Song* will speak to anyone interested in the literature of war and the relevance of the classics to our most pressing contemporary needs     *An Eschatological Imagination* John M. Shields,2008 In the twentieth century Christian eschatology the doctrine about the final reality became a storm center for Christian systematic theologians because of the rediscovery of the eschatological character of Jesus Christ In the twenty first century Christian theologians continue to wrestle with the claims of Christian eschatology because of a postmodern suspicion of eschatological certainty claims about a future that is after all objectively unavailable yet still of great human concern Human beings live on hope for the future *An Eschatological Imagination* recognizes the problem of the future for Christian eschatology Building on the major theological writings of David Tracy it offers a revised way of thinking and living eschatologically in the form of an eschatological imagination as a rhetoric of virtue an exhortation to live in Christian hope in a postmodern world and into an objectively unavailable and uncertain future Within such a rhetoric hope becomes action not mere sentiment that seeks to create a Christian eschatological future     **Wallace Stevens** Harold Bloom,2003 Wallace Stevens is often characterized as an aesthete as one withdrawn from the major artistic and social movements of the first half of the 20th century This edition examines his major works of poetry     *Making the Poem* George S. Lensing,2018-06-09 Over sixty years after his death Wallace Stevens remains one of the major figures of American modernist poetry celebrated for his masterful style formal rigor and aesthetic investigations of the natural political and metaphysical worlds In *Making the Poem* noted Stevens scholar George S. Lensing explores the poet's progress in the creation of his body of work considering its development composition and reception Drawing on little known sources and

nuanced readings of Stevens texts Lensing expands the customary view of the poet's creative approaches This wide ranging study extends from the origins and overlapping themes of well known poems through the social and political backgrounds that marked Stevens work to the prosodic and musical elements central to his style Making the Poem features a dynamic new reading of the important early poem Sea Surface Full of Clouds viewing it alongside his wife Elsie's journal describing the sea voyage that inspired the poem and an extensive multiperspective treatment of the widely anthologized The Idea of Order at Key West as well as a careful excavation of the poem Mozart 1935 in the context of the U S Great Depression Lensing concludes with a discussion of the gradual and sometimes reluctant recognition Stevens work received from poets and critics in Great Britain and Ireland Stemming from decades of research and writing Making the Poem Stevens Approaches presents a holistic view of his creative achievements and a wealth of new material for readers to draw upon in their future encounters with the poetry of Wallace Stevens

Neal, 2024-02-12 *Beyond Death and Jail* Anti Blackness Black Masculinity and the Demonic Imagination calls for a complete reassessment and overhaul of ethical political and religious thinking with respect to anti Blackness and Black masculinity in the United States In light of the prison industrial complex and a decade of homicide 2012-2022 of Black men and Black boys which spawned the Movement for Black Lives Ronald B Neal calls attention to a crisis of imagination on the part of elite social activists and intellectuals Neal questions more than four decades of academic theory concerned with justice which has and continues to inform the most popular expressions of Black American activism Readers are asked to grapple with the dilemmas which plague Black men and Black boys as a starting point for a reinvigorated imagination including new theories of justice and new paradigms of action Neal contends that we can do better in those efforts that seek to engage and overcome anti Blackness in the United States

*The Poetry of Derek Mahon* Hugh Haughton, 2010-10-21 Derek Mahon is one of the leading poets of his time both in Ireland and beyond famously offering a perspective that is displaced from as much as grounded in his native country From prodigious beginnings to prolific maturity he has been through thick and thin through troubled times and other a writer profoundly committed to the art of poetry and the craft of making verse He has also been no less a committed reviser of his work believing the poem to be more than a record in verse but a work of art never finished This virtuoso study by Hugh Haughton provides the most comprehensive

account imaginable of Mahon's oeuvre Haughton's brilliant writing always serves and illuminates the poetry yielding extraordinary insights on almost every page The poetry its revisions and reception are the subject here but so thorough is the approach that what is offered also amounts indirectly to an intellectual biography of the poet and with it an account of Northern Irish poetry vital to our understanding of the times
