Regional Peacekeepers The Paradox Of Rubian Peacekeeping:

Regional Peacekeepers John Mackinlay, Peter Cross, 2003 Despite the disintegration of the Soviet Union during the 1990s Russia has continued to maintain its longstanding obligations and strategic interests in former Soviet territories This publication examines Russia's military interventions in regional conflicts to determine whether its role has been genuinely peacekeeping or more a post imperial presence that seeks to maintain former strategic interests It includes first hand accounts of the CIS peacekeeping efforts in South Ossetia Abkhazia Moldova and Tajikistan as well as contemporary assessments of Russian peacekeeping efforts alongside NATO forces as well as in Chechnya *Regional Security and Global Governance* Kennedy Graham, Tânia Felício, 2006 A compelling study of the interaction between regional agencies and the UN Security Council that includes a proposal for a regional global security mechanism which should be of interest to policy makers worldwide This ground breaking exploration into how peace and security might best be attained in the 21st century its central message is the importance of realizing UN Secretary General Kofi Annan's vision of a regional global security mechanism within the next decade The book reviews the historical tussle between universalism and regionalism as the cornerstone of international security over the past century culminating in the new regionalism that has characterised international relations in recent decades The complexities of contemporary regional sub regional and other organizations blessed and burdened with overlapping membership evolving mandates and even shifting focal areas are analysed The multidimensional phenomenon of regional security is explored cultural political and legal with a view to understanding how regional organizations work today This book is one of those rare offerings a policy oriented prescription for peace and security that is based on factual analysis and creative reasoning It is a must for national diplomats regional officials and international civil servants Regional Peacekeepers ,2008 **Journal of Middle Eastern Geopolitics** ,2007

Perspectives on Peacekeeping and Atrocity Prevention David Curran, Trudy Fraser, Larry Roeder, Robert Zuber, 2015-10-01 The current challenges and potential future of peacekeeping in an increasingly complex world take center stage in this far reaching collection Contributors advance a nuanced picture of post conflict environments across different areas of the globe while considering possible deployments of peacekeeping traditional military and UN forces in semi autonomous complementary roles Longstanding debate topics such as the need for a standing UN army and the field implementation of global right to protect concepts are discussed as are emerging ideas in civilian protection atrocity prevention and balancing triage operations with long term peacebuilding efforts Other dispatches chronicle key issues and concerns regarding peacekeeping operations in Brazil China and diverse regions of Africa Included in the coverage Protecting strangers reflections on a cosmopolitan peacekeeping capacity Towards a standing UN force for peacekeeping Challenges posed by intervention brigades and other coercive measures in support of the protection of civilians Addressing the criminal accountability of peacekeepers The evolution of China's role in peacekeeping and atrocity crime prevention

Businesses and investors as stakeholders in atrocity crime prevention Multiple viewpoints a global scope and real world clarity make *Perspectives on Peacekeeping and Atrocity Prevention* an invaluable resource to advance the work of humanitarians criminologists and students of and professionals in international relations This collection of articles effectively points to the challenges complexities and sensitivities of preventing and halting mass atrocity crimes in part through the use of UN peacekeeping operations The volume also inspires further efforts including the integration of new and younger stakeholders to mitigate massive human rights crimes and fully implement the Responsibility to Protect Dr Gyrgy Tat r Chair Budapest Centre for the International Prevention of Genocide and Mass Atrocities In a refreshing and engaging manner this edited volume represents a much needed contribution to the debate on how best to address current security threats given the limitations and the possibilities of peacekeeping and atrocity prevention A compelling feature of the book is its exploration of often neglected stakeholder perspectives alongside first hand knowledge of the UN system and astute academic observations of key peacekeeping concepts mandates and practices Each chapter s concluding recommendations invite scholars and policy makers to critically interrogate their own beliefs assumptions and preferred solutions for keeping the peace and preventing mass atrocity violence Dr Maria Stern Professor in Peace and Development Studies School of Global Studies University of Gothenburg

Challenges for the New Peacekeepers Trevor Findlay, 1996 FROST Copy 2 From the John Holmes Library Collection

Understanding Peacekeeping Alex J. Bellamy, Paul D. Williams, Stuart Griffin, 2010-02-22 The first edition was a real gem strong on the conceptual theoretical and case study dimensions If anything this new edition is even better New chapters on gender and privatization among others ensure that the book remains cutting edge Paul F Diehl University of Illinois The second edition of *Understanding Peacekeeping* is a superior book and builds on the earlier pattern of solid analysis and insights as well as readability Thomas G Weiss City University of New York Graduate Center The United Nations Charter promised to save succeeding generations from the scourge of war It offered half a solution by outlawing war but did not even mention the word peacekeeping This thorough and accessible book shows how peacekeeping has come to define modern efforts to resolve conflict and the promise and the pitfalls that it offers Simon Chesterman New York University School of Law and the National University of Singapore This is an essential book both for practitioners and for students of international relations security studies and peace studies with an interest in peace operations that litmus test for the existence of a genuine post Cold War international community A thoroughly updated version of the authors highly regarded first edition the book offers comprehensive coverage lucid critical analysis of both theory and practice detailed case studies and a clear and accessible prose style The overall positive conclusion is heartening Oliver Ramsbotham is Emeritus Professor of Peace and Conflict Studies at the University of Bradford Peace operations are now a principal tool for managing armed conflict and building world peace The fully revised expanded and updated second edition of *Understanding Peacekeeping* provides a comprehensive and up to date introduction to the theory practice and politics of contemporary peace operations

Drawing on more than twenty five historical and contemporary case studies this book evaluates the changing characteristics of the contemporary environment in which peacekeepers operate what role peace operations play in wider processes of global politics the growing impact of non state actors and the major challenges facing today s peacekeepers All the chapters have been revised and expanded and seven new chapters have been added Part 1 summarizes the central concepts and issues related to peace operations It includes a new discussion of the theories of peace operations and analysis of the emerging norm of responsibility to protect Part 2 charts the historical development of peacekeeping from 1945 and offers a new chapter on peace operations in the twenty first century In part 3 separate chapters analyse seven different types of peace operations preventive deployments traditional peacekeeping assisting transition transitional administrations wider peacekeeping peace enforcement and peace support operations Part 4 looks forward and examines the central challenges facing today s peacekeepers namely the regionalization of peace operations the privatization of security civilian protection policing and gender issues This second edition of Understanding Peacekeeping will be essential reading for students and scholars of peace and conflict studies security studies and international relations **Keeping the Peace** John S. Clark,1997

During the Cold War the United Nations developed the mission termed peacekeeping to help manage conflict These peace operations helped save millions of lives prevented conflicts from escalating and provided an environment for the political settlement of disputes despite the superpower conflict In the aftermath of the Cold War the United Nations found itself freer to act than at any time in its history and the demands placed on the organization quickly outstripped its ability to cope This thesis examines the role of regional organizations in the conduct of peacekeeping It asks if the international community s singular focus on the United Nations as the vehicle for peacekeeping prevented the regional organizations from contributing more to international security Furthermore if the regional organizations could contribute significantly to international peace then what role should the Defense Department play in supporting these efforts Regional organizations have conducted peacekeeping operations in the past with mixed results This thesis examines the intervention by the Organization of American States OAS into the Dominican Republic in 1965 the OAS role in the Central American peace process in the late 1980s and the intervention by the Economic Community of West African States into Liberia in 1990 These operations illustrate several salient features of regional organizations conducting peacekeeping This study concludes that in order for peacekeepers to achieve their mandate it is critical to possess strong political will and a minimum of operational support Furthermore regional organizations run the gamut in both political will and operational capability Their performance indicates that when their national interests are at stake the regionals demonstrate the required political will to persevere in a mission Furthermore they indicate an increasingly strong determination to participate in peacekeeping missions **The New Peacekeepers and the New Peacekeeping** Trevor Findlay,1996
