Stage-land and on the Stage - and Off Jerome Klapka Jerome,1891 Islands of the Damned R.V. Burgin,Bill Marvel,2010-03-02 A remarkable eyewitness account of the most brutal combat of the Pacific War from Peleliu to Okinawa this is the true story of R V Burgin the real life World War II Marine Corps hero featured in HBO s The Pacific Read his story and marvel at the man and those like him Tom Hanks When a young Texan named R V Burgin joined the Marines 1942 he never imagined what was waiting for him a world away in the Pacific There amid steamy jungles he encountered a ferocious and desperate enemy in the Japanese engaging them in some of the most grueling and deadly fights of the war In this remarkable memoir Burgin reveals his life as a special breed of Marine Schooled by veterans who had endured the cauldron of Guadalcanal Burgin s company soon confronted snipers repulsed jungle ambushes encountered abandoned corpses of hara kiri victims and warded off howling banzai attacks as they island hopped from one bloody battle to the next In his two years at war Burgin rose from a green private to a seasoned sergeant fighting from New Britain through Peleliu and on to Okinawa where he earned a Bronze Star for valor With unforgettable drama and an understated elegance Burgin s gripping narrative stands alongside those of classic Pacific chroniclers like Robert Leckie and Eugene Sledge indeed Burgin was even Sledge s platoon sergeant Here is a deeply moving account of World War II bringing to life the hell that was the Pacific War In Search of Deeper Learning Jal Mehta,Sarah Fine,2019-04-22 The best book on high school dynamics I have ever read Jay Mathews Washington Post An award winning professor and an accomplished educator take us beyond the hype of reform and inside some of America s most innovative classrooms to show what is working and what isn t in our schools What would it take to transform industrial era schools into modern organizations capable of supporting deep learning for all Jal Mehta and Sarah Fine s quest to answer this question took them inside some of America s most innovative schools and classrooms places where educators are rethinking both what and how students should learn The story they tell is alternately discouraging and hopeful Drawing on hundreds of hours of observations and interviews at thirty different schools Mehta and Fine reveal that deeper learning is more often the exception than the rule And yet they find pockets of powerful learning at almost every school often in electives and extracurriculars as well as in a few mold breaking academic courses These spaces achieve depth the authors argue because they emphasize purpose and choice cultivate community and draw on powerful traditions of apprenticeship These outliers suggest that it is difficult but possible for schools and classrooms to achieve the integrations that support deep learning rigor with joy precision with play mastery with identity and creativity This boldly humanistic book offers a rich account of what education can be The first panoramic study of American public high schools since the 1980s In Search of Deeper Learning lays out a new vision for American education one that will set the agenda for schools of the future **Self-Portrait with Russian Piano** Wolf Wondratschek,2020-09-08 A legendary literary figure who initiated a one man Beat Generation in his native Germany Wolf Wondratschek is eccentric monomaniacal romantic his texts

are imbued with a wonderful reckless nonchalance Now he tells a story of a man looking back on his life in an honest Portrait of the Artist as an Old Man Vienna is an uncanny magical and sometimes brutally alienating city The past lives on in the cafes where lost souls come to kill time and hash over the bygone glories of the twentieth century or maybe just a recent love affair Here in one of these cafes an anonymous narrator meets a strange character like someone out of a novel a decrepit old Russian named Suvorin A Soviet pianist of international renown Suvorin committed career suicide when he developed a violent distaste for the sound of applause This eccentric gentleman sometimes charming sometimes sulky sometimes disconcertingly frank knows the end of his life is approaching and allows himself to be convinced to tell his life story Over a series of coffee dates punctuated by confessions anecdotes and rages and by the narrator's schemes to keep his quarry talking a strained friendship develops between the two men and it soon becomes difficult to tell who is more dependent on whom Rhapsodic and melancholic with shades of Vladimir Nabokov W G Sebald Hans Keilson and Thomas Bernhard Wolf Wondratschek's Self Portrait with Russian Piano is a literary sonata circling the eternal question of whether beauty music and passion are worth the sacrifices some people are compelled to make for them A romantic in a madhouse To let Wondratschek's voice be drowned in the babble of today's literature would be a colossal mistake Patrick S skind international bestselling author of Perfume The Story of a Murderer Marines ,1994 **We Knocked Their Socks Off** Tim Bosworth PhD,2024-12-15 KUDOS to We Knocked Their Socks Off Tim Bosworth's fine new biography of the Curtis String Quartet 1927 1981 The first string quartet trained in America at the Curtis Institute of Music in Philadelphia PA it was arguably the greatest string quartet in history At its retirement in 1981 the Quartet had been together longer than any other It was the first American quartet to perform in England and to tour Europe Twice It played in big cities where it was well known on college campuses in lobbies of banks and in small towns where no one had even known what a quartet was In its prime the Quartet's work was recognized as the gold standard for quartet playing Yet up to now it has still not received its due Left standing has been the false narrative that quartets began in America only after World War II That narrative sadly has written the Quartet out of history This book writes it back in On the Stage--and Off Jerome Klapka Jerome,1891 Preparing for Rehearsal Chris Pickles,2024-11-25 A resource for actors directors and writers both professional and in training this is a step by step practical guidebook to the pre rehearsal analysis of a script Its aim is to de mystify and organise the questions necessary to ask in order to prepare for a creative imaginative and fruitful exploration of a dramatic text in the journey towards rehearsal The language is unselfconsciously engaging and accessible uncluttered by alienating academic vocabulary It holds out a helping hand throughout the important and sometimes rather lonely time of preparation for rehearsal a time of exploration usually spent without the reassuring guidance of a director or dramaturg The volume takes the reader on a journey chapter by chapter from first reading of a script to arrival in the rehearsal room or film studio for the first readthrough or day of shooting The book maps out six investigations for the actor or director and most importantly the order

in which those explorations should be tackled This book also forms the basis of any core text analysis module for students studying on professional acting theatre arts scriptwriting media and film or directing degrees at a university college or conservatoire level A professional director actor and writer this guide is also a result of Chris Pickles many years of experience not only in running workshops for theatre professionals but also teaching text analysis to actors and directors in training

The Unknown Schubert Lorraine Byrne Bodley,2017-07-05 Franz Schubert 1797 1828 is now rightly recognized as one of the greatest and most original composers of the nineteenth century His keen understanding of poetry and his uncanny ability to translate his profound understanding of human nature into remarkably balanced compositions marks him out from other contemporaries in the field of song Schubert was one of the first major composers to devote so much time to song and his awareness that this genre was not rated highly in the musical hierarchy did not deter him throughout a short but resolute and hard working career from producing songs that invariably arrest attention and frequently strike a deeply poetic note Schubert did not emerge as a composer until after his death but during his short lifetime his genius flowered prolifically and diversely His reputation was first established among the aristocracy who took the art music of Vienna into their homes which became places of refuge from the musical mediocrity of popular performance

More than any other composer Schubert steadily graced Viennese musical life with his songs piano music and chamber compositions Throughout his career he experimented constantly with technique and in his final years began experiments with form The resultant fascinating works were never performed in his lifetime and only in recent years have the nature of his experiments found scholarly favor In *The Unknown Schubert* contributors explore Schubert s radical modernity from a number of perspectives by examining both popular and neglected works Chapters by renowned scholars describe the historical context of his work its relation to the dominant artistic discourses of the early nineteenth century and Schubert s role in the paradigmatic shift to a new perception of song This valuable book seeks to bring Franz Schubert to life exploring his early years as a composer of opera his later years of ill health when he composed in the shadow of death and his efforts to reflect i

Sounding the Dance, Moving the Music Mohd Anis Md Nor,Kendra Stepputat,2016-07-01 Performing arts in most parts of Maritime Southeast Asia are seen as an entity where music and dance sound and movement acoustic and tactile elements intermingle and complement each other Although this fact is widely known and referenced most scholarly works in the performing arts so far have either focused on music or dance rather than treating the two in combination The authors in this book look at both aspects in performance moreover they focus explicitly on the interrelation between the two on both descriptive analytical and metaphorical levels The book includes diverse examples of regional performing art genres from Indonesia Malaysia and the Philippines All case studies are composed from the perspective of the relatively new approach and field of ethno choreomusicology This particular compilation gives an exemplary overview of various phenomena in movement sound relations and offers for the first time a thorough study of the phenomenon that is considered essential for the performing arts in Maritime Southeast Asia the inseparability of movement and sound
