Secrets of a Metaphysical Flight Attendant Rebecca Tripp, Bryna René, 2014-01-13 *Secrets of a Metaphysical Flight Attendant* is a spiritual memoir that explores the symbiotic relationship between thought and reality and proves that we really do have the power to create our lives With lighthearted wit piercing clarity and unapologetic insight Rebecca Tripp delivers her tale of a life lived in motion In 1967 Rebecca left her sleepy seaside hometown to navigate a new life at 35 000 feet as a sky goddess with United Airlines With barely a flicker of her false eyelashes she was plunged into a rapidly shifting world of glamour gods and Playboy bunnies first class fliers and spiritual seekers As a fun loving stew Rebecca literally had the world at her feet Yet something was missing Life was coming at her not the other way around How could she take back the controls and create the life she really wanted Over the next thirty five years through many adventures both enlightening and traumatic Rebecca transformed herself from doe eyed innocent to mature powerful manifestress Tapping the power of the spiritual realm she overcame fear doubt toxic relationships rape and even cancer simply by shifting her thought Her experiences shared with the wisdom of a lifetime demonstrate that we all have the power to heal our minds and bodies and create our lives according to our greatest desires **Journey of the Mind, Journey of the Soul** Michael H. survival Jean Watson posits Unitary Caring Science for the evolved Caritas conscious practitioner and scholar A detailed historical discussion of the evolution from Caring Science toward Unitary Caring Science reflects the maturing of the discipline locating the nursing phenomena of wholeness within the unitary field paradigm An exploration of praxis as informed moral practice results in an expanded development of the ten Caritas processes resulting in a comprehensive value guide to critical Caritas literacy and ontological Caritas praxis Watson writes for the Caritas Conscious Nurse™ or the Caritas Conscious Scholar Practitioner Educator on the journey toward the deeper caring healing dimensions of life Unitary Caring Science offers a personal professional path of authenticity bringing universals of Love Energy Spirit Infinity of Purpose and Meaning back into nurses lives and their life s work Unitary Caring Science serves as a continuing evolving message to the next generation of nurse scholars and healing health practitioners committed to a praxis informed by mature disciplinary consciousness Individual customers will also receive a secure link to select copyrighted teaching videos and meditations on [www.watsoncaringscience.org](http://www.watsoncaringscience.org)      *Science of Last Rites* Dr. Mita Shah Ph.D.,2018-05-15 This book *Science of Last Rites* An insightful journey into the World of Spirit is a unique book in itself It deals with the science of last rites performed for the departed loved one The traditions customs and methods of these rites may differ from religion to religion and culture to culture according to time place and circumstances However the belief remains the same The soul after leaving the physical body has to move forward which is possible only when the soul is at peace The author has very insightfully used the regression in life between life states to find out what happens when rituals prayers food or donation are offered in the name of the departed soul In case it has any effect how will the spirit receive this You will find out how small things like reading the scriptures lighting a light bathing the dead body the rites themselves help the departed souls and the survivors This is an unusually interesting and an extensively well researched book      *Subject Guide to Books in Print* ,1996

**Looking In, Seeing Out** Minas C. Kafatos,1991-10-01 Most books on science and mysticism attempt to link modern physics to philosophic views of consciousness This book explores the two as parallel processes one outer one inner Our outward search is for objective reality out there in the world But what we experience as outer is linked to what we can know in ourselves subjectively The inward search is for that level of consciousness that underlies all subjective experience spoken of by the mystics Like other recent others Drs Kafatos and Karatou find parallels between Eastern thought and recent scientific developments in quantum theory and cosmology But they go farther and hold that the realms of consciousness and the objective world are complementary aspect of the same reality Their approach is fresh and unique and shows how we are involved in the cosmic process      *Meta-Physician on Call for Better Health* Steven E. Hodes M.D.,2007-11-30 Steven E Hodes M D initially trained in traditional high caliber medical programs that led him through graduation at the Albert Einstein Medical School and to a fellowship at Mount Sinai Hospital But many years later he saw something vital missing in his approach to healthcare I was trained as a physician not a healer taught to view the patient as a machine suffering from

some mechanical failure My purpose was to be the best diagnostician possible he explains Then events occurred that opened the eyes of this now veteran physician to deep insights about the mind body spirit connection That awakening moved him to a metaphysical view of health a view more spiritual than religious but still firmly grounded in science Embracing his role as a metaphysician he also began to see himself as a meta physician or doctor transformed meta by this new awareness In this book Hodes describes his journey to becoming a metaphysician on call He points out profound yet simple observations and beliefs that affect our perception of the nature of reality metaphysics which in turn can largely affect our well being in all senses body mind and spirit We all can and should take responsibility for our own well being on all levels he explains This book is designed to inspire us to ask our own questions and gather our own evidence to enhance all areas of our lives and well being and so find healing and peace
