General Accounting Office, 2000 *Public Sector Reform* Jan-Erik Lane, 1997-12-12 Deregulation privatization and marketization have become the bywords for the reforms and debates surrounding the public sector This major book is unique in its comparative analysis of the reform experience in Western and Eastern Europe Australia New Zealand and Canada Leading experts identify a number of key factors to systematically explain the similarities and differences map common problems and together reflect on the future shape of the public sector exploring significant themes in a lively and accessible way **Changing Public Sector Values** Montgomery Van Wart, 2013-10-28 First Published in 1998 The single most important purpose of this book is to create a field of public administration values a field that currently does not exist in a recognizable form Surely values are discussed significantly and usefully by the fields of ethics management decision making and organization behavior and theory to mention only a few But these discussions are inevitably narrower in scope than is necessary for a true field of values Such a field is needed to help bridge the seeming chasm about discussions of values among the established fields A second purpose of this text is to provide a comprehensive treatment of values A third purpose of the text is to provide a balanced treatment giving all the major schools of thought roughly the same coverage so that their values can be compared as dispassionately as possible A fourth purpose of the book is to make the subject accessible to and interesting for practitioners and students **Leadership and Change in Public Sector Organizations** James D. Renewing the Promise Julius Fondong, 2022-09-12 In this very riveting and well researched essay Julius Fondong ruminates on the continued relevance of the promises and principles that underpinned the creation of the post colonial Cameroon nation state sixty years after unification in 1961 Renewing the Promise A Treatise on the Refoundation of the Cameroon Nation chronicles Cameroon's experiment in statehood an experiment which according to the author sprung out of a desire and a promise to forge a new nation through the fusion of two territories with contrasting historical experiences and colonial legacies Writing from the vantage position of a policy analyst a governance expert and a conflict management practitioner Fondong contends that a combination of policy inconsistencies imperial arrogance institution capture leadership deficiencies and the brazen travesties of the nation's foundational principles and promises has led to violent internal dissent decreased state capacity for public service delivery

and a development gridlock So what can be done to re align the nation to its founding promises and save it from possible disintegration Fondong proposes an overarching governance based praxis for the re engineering of the Cameroon nation from the bottom up His proposed remedy is predicated on the principles of decentralized governance the redistribution of power in a manner that addresses the right to self determination of Anglophone Cameroonians enhanced public service delivery and a strategic shift from a transactional to a transformational leadership paradigm *Renewing the Promise* is a thought provoking and captivating political essay written with exhilarating passion and prototypical clarity It can serve as a blueprint for a much needed reform of Cameroon s governance architecture
