Allender, 2005-02-15 Parenting with Humility We often realize that we learn as much from our children as they learn from us So why don't parents approach the task of child rearing as a learning experience rather than a mandate to make sure their kids succeed in life To reduce the pressure and enjoy greater closeness in your family turn your parenting upside down by allowing God to use your children to help you grow up Imagine what would happen if you began to prize what you re being taught by your children's quirks failures and normal childhood dilemmas rather than worrying about whether you re doing everything right as a parent Now you can let go of the pressure to make sure your children succeed and instead learn to grow into spiritual maturity by listening to your children Parenting as Partners Vicki Hoefle, 2017-04-21 Very few families are perfect But looking from the outside in through conversations in the grocery store or clicking through social media oftentimes it seems we are the only ones struggling with raising our kids or aligning with our spouses on parenting The reality is that so many families struggle Vicki Hoefle three time author parenting coach and sought after speaker offers a fresh practical roadmap for achievable family and marital harmony and happiness Her strategies work for everyone whether you have young children and are just starting the parenting journey are beginning to experience the first challenges of raising children in the 21st century or if you re facing crisis stress or the effects of divorce Hoefle inspires REAL families and shows them how to invest in the relationship focus on what is important and experience the joy of living in a healthy loving 936 Pennies Eryn Lynum, 2018-02-06 Make the Most of Your Time with Your Children On the day of their baby family dedication Eryn and her husband were given a jar of 936 pennies The jar contained a penny for every week they would raise their child until graduation and they were instructed to remove one penny each Sunday as a reminder placing it into another jar as an investment At some point every parent realizes time is moving swiftly and they ask themselves How am I investing in my child Through personal stories and biblical examples 936 Pennies will help you discover how to capture time and use it to its fullest potential replacing guilt and regrets with freedom Meanwhile your kids will see how simple choices like putting the cell phone down and going on a family hike will make all the difference Together you will stretch time and make it richer

Craft a family legacy in tune with God's heartbeat as you capture a new vision for your children and learn the best ways to spend your pennies Parenting with the Spirit Marlene R. Ellingson, 2018 With thirteen children and twenty six grandchildren and counting Marlene Ellingson has spent a lifetime figuring out how to become a better parent Perhaps not surprisingly the best answers come from a perfect parent our Father in Heaven Learn how to follow His example as you read through this book full of true to life experiences and practical daily parenting wisdom Raising Great Kids Henry Cloud, John Townsend, 2009-09-01 What does it take to raise great kids If you ve read any books on parenting conflicting opinions have probably left you feeling confused Get tough Show acceptance Lay down the rules Lighten up already There s got to be a balance and there is Joining their expertise with the wisdom of MOPS International Mothers of Preschoolers Drs Henry Cloud and John Townsend help you provide both the care and acceptance that make grace real to your child and the firmness and discipline that give direction Avoiding the twin extremes of permissiveness and over control Drs Cloud and Townsend show how you can help your child cultivate six necessary character traits attachment responsibility reality competence morality and worship spiritual life At last here is an effective middle ground for raising up children who will handle life with maturity and wisdom Raising Great Kids will help you equip your son or daughter to accept life s responsibilities grow from its challenges and freely and fully explore all that it has to offer How to be a Happier Parent KJ Dell'Antonia, 2018-08-21 An encouraging guide to helping parents find more happiness in their day to day family life from the former lead editor of the New York Times Motherlode blog In all the writing and reporting KJ Dell Antonia has done on families over the years one topic keeps coming up again and again parents crave a greater sense of happiness in their daily lives In this optimistic solution packed book KJ asks How can we change our family life so that it is full of the joy we d always hoped for Drawing from the latest research and interviews with families KJ discovers that it s possible to do more by doing less and make our family life a refuge and pleasure rather than another stress point in a hectic day She focuses on nine common problem spots that cause parents the most grief explores why they are hard and offers small doable sometimes surprising steps you can take to make them better Whether it's getting everyone out the door on time in the morning or making sure chores and homework get done without another battle How to Be a Happier Parent shows that having a family isn t just about raising great kids and churning them out at destination success It s about experiencing joy real joy the kind Permission to Parent Robin Berman, MD,2014-04-29 After you look back on look forward to and live for along the way being bombarded by parenting fad after parenting fad moms and dads finally have a friendly commonsense guide to raising thriving children Today many parents have rejected the dictatorships they resented from their own childhoods But they overcorrected by turning into child pleasers Showering praise and letting kids rule the roost has actually eroded the very self esteem parents are trying to create Using her clinical experience psychiatrist Robin Berman shows parents how they can take charge while building a loving family with deep connections How children learn love and respect at home becomes the

template for how they show love and respect in life It's a huge task but Dr Berman is your ally every step of the way Every parent's struggles are reflected many of them comically but so are heartwarming triumphs Parents teachers and children themselves recount turning points at which they figured out what great parenting looked like and the magic it unlocked This engaging book a perfect mix of medical research and inspirational anecdotes just might be the key to being the parent you want to be and the parent your children need X-Plan Parenting Bert Fulks, 2019-06-11 Winner of the Gold Medal for Best Christian Family and Parenting Book of 2020 by the Illumination Book Awards The creator of the viral parenting concept the X Plan illuminates the importance of awakening your child's unique strength while also taking an introspective look at your own life story to become a better parent Last year father and former teacher Bert Fulks s simple parenting idea went viral if your teenagers find themselves in a situation where they feel uncomfortable or trapped they can text a family member an X That family member will then call giving the teen a way out while still maintaining their freedom and no questions will be asked Now in X Plan Parenting Fulks expands on the how and the why behind his plan emphasizing the importance of developing trusting relationships with our kids Drawing on biblical principles Fulks s approach illuminates how even though we want the very best for our children we sometimes parent from a place of brokenness and a desire for control rather than support and encouragement We focus on our mistakes and painful growing up moments and the things we wish we d had when we were kids instead of what s best for our own children right now This dynamic can pit kids against their parents and create rifts in the relationship Fulks advocates for an alliance between children and parents instead of an us vs them mentality Rather than spending so much time coaxing or battling our kids Fulks inspires us to work with our kids instead of against them And rather than trying to right our own past wrongs vicariously through our children he urges us to recognize where we need healing so we can provide authentic strength to support our kids unique journeys There is a tender art to disciplining our kids and X Plan Parenting serves up laughter and tears hard guestions and plenty of grace to moms and dads who want their kids to love God and lead passionate joyful lives in an unpredictable world Great Parents.
