How Christians Should Relate to Government Wayne A. Grudem, 2012-04-10 Derived from theologian Wayne Grudem's Politics According to the Bible this digital short outlines five misguided approaches Christians take to politics and a way that is both more biblical and better for society Grudem describes the five misguided approaches as follows Government should compel religion Government should exclude religion All government is evil and demonic Do evangelism not politics Do politics not evangelism In their place Grudem argues for a view that he calls significant Christian influence on government Provocative and compelling How Christians Should Relate to Government will prod the thinking of politically minded

Ellis, 2008-10 *James Alison and a Girardian Theology* John P. Edwards, 2020-05-14 Opening with a Foreword by James Alison this volume is the first in depth treatment of Alison's theological method John P Edwards shows that Alison's theological project outstrips Ren Girard's application of mimetic theory to theology He concludes that an explicitly Christian theological perspective is necessary for providing a fully coherent account of Girard's notions of conversion and mimetic desire This volume grounds Alison's theological method in his understanding of the ongoing interaction between conversion and theological reflection which is informed by his use of mimetic theory While Alison describes this method as theology in the order of the discovery the author refers to it as an inductive theology The volume closes by demonstrating that such a theology bears fruit in a renewed understanding of the value of Christian doctrines and particularly the doctrine of revelation **Words** Ernst van den Hemel, Asja

Szafraniec, 2016-06-15 It is said that words are like people One can encounter them daily yet never come to know their true selves This volume examines what words are how they exist in religious phenomena Going beyond the common idea that language merely describes states of mind beliefs and intentions the book looks at words in their performative and material specificity The contributions in the volume develop the insight that our implicit assumptions about what language does guide the way we understand and experience religious phenomena They also explore the possibility that insights about the particular status of religious utterances may in turn influence the way we think about words in our language **Family**

Finding Hope in This World of Turmoil Trevor Bartley,2016-09-24 The resurrection message is the most important part of our belief system Without the truth of the resurrection message our faith is just another religion with no real substance The Resurrection sets Christianity apart This book is dedicated to establishing this truth The extent of the work of Christs resurrection is staggering However if there is one topic that is the central message of the Bible it is the sacrifice of Christ The Old Testament looks forward to it whereas the New Testament looks back at it We must be extremely careful not to allow these two ordinances to become routine in our Christian life communion and baptism and thereby reduce the significance of what Jesus did for us at his sacrifice and resurrection The greatest gift that anyone can be given is eternal life and the one that made that possible is Jesus In Christ we have victory provided we see ourselves dead to sin and raised together with him Even so consider yourselves also dead to sin and your relation to it broken but alive to God living in unbroken fellowship with Him in Christ Jesus Romans 6 11 AMP I have been crucified with Christ in Him I have shared His crucifixion it is no longer I who live but Christ the Messiah lives in me and the life I now live in the body I live by faith in by adherence to and reliance on and complete trust in the Son of God Who loved me and gave Himself up for me Therefore I do not treat Gods gracious gift as something of minor importance and defeat its very purpose I do not set aside and invalidate and frustrate and nullify the grace unmerited favor of God For if justification righteousness acquittal from guilt comes through observing the ritual of the Law then Christ the Messiah died groundlessly and to no purpose and in vain His death was then wholly superfluous Galatians 2 2021 AMP We need to remember that the story doesnt end with Jesuss death He is currently in heaven in his resurrected body and one day he will return The resurrection of Jesus was an act of the supreme love of God Remember our identification is in who we are in Christ and his resurrection The Bible tells us in John 14 12 that the things Christ has done we can do and greater than these we will do because he goes to the Father The resurrection demonstrated Jesuss victory over the power of death and confirms there is life beyond the grave Jesus Christ offers us a resurrection power beyond ourselves that can make us alive it empowers us to overcome the limitations of this realm with an infused ability as we focus on the Spirit of power working within us I hope you receive much insight and revelation as you discover the wholeness of what Jesus achieved for you and me

Bartlett, Barbara Brown Taylor, 2009-04-27 With this new lectionary commentary series Westminster John Knox offers the most extensive resource for preaching on the market today. When complete, the twelve volumes of the series will cover all the Sundays in the three-year lectionary cycle along with movable occasions such as Christmas Day, Epiphany, Holy Week, and All Saints Day. For each lectionary text, preachers will find four brief essays, one each on the theological, pastoral, exegetical, and homiletical challenges of the text. This gives preachers sixteen different approaches to the proclamation of the Word on any given occasion. The editors and contributors to this series are world-class scholars, pastors, and writers representing a variety of denominations and traditions. And while the twelve volumes of the series will follow the pattern of the Revised Common Lectionary, each volume will contain an index of biblical passages so that nonlectionary preachers as well as teachers and students may make use of its contents. *Can You Relate?* Vicki Courtney, 2016-02-15 How many relationships do you have to navigate each day? The Fourfold Office of Christ John C. Nugent, 2024-01-02 How should the church relate to the world For over seven decades the classic categories of Christ and Culture have monopolized Christian answers to this question Nearly everyone bought into H Richard Niebuhr s lofty world transforming vision And now that everyone s trying to make the world better we keep clashing about how to do so We all want God s will to be done on earth as in heaven but deep disagreements about how to get there keep fracturing Christ s body and subverting our testimony Jesus was right our witness to the world depends on our unity and our love for one another In recent years we ve been failing at both Political partisanship and constant infighting have wounded the vulnerable and driven countless people from the pews It s time to revisit church world relations with fresh eyes and a stubborn commitment to God s revelation in Scripture Offering a new typology for the twenty first century The Fourfold Office of Christ lucidly examines the most common ways of relating church and world John C Nugent employs the memorable categories of prophet priest king and servant to showcase the strengths and weaknesses of various approaches He then charts a rigorously scriptural and surprisingly hopeful path forward

Worldview Theory, Whiteness, and the Future of Evangelical Faith Jacob Alan Cook, 2021-09-28 The twenty first century has seen energy passing between religious and political worldviews kicking up dust around the identity and conviction based fault lines in American society While many evangelical Christians have developed and deployed a worldview theory to describe and locate themselves within

the world's ideological strife Jacob Cook argues this approach has in effect compelled those listening to adopt the world's divisive modes of dealing with difference rather than living out a compelling alternative As a popular framework for theology in recent history world viewing has driven its white evangelical adherents to narrate human lives in this world including their own in ways that warp Christian identity as a personal social and theological reality Through close studies of key white evangelical leaders who utilized the worldview concept for political engagement and cultural transformation over the last century Cook reveals why worldview theory is inept for grasping real human complexity and moreover how it forms a barrier to genuine life together as creatures in a world only the living God can really view In between these studies he draws from current conversations in psychology sociology critical race studies and other fields to deliver a vigorous critique of the worldview concept and its use as well as its underlying impulse and to unmask what world viewing shares with the history and spirit of whiteness This book is for those wrestling with the relationship between Christianity and whiteness in America how the dynamics of whiteness have become transparent and thus contentions and where to go from here if one is to follow Jesus
