

"If there is one guiding principle in this book,
I think it had better be freedom. Not 'freedom' freedom. The good freedom where
about this thing is not about the 'freedom' of the individual, but about the freedom
of the mind to think for itself."

Bearing False Witness? Douglas E. Cowan, 2003-05-30 From Hare Krishna to the Latter Day Saints and from Jehovah's Witnesses to the New Age religious pluralism in North America presents evangelical Protestantism with significant challenges Declaring newer religious groups cults aberrant sects and heretical religions the Christian countercult movement has warned that these groups represent a threat to society In *Bearing False Witness* R. Cowan considers the Christian countercult as a whole locating it in sociological perspective as an entity distinct from the secular anti cult Through his analysis the author argues that the primary purpose of the countercult movement is to reinforce and repair the Christian worldview when it appears threatened by the advent of alternative religious traditions This unique analysis of the Christian countercult helps explain why conservative Christian responses to competing religious movements have taken the form that they have in addition to how those responses are carried out Unlike the anti cult movement which is concerned with removing individuals from cults and returning them to their families the Christian countercult movement according to the author attempts not only to remove cultists from the negative influences of the cults to which they belong but also to insure that they will join the particular version of Christianity adhered to by the countercultists themselves Beginning with the countercult's early history the author provides an historical account of the movement and its present activities Since the rise of new religious movements the growing interest in religions imported from outside North America and the broadening of the religious marketplace continues to grow understanding the Christian countercult and its presence as a countervailing pressure to these increasingly socioreligious dynamics becomes ever more important Terror, Love and Brainwashing Alexandra Stein, 2016-11-03 Written by a cult survivor and renowned expert on cults and totalitarianism

Terror Love and Brainwashing draws on the author's 25 years of study and research to explain how almost anyone given the right set of circumstances can be radically manipulated to engage in otherwise incomprehensible and often dangerous acts. Illustrated with compelling stories from a range of cults and totalitarian systems from religious to political to commercial, the book defines and analyses the common and identifiable traits that underlie almost all these groups. It focuses on how charismatic authoritarian leaders control their followers' attachment relationships via manipulative social structures and ideologies so that emotionally and cognitively isolated they become unable to act in their own survival interests. Using the evolutionary theory of attachment to demonstrate the psychological impact of these environments and incorporating the latest neuroscientific findings, Stein illustrates how the combined dynamic of terror and love works to break down people's ability to think and behave rationally. From small local cults to global players like ISIS and North Korea, the impact of these movements is widespread and growing. This important book offers clarity and a unique perspective on the dynamics of these systems of control and concludes with guidance to foster greater awareness and prevention. It will be essential reading for mental health professionals in the field as well as policy makers, legal professionals, cult survivors and their families, as well as anyone with an interest in these disturbing groups. Students of social and developmental psychology will also find it fascinating.

In the House of Friends Kenneth J. Garrett, 2020-07-10. There is a place that promises acceptance, spiritual growth and friendship but instead delivers criticism, abuse and exploitation. A place that declares marriages will be strengthened, treasured and protected but instead weakens, diminishes and marginalizes them. A place that claims to obey the word of God but in practice weaponizes the word against those who disagree or doubt. A place where the good news of a tenderhearted, loving Savior is blurred by leaders who are controlling, traumatizing and self-serving. A place that calls loudly to the storm-tossed at sea only to lure them to the rocks where they flounder and fall apart. A place that appeared to be a house of friendship but was a place of betrayal. That place might be a Christian church. It might be a cult. It is probably both. *In the House of Friends: Understanding and Healing from Spiritual Abuse in the Christian Church* is written for survivors of abusive churches, their families and friends, and all who want to understand spiritual abuse and help the abused. Dr. Garrett is a long-term pastor of a diverse urban congregation and combines personal experience, sound academic research and pastoral theology to address a poorly understood, rarely admitted problem: today's spiritual abuse in Christian churches.
