Revelation in Its Original Meaning Lawrence R. Michaels, 2000-11-01 **Revelations of the End** Dr. Robert "Andy" Gowins, 2025-02-05

Revelations of the End A Fresh Look at an Ancient Eschatology is not a traditional chapter and verse breakdown of the major themes of the New Testament book of Revelation It is however an eschatological commentary that utilizes the framework of the book of Revelation to revisit the traditional and orthodox end time teachings of the church for most of its history The book attempts to address the eschatological expectations of the early first century church for whom this apocalyptic and prophetic letter was originally written It seeks to explain the Old Testament eschatological expectations through the structure of New Testament eschatological revelations as expressed through the letter of Revelation This eschatological commentary is an attempt to revisit the biblical historical and orthodox teachings of the church concerning matters of the last days

The Book of Revelation Leonard L. Thompson, 1997-02-13 About seventy years after the death of Jesus John of Patmos sent visionary messages to Christians in seven cities of western Asia Minor These messages would eventually become part of the New Testament canon as The Book of Revelation What was John s message What was its literary form Did he write to a persecuted minority or to Christians enjoying the social and material benefits of the Roman Empire In search of answers to these penetrating questions Thompson critically examines the language literature history and social setting of the Book of the Apocalypse Following a discussion of the importance of the genre apocalypse he closely analyzes the form and structure of the Revelation its narrative and metaphoric unity the world created through John s visions and the social conditions of the empire in which John wrote He offers an unprecedented interpretation of the role of boundaries in Revelation a reassessment of the reign of the Emperor Domitian and a view of tribulation that integrates the literary vision of Revelation with the reality of the lives of ordinary people in a Roman province Throughout his study Thompson argues that the language of Revelation joins the ordinary to the extra ordinary earth to heaven and local conditions to supra human processes
