Reshaping Entrepreneurship Education With Strategy and Innovation Ayandibu, Ayansola Olatunji, 2020-10-02
New small business owners are constantly pressured to play a major role in the economic growth of their respected nation. However, revitalizing how individuals think, research, teach, and implement performance strategies to improve the operations of these small businesses is critical to entrepreneurial success. *Reshaping Entrepreneurship Education With Strategy and Innovation* is an essential reference source that discusses strategies to overcome performance barriers as well as implementation of effective entrepreneurial processes based on a wide range of global issues. Featuring research on topics such as authentic leadership, business ethics, and social entrepreneurship, this book is ideally designed for entrepreneurs, business professionals, scholars, researchers, students, and practitioners seeking coverage on innovative performance operations of small businesses.

Business Law & the Legal Environment Ronald Aberdeen Anderson, Ivan Fox, David P. Twomey, 1996. Long recognized as a preeminent text in the field, this best-selling book continues to lead with innovative pedagogy, extensive first-hand research, an excellent selection of cases, and current, concise, accurate writing.

Mediation and Commercial Contract Law Maryam Salehijam, 2020-12-10. There is an urgent need to better understand the legal issues pertaining to alternative dispute resolution (ADR), particularly in relation to mediation clauses. Despite the promotion of mediation by dispute resolution providers, policy makers, and judges, use of mediation remains low. In particular, problems arise when parties lack certainty regarding the legal effect of a mediation clause and the potential uncertainty regarding the binding nature of agreements to pursue mediation is problematic and threatens the growth of ADR. This book closely examines the importance and complexity of mediation clauses in commercial contracts to remedy this persistent uncertainty. Using comparative law methods and detailed empirical research, it explores the creation of a comprehensive framework for the mediation clause. Providing valuable insight into the process of ADR and mediation, this book will be of interest to academics, law makers, law students, in-house counsel, lawyers, as well as parties interested in drafting enforceable mediation clauses.
