None Like Us Stephen Best, 2019-01-10 It passes for an unassailable truth that the slave past provides an explanatory prism for understanding the black political present In *None Like Us* Stephen Best reappraises what he calls melancholy historicism a kind of crime scene investigation in which the forensic imagination is directed toward the recovery of a we at the point of our violent origin Best argues that there is and can be no we following from such a time and place that black identity is constituted in and through negation taking inspiration from David Walker's prayer that none like us may ever live again until time shall be no more Best draws out the connections between a sense of impossible black sociality and strains of negativity that have operated under the sign of queer In *None Like Us* the art of El Anatsui and Mark Bradford the literature of Toni Morrison and Gwendolyn Brooks even rumors in the archive evidence an apocalyptic aesthetics or self eclipse which opens the circuits between past and present and thus charts a queer future for black study

Koretsky, 2021-03-01 *Death Rights* presents an antiracist critique of British romanticism by deconstructing one of its organizing tropes the suicidal creative genius Putting texts by Olaudah Equiano Mary Shelley John Keats and others into critical conversation with African American literature black studies and feminist theory Deanna P. Koretsky argues that romanticism is part and parcel of the legal and philosophical discourses underwriting liberal modernity's antiblack foundations Read in this context the trope of romantic suicide serves a distinct political function indexing the limits of liberal subjectivity and reinscribing the rights and freedoms promised by liberalism as the exclusive province of white men The first book length study of suicide in British romanticism *Death Rights* also points to the enduring legacy of romantic ideals in the academy and contemporary culture more broadly Koretsky challenges scholars working in historically Eurocentric fields to rethink their identification with epistemes rooted in antiblackness And through discussions of recent cultural touchstones such as Kurt Cobain's resurgence in hip hop and Victor LaValle's comic book sequel to *Frankenstein* Koretsky provides all readers with a trenchant analysis of how eighteenth century ideas about suicide continue to routinize antiblackness in the modern world This book is freely available in an open access edition thanks to the National Endowment for the Humanities Fellowships Open Book Program a limited competition designed to make outstanding humanities books available to a wide audience Learn more at the Fellowships Open Book Program website at <https://www.neh.gov/grants/odh/FOBP> and access the book online at the SUNY Open Access Repository at <http://hdl.handle.net/20.500.12648/1712> *The Oxford Handbook of Contemporary British and Irish Poetry* Peter Robinson, 2013-09-26 *The Oxford Handbook of Contemporary British and Irish Poetry* offers thirty eight chapters of ground breaking research that form a collaborative guide to the many groupings and movements the locations and styles as well as concerns aesthetic political cultural and ethical that have helped shape contemporary poetry in Britain and Ireland The book's introduction offers an anthropological participant observer approach to its variously conflicted subjects while exploring the limits and openness of the contemporary as a shifting and never wholly knowable category The five ensuing sections explore a history of the period's poetic movements its engagement with form technique and the other arts its association with particular locations and places its connection with and difference from poetry in other parts of the world and its circling around such ethical issues as whether poetry can perform actions in the world can atone redress or repair and how its significance is inseparable from acts of evaluation in both poets and readers Though the book is not structured to feature chapters on authors thought to be canonical on the principle that contemporary writers are by definition not yet canonical the volume contains commentary on many prominent poets as well as finding

space for its contributors enthusiasms for numerous less familiar figures It has been organized to be read from cover to cover as an ever deepening exploration of a complex field to be read in one or more of its five thematically structured sections or indeed to be read by picking out single chapters or discussions of poets that particularly interest its individual readers

Godless Shakespeare Eric S. Mallin,2007-02-15 Godless Shakespeare is the first book to discuss Shakespeare's plays from an atheist perspective Although it is clear that Shakespeare engaged with and deployed much of his culture's broadly religious interests his language is shot through with biblical quotations priestly sermonizing and Christian imagery Mallin argues that there is a profound absence of or hostility to God in his plays Following Dante's three part structure for The Divine Comedy Hell represents expressions of religious faith in Shakespeare's plays Purgatory sets out more sceptical positions and Heaven shows articulations of godlessness Mallin traces a spiritual ascent from the unthinkingly devout to the atheistically spiritual This polemical vigorous account focuses on the moral and spiritual dilemmas of major characters developing the often subtle transitions between belief scepticism and atheism Finally Godless Shakespeare argues for the liberating potential of unbelief

Lyric and Liberalism in the Age of American Empire Hugh Foley,2022-08-15 What is the difference between the I of a poem the lyric subject and the liberal subject of rights Lyric and Liberalism in the Age of American Empire uses this question to re-examine the work of five major American poets changing our understanding of their writing and the field of post war American poetry Through extended readings of the work of Elizabeth Bishop Robert Lowell Amiri Baraka John Ashbery and Jorie Graham Hugh Foley shows how poets have imagined liberalism as a problem for poetry Foley's book offers a new approach to ongoing debates about the nature of lyric by demonstrating the entanglement of ideas about the lyric poem with the development of twentieth century liberal discussions of individuality Arguing that the nature of American empire in this period underpinned by the discourse of individual rights forced poets to reckon with this entanglement it demonstrates how this reckoning helped to shape poetry in the post war period By tracing the ways a lyric poem performs personhood and the ways that this person can be distinguished from the individual envisioned by post war
