LOOK BACK ON MURDER

DORIS MILES
DISNEY

The background of the cover is a painting. In the foreground, a woman with dark, curly hair is seen from behind, wearing a light-colored, long-sleeved top. She is looking out over a body of water, with her hands raised near her head. In the distance, across the water, there is a small house with a red roof and some trees. The sky is a mix of blue and green, suggesting a twilight or dawn setting. The overall mood is mysterious and suspenseful.

You Sarah Haley Head, 2003-10 Horror descends on the small town of Ashley Springs Arkansas when the slaughter of some of its most respected business men begins Amy Bordeaux owner of an antique shop discovers the body of the second victim She has a precognitive flash of another murder not yet committed Amy is unable to convince Sheriff Frank Morgan of the validity of her vision Another man is murdered exactly as she saw it Frank who knew all three victims as young men believes that past events in their lives have come back to haunt them He secretly thinks that Amy's precognition is real and is afraid she will identify the killer before he can make an arrest Frank decides to confront the person he believes to be guilty Later his deputies report him missing Amy desperate to stop both the visions and the killings has begun her own investigation She is unaware that the killer is watching her every move When she stumbles upon the sheriff's body in a most unexpected place Amy is forced to accept the unacceptable when the killer stands before her She literally runs for her life *The People's Wars* Mark Hewitson, 2017-01-26 How did ministers journalists academics artists and subjects in the German lands imagine war during the nineteenth century The Napoleonic Wars had been the bloodiest in Europe's history directly affecting millions of Germans yet their long term consequences on individuals and on politics are still poorly understood This study makes sense of contemporaries' memories and histories of the Revolutionary and Napoleonic campaigns within a much wider context of press reportage of wars elsewhere in Europe and overseas debates about military service and the reform of Germany's armies revolution and counter revolution and individuals' experiences of violence and death in their everyday lives For the majority of the populations of the German states wars during an era of conscription were not merely a matter of history and memory rather they concerned subjects' hopes fears and expectations of the future This is the second volume of Mark Hewitson's study of the violence of war in the German lands during the nineteenth and twentieth centuries It investigates the complex relationship between military conflicts and the violent acts of individual soldiers In particular it considers the contradictory impact of pacification in civilian life and exposure to increasingly destructive technologies of killing during war time This contradiction reached its nineteenth century apogee during the wars of unification leaving an ambiguous imprint on post war discussions of military conflict Looking Back Joan E. Williams, 2015-11-05 At a time when there is the great

debate in the USA about which countries interfere in other s democratic elections and a time of great turmoil in Venezuela this is a most relevant and timely publication For the current events in Venezuela including the shortage of basic food state sponsored terrorism civil unrest hyper inflation etc mirror conditions during the cold war era in the small nation state of Jamaica when they too experimented with socialism It was during that period too that the Russian KGB American CIA and Cuban DGI were all active on the ground trying to influence the outcome of their elections At that time the author Joan Williams and her entire family faced grave danger which forced her to have to temporarily send her children away as she was determined that the socialist communist threat which not only brought in its wake many mass murders numerous state organized massacres and even treason by a member of the then government which was at the time under the tutelage of foreign communist agencies should not succeed in depriving her and her people of their freedoms Williams who has visited Cuba four times since then the last being in 2014 says she has no regrets about the activities she participated in and dangers she faced but remains sympathetic to the Cuban people who she reveals are deprived browbeaten and hopeless much as the Venezuelan people are becoming today While the first part of this powerful memoir deals with the struggle to preserve their freedoms in Jamaica Williams also shares with readers the devastating period she went through when she lost her only son He was murdered when he was only 24 years old He died when a vicious killer fired one bullet into his heart Although this happened over two decades ago in her book Looking Back she admits that it took her many years before she could even talk about the event without breaking down totally In the chapter entitled To Hell and Back where she bares it all she says in part the worst part was the sleepless nights though especially when I teetered on the verge of suicide There was also the inability to eat for weeks on end as not only had my sense of taste gone but it was as if no stomach existed at all That is when I went through every event of my life trying to understand why such a terrible thing had happened to me for I did think I was a good person and terrible tragedies should never happen to good people This gripping narrative by Williams takes readers through a roller coaster of various emotions including those which she had to confront when she looked back a few years ago and realized that all the evidence pointed to the possibility that her son was murdered not by a criminal but by someone in the Jamaican police force in her country where the police are sworn to To serve and protect She has provided a mountain of evidence to substantiate her claims This strong lady has however been able to recover from all her tragedies and struggles and risen like a phoenix to say years later that she is now one of the happiest persons in the world Certainly not because her son was murdered for she quotes the late Rose Kennedy It has been said that time heals all wounds I don t agree The wounds remain Time the mind protecting its sanity covers them with some scar tissue and the pain lessens but it is never gone but because I have come to realize that your success and happiness lies in you Resolve to keep happy and your joy and you shall form an invincible host against difficulties This is definitely a powerful and timely book not only for women but also persons interested in history politics sociology and personal triumphs **Looking Backward, Moving Forward** Richard G.
