and Edwards in November 1991 led to a major shift in our national politics as well as the rise of the radical right and white supremacist groups and how history repeated itself in the 2016 presidential election The story of these political wizards almost forgotten by history remains eerily prescient and disturbingly relevant and a compulsive page turner **Backrooms and Bayous: My Life in Louisiana Politics** Robert Mann,2021-08 This autobiography by the communications director of Gov Kathleen Blanco during Hurricane Katrina covers the political drama and intrigue he witnessed and learned from as a political columnist and congressional aide since the late 1970s He reported on and or worked for Louisiana s top political leaders of the last forty years Edwin Edwards Russell Long John Breaux J Bennett Johnston and Mary Landrieu He is a professor and Manship Chair in Journalism at Louisiana State University **Courtroom Carnival** S. Michael Martinez,2017-11-14 The long dark history of political violence in the United States Violence has been employed to achieve political objectives throughout history Taking the life of a perceived enemy is as old as mankind

Antiquity is filled with examples of political murders such as when Julius Caesar was felled by assassins in 44 BCE. While assassinations and assassination attempts are not unique to the American way of life, denizens of other nations sometimes look upon the US as populated by reckless cowboys owing to a Wild West attitude about violence, especially episodes involving guns. In this book J. Michael Martinez focuses on assassinations and attempts in the American republic. Nine American presidents: Andrew Jackson, Abraham Lincoln, James A. Garfield, William McKinley, Harry S. Truman, John F. Kennedy, Richard Nixon, Gerald Ford, and Ronald Reagan have been the targets of assassins. President-elect Franklin D. Roosevelt was also a target shortly before he was sworn into office in 1933. Moreover, three presidential candidates: Theodore Roosevelt, Robert F. Kennedy, and George Wallace were shot by assailants. In addition to presidents and candidates for the presidency, eight governors, seven US senators, nine US House members, eleven mayors, seventeen state legislators, and eleven judges have been victims of political violence. Not all political assassinations involve elected officials. Some of those targeted, such as Joseph Smith, Malcolm X, and Martin Luther King Jr., were public figures who influenced political issues. But their cases are instructive because of their connection to and influence on the political process. No other nation with a population of over 50 million people has witnessed as many political assassinations or attempts. These violent episodes trigger a series of important questions: First, why has the United States, a country constructed on a bedrock of the rule of law and firmly committed to due process, been so susceptible to political violence? Martinez addresses these questions as he examines twenty-five instances of violence against elected officials and public figures in American history.

U.S. News & World Report, 2005 Stories of the South K. Stephen Prince, 2014-04-28

In the immediate aftermath of the Civil War, the character of the South and even its persistence as a distinct region was an open question. During Reconstruction, the North assumed significant power to redefine the South, imagining a region rebuilt and modeled on northern society. The white South actively resisted these efforts, battling the legal strictures of Reconstruction on the ground. Meanwhile, white southern storytellers worked to recast the South's image, romanticizing the Lost Cause and heralding the birth of a New South. In Stories of the South, K. Stephen Prince argues that this cultural production was as important as political competition and economic striving in turning the South and the nation away from the egalitarian promises of Reconstruction and toward Jim Crow. Examining novels, minstrel songs, travel brochures, illustrations, oratory, and other cultural artifacts produced in the half-century following the Civil War, Prince demonstrates the centrality of popular culture to the reconstruction of southern identity, shedding new light on the complicity of the North in the retreat from the possibility of racial democracy.

The Times-picayune Index, 2001 The Proceedings of the Louisiana Academy of Sciences Louisiana Academy of Sciences, 1963 **The Cajuns** Shane K. Bernard, 2009-09-28

The past sixty years have shaped and reshaped the group of French-speaking Louisiana people known as the Cajuns. During this period, they have become much like other Americans and yet have remained strikingly distinct. The Cajuns: Americanization of a People explores these six decades and analyzes the forces that had an impact on Louisiana's

Acadiana In the 1940s when America entered World War II so too did the isolated Cajuns Cajun soldiers fought alongside troops from Brooklyn and Berkeley and absorbed aspects of new cultures In the 1950s as rock n roll and television crackled across Louisiana airwaves Cajun music makers responded with their own distinct versions In the 1960s empowerment and liberation movements turned the South upside down During the 1980s as things Cajun became an absorbing national fad Cajun became a kind of brand identity used for selling everything from swamp tours to boxed rice dinners At the dawn of the twenty first century the advent of a new information age launched Cyber Cajuns onto a worldwide web All these forces have pushed and pulled at the fabric of Cajun life but have not destroyed it A Cajun himself the author of this book has an intense personal fascination in his people By linking seemingly local events in the Cajuns once isolated south Louisiana homeland to national and even global events Bernard demonstrates that by the middle of the twentieth century the Cajuns for the first time in their ethnic story were engulfed in the currents of mainstream American life and yet continued to make outstandingly distinct contributions *Books in Print* ,1991 **The New Republic** Herbert David Croly,1962
