The Search for Selfhood in Modern Literature M. Roston, 2001-09-05 The scientific achievements of the modern world failed to impress the leading writers of this century leaving them instead profoundly disturbed by a sense of lost values and of the insignificance of the individual in a universe seemingly indifferent to human concerns In *The Search for Selfhood in Modern Literature* Roston explores the strategies adopted by such mid century authors as Greene Salinger Osborne Baldwin and others in their attempt to cope with the spiritual vacuity strategies including the emergence of the anti hero and of literary existentialism and offer in the course of the investigation fascinatingly new insights into their work

The World of Hildegard of Bingen Heinrich Schipperges, 1998 German scholar Heinrich Schipperges outlines the life of the 12th century abbess Hildegard of Bingen considering her mind and thought from the basis of her understanding of wholeness He sees her in the context of the political and ecclesiastical events of her time and expounds on her relevance for modern people today

Love's Touch Anit Arca, 2022-04-10 Is the world an illusion Is our Universe a hologram This is a magical world All there Is is you you are the magnificent reflection of All That Is in the world of Existence and three dimensions Let us wake up from this illusion We have to realize we will leave this body one day we have to realize all of our possessions will be left behind as we depart for our next new adventure This is not a book of divine informative revelation These words do not come from heaven These writings knowledge arose in the Heart through Universal Intuition and were written from Oneself to oneself without the interference of the author's personal thoughts ego What you call I is your identity Bonding yourself with your identity creates the I am ego personality This identity of yours is not actually you it is an illusory state of what you are not In Reality you are not your ego identity The external world and its social parameters play a big role in forming this ego identity You do not own anything no name no form or any image that you can call I You have not constructed or created these You do not own anything you think you can control or possess When you identify yourself with these things the things that you are not or do not own you are

creating a self imposed prison for yourself and living inside of it In other words you create your ego personality In this case we have to ask the following question who am I Really Are you really all that you claim to own names forms and images Are you only made up of body and mind When you identify with these beliefs and those of the collective world consciousness you get lost and break away from your true Reality When you claim ownership of these names forms and images you create your ego personality Whenever you say I am this or that you are identifying with that thing which you now claim as your own and you unify yourself with that thing If you do not identify with anything if you do not claim ownership of anything the I ceases to exist Removing the I dissolving it is the ultimate freedom we seek The walls of the self imposed prison of ego personality you possessively created will fall away Here in this liberated state of being the necessity for choice or decision falls away too You act just as is needed in each moment of life as it arises in the Now Thoughts of should I have done this or that will disappear The mind is like software running on a computer The virus that corrupts the software is the ego It is this ego personality that creates erroneous beliefs and then claims ownership of them Only when this virus is removed by an antivirus program Mind reveals itself in its full capacity With this cleaning up process human minds become increasingly liberated and expansively intelligent In this Book knowledge of advanced life is being released into the public publishing domain for the first time This life can be described with concepts of Absolute Human Birth of Absolute Humanity Experiencing Non Existence and Beyond Non Existence We believe through our life experience that the only way to change our individual and collective point of view is to know NON EXISTENCE The will behind the writing and publishing of this knowledge in the Book arose in servitude

Secrets Of The People Whisperer Perry Wood,2008-09-04 In 1990 Perry Wood shelved his music career to breed break in and train horses All my work with horses he says has been about exploring deeper communication learning to understand and influence another being for the mutual benefit of both parties As time went on I realised that more communication was happening below the surface than people normally noticed I started to apply these observations to the people who came to me to learn at which point it was suggested that what I was doing with the horses and people would be transformational if it was brought into corporations He was right it is What I bring to this work is not only my learning from years of horse whispering and people training but also the non judgemental spiritual essence of unconditional love that is present in everything In Secrets of the People Whisperer Perry Wood shows with unique simplicity how to listen to yourself how to listen to others and once you ve mastered these skills how to set goals and turn your life into a stunning success story

Morality Ethics is about the interface between selfish interests and actions and the common good Both the good and the bad tendencies of mindbodybrain are innate properties that have useful functions were not invented by modern society and are not going to change until the construction of brain changes The dialogue between good and bad in human affairs is constant predictable and universal When a baby is born the family and local community begin to teach the emerging being what is going on here and now They provide the local language costumes customs beliefs and the local science and technology All adult humans have a n ethical standard and a technology to teach While the local culture has an obvious impact on the

appearance and behavior of emerging adults the constant innate features of the human mind are pervasive and persistent The variance in mental abilities within a local group will often be greater than inter group variance Ethics are about standards and rules of conduct or more precisely modern ethicists attempt to decide what good and reasonable behavior is All humans make decisions and evaluate the behavior of others A scale of evaluations from right to wrong is typical of ethical judgments Each group develops norms to guide actions and judgments about behavior The presence of ethical standards requires individuals who can anticipate the consequences of actions evaluate consequences in terms of selfish and of group interests and who have the ability to choose between alternative courses of action In practice professional ethicists are employed by governments universities hospitals and other organizations they do best by examining specific situations and engaging the people involved in conversations about specific interactions When behavior and or decisions are questionable but laws have not been broken Ethics committees substitute for judges or juries and deliver advice or judgments The value of ethics decreases as issues become of more general importance or are issues of law Professional ethics can be appreciated as an abstract exercise in description and reasoning that may fail to appreciate the deep determinants of human feelings beliefs and conduct This inquiry is about human nature complete with descriptions of imbedded social regulation and morality An understanding of all these discussions is required for meaningful ethical discourse

Friendship in Islamic Ethics and World Politics Mohammad Jafar Amir Mahallati, 2019-11-20 Based on a decade of direct diplomatic engagement with the United Nations a decade of teaching on international relations and another decade of research and teaching on Islamic and comparative peace studies this book offers a friendship related academic framework that examines shared moral concepts philosophical paradigms and political experiences that can develop and expand multidisciplinary conversations between the Christian West and the Muslim East By advancing multicultural and interreligious discourses on friendship this book helps promote actual friendships among diverse cultures and peoples This is not a monologue It provides a model of conversations among scholars and political actors who come from diverse international and interreligious backgrounds The word Islamic should not mislead the reader to suspect that this edited volume delves only into religious discourses Rather it provides a forum for conversations within and between religious and philosophical perspectives It sparks friendship conversations thematically and through disciplinary and cultural diversity The result of the work of many prominent international scholars and diplomats over many years it conveys at least one message clearly friendship matters for not only our happiness but also for our survival

Dying to Self and Detachment James Kellenberger, 2016-04-29 Exploring the religious category of dying to self this book aims to resolve contemporary issues that relate to detachment Beginning with an examination of humility in its general notion and as a religious virtue that detachment presupposes Kellenberger draws on a range of ancient medieval modern and contemporary sources that address the main characteristics of detachment including the work of Meister Eckhart St Teresa and Simone Weil as well as writers as varied as Gregory of Nyssa Rabi a al Adawiyya S ren

Kierkegaard Andrew Newberg John Hick and Keiji Nishitani Kellenberger explores the key issues that arise for detachment including the place of the individual's will in detachment the relationship of detachment to desire to attachment to persons and to self love and self respect and issues of contemporary secular detachment such as inducement via chemicals This book heeds the relevance of the religious virtue of detachment for those living in the twenty first century
