Lovers Always:

The Culture of Heaven Troy Goode,2018-04-10 The Culture of Heaven explores the key traits of people who consistently experience powerful partnership with the Holy Spirit thereby invading earth with the atmosphere of heaven God's heart is for His people to be influenced daily by the culture that He inhabits benefiting from His presence in their lives Moreover He wants us to be brokers of His culture It should be so much a part of us that we begin to transform everything and everyone around us When we release the culture of heaven we place people on a direct path to the loving touch of God a touch that can heal them and change their lives forever To experience the culture of heaven ourselves we must set aside distractions so that we can get in tune with God's thoughts and ways Many of us have lost our passion and fire for the Lord as a result we experience very little of heaven's atmosphere Through prayer fasting sacrificial living and spiritual anointing we can regain a hunger for God and witness His kingdom at work in our world in remarkable ways with supernatural power **In Praise of**

Forgiveness Massimo Recalcati,2020-05-19 Relationships fall apart marriages fail couples break up it happens to us all Time corrodes passion and the routines of daily life kill the excitement that surrounds the emotion of the first encounter The difficulty of uniting sexual pleasure with love which Freud considered to be the most common neurosis in any love life has become emblematic of a truth that seems undeniable desire is destined to die if its object is not constantly renewed if we do not change partner if it is closed for too long in the restrictive chamber of the same bond And yet what happens to these bonds when one of the two partners betrays the other when the promise fails when there is another emotional experience cloaked in secrecy and deceit What happens if the traitor then begs forgiveness Are they asking to be loved again and having declared that it is not like it used to be now want everything to go back to how it was Should we make fun of lovers in their attempts to make love last Or should we try to face up to the experience of betrayal with the offence caused by the person we love most Should we not perhaps attempt to praise forgiveness in love **Be Oceanic** Osho,2005 [Valentine Love Spells](#)

Nailah Setepenre,2017-02-09 In this book I have given a number of powerful spells and incantations to successfully get your Valentine Day Love When used in conjunction with the instructions provided they will bring you all the love and happiness you deserve **Dreams of Love and Fateful Encounters** Ethel S. Person,2007-04-02 This groundbreaking study has been widely hailed for its focus on a human emotion generally considered impervious to rational analysis romantic passionate love Ethel Person views romantic love as a powerful agent of change arguing that it is as central to human culture as it is to human existence This new edition of Dreams of Love and Fateful Encounters emphasizes the relevance of passion not only to lovers but also to mental health professionals whose patients often enter treatment because of love related issues from the inability to love or make a commitment to the perils of extramarital love to love sickness or loss of love She forthrightly addresses not only the power of love to unlock the soul but also its inherent paradoxes and conflicts Employing a philosophical perspective in order to understand the existential dilemmas posed by love and a cultural perspective in order to

understand its cultural variability Dr Person breaks with contemporary intellectual and philosophical dismissive assumptions about romantic love She acknowledges love s vital importance and power proposing that passion serves an important function not only for the individual but also for the culture while charging psychoanalysis with a reductionist emphasis on sexuality and psychopathology that has narrowed the focus of inquiry into love Among the issues she discusses are romantic love s sources in our early lives its relationship to imagination and creativity and its capacity to enable the lover to transcend the self how romantic love often demands a reordering of values and promotes personal growth by exposing the self to new risks and possibilities the transformational potential of transference love in the therapy process flaws in the common misperception that women are more influenced by romantic love than men considerations of homosexual love love across generations and love triangles focusing on the individual growth that can result from such relationships Citing accounts of love drawn from literature film and real life Person focuses on the lover s internal soliloquy and external dialogue with the beloved that can develop over an individual s life An uplifting resource for people experiencing failing or unorthodox romances Dreams of Love and Fateful Encounters boldly takes on issues pertinent to lovers to professionals who encounter patients for whom key conflicts revolve around romantic love and to anyone who has struggled to understand the importance of romantic love in his or her own life

Epistolary Narratives of Love, Gender and Agonistic Politics Maria Tamboukou,2023-09-30 This book revolves around epistolary narratives of women political theorists and activists following traces of Hannah Arendt s philosophical approaches to love and agonistic politics Arendt s interlocutors are four revolutionary women in the long dur e of the nineteenth and twentieth centuries in Europe and the USA the romantic socialist D sir e V ret Gay the Marxist Rosa Luxemburg the anarchist Emma Goldman and the labour activist Rose Pesotta The book s central argument is that Arendt s philosophical thought can throw light on dangerous liaisons between love gender and agonistic politics further making connections with feminist ruminations around love as an existential force in the ephemeral constitution of the female self in modernity Drawing on extended research with physical digital and published archival collections the book responds to the challenges of the digital turn and highlights the importance of memory work as a way of
