Works of Love Robert L. Perkins, 1999 To claim that *Works of Love* is an important philosophical essay is to assume hazardous burden of proof The book's title is an allusion to the Bible's injunction that we should love our neighbor as we love ourselves a far cry far instance from Diotima's ladder of erotic desire up which we climb from the love of bodies until we catch a vision of that single sea of beauty beauty itself Plato Symposium This contrast given that some of some of our neighbors may not be particularly likable or one may even be a determined enemy suggests immediately to some that a book with such an obviously religious title must be excessively moralistic and at best full of sermon helps for the harried clergy or at worst laden with rules for the unlearned laity A casual perusal of a few paragraphs however shows these put down views of the book to be unfounded Love and Work Marcus Buckingham, 2022-04-05 A Wall Street Journal bestseller World renowned researcher and New York Times bestselling author Marcus Buckingham helps us discover where we're at our best both at work and in life You've long been told to Do what you love Sounds simple but the real challenge is how to do this in a world not set up to help you Most of us actually don't know the real truth of what we love what engages us and makes us thrive and our workplaces jobs schools even our parents are focused instead on making us conform Sadly no person or system is dedicated to discovering the crucial intersection between what you love to do and how you contribute it to others In this eye opening uplifting book Buckingham shows you how to break free from this conformity how to decode your own loves turn them into their most powerful expression and do the same for those you lead and those you love How can you use love to reveal your unique gifts How can you pinpoint what makes you stand out from anyone else How can you choose roles in which you'll excel *Love and Work* unlocks answers to these questions and others so you can Choose the right role on the team Describe yourself compellingly in job interviews Mold your existing role so that it calls upon the very best of you Position yourself as a leader in such a way that your followers quickly come to trust in you Make lasting change for your team your company your family or your students Love the most powerful of human emotions the source of all creativity collaboration insight and excellence has been systematically drained from our lives our work teams and classrooms It's time we brought love back in *Love and Work* shows you how Mary's call to her loving children; or, Devotion to the dying Mary (the virgin.), 1880 Gu Mingyuan's Educational Thought Yingjie Wang, 2025-04-01 This book systematically reviews the educational thought of Mr Gu Mingyuan one of the most prestigious educationists in contemporary China and details the
