Andrew Hamilton     The Awkward Age in Women's Popular Fiction, 1850-1900 Sarah Bilston, 2004-07-22 This book demonstrates that the awkward age formed a fault line in Victorian female experience an unusual phase in which restlessness self interest and rebellion were possible Tracing evolving treatments of female adolescence through a host of long forgotten women's fictions the book reveals that representations of the girl in popular women's literature importantly anticipated depictions of the feminist in the fin de siècle New Woman writing conservative portrayals of girls hopes dreams and subsequent frustrations helped clear a literary and cultural space for the New Woman's awakening to disaffected consciousness The book thus both historicises the evolution and mythic appeal of the female adolescent and works to receive suggestive exchanges between apparently diverse female literary traditions     *The gipsy, by the author of 'Richelieu'. by G.P.R.
