Family and Community Life in Northeastern Ontario Françoise Noël, 2009-09 How people lived played and celebrated when radio was new dance bands the rage and Quintland the place to visit The Prairie West as Promised Land R. Douglas Francis, Chris Kitzan, 2007 Millions of immigrants were attracted to the Canadian West by promotional literature from the government in the late 19th century to the First World War bringing with them visions of opportunity to create a Utopian society or a chance to take control of their own destinies Faithful Intellect Neil Semple, 2005-01-28 In 1850 Samuel Nelles a well educated Methodist minister was selected to resuscitate the debt ridden and declining Victoria University As principal and later as president and chancellor he fought against shortsighted government educational policies while making the school into one of the premier universities in Canada A true academic Nelles believed in the importance of testing assumed laws dogmas and creeds However his pursuit of intellectual inquiry was always guided by a rational faith in God as well as the expectation of the future greatness and goodness of humanity Faithful Intellect expands the reader s understanding of many of the key intellectual religious and political concerns of nineteenth century English Canada while providing an essential contribution to the study of Canada s system of higher education *Missionary Oblate Sisters* Rosa Bruno-Jofré, 2005-11-29 In an important feminist study Rosa Bruno Jofr offers a sensitive and nuanced picture of how a women s organization the Missionary Oblate Sisters a bilingual teaching congregation in Manitoba dealt with both the larger patriarchal structures and the *Anglicans and the Atlantic World* Richard William Vaudry, 2003 All too often the religious and cultural experiences of British North Americans have been analysed without reference to the world of the Atlantic empire Anglicans and the Atlantic World seeks to redress this by demonstrating that transatlantic connections continued to shape the history of the Anglican church in Quebec throughout the nineteenth century To achieve this Richard Vaudry traces the migration of both English and Irish Protestants and examines the careers of various prominent Quebec Anglicans including Jacob Eliza and George Mountain Jasper Hume Nicolls Henry Roe Jonathan and Edmund Willoughby Sewell and finally Jeffrey Hale families with impeccable imperial credentials By stressing the importance of an imperial transatlantic culture Vaudry offers a fresh and innovative look at the history of the Anglican church in eighteenth and nineteenth century Quebec **History of Canadian Catholics** Terence J. Fay, 2002-05-09 In A History of Canadian Catholics Terence Fay relates the long story of the Catholic Church and its followers beginning with how the church and its adherents came to Canada how the church established itself and how Catholic spirituality played a part in shaping Canadian society He also describes how recent social forces have influenced the church Using an abundance of sources Fay discusses Gallicanism French spirituality Romanism Roman spirituality and Canadianism the indigenisation of Catholic spirituality in the Canadian lifestyle Fay begins with a detailed look at the struggle of French Catholics to settle a new land including their encounters with the Amerindians He analyses the conflict caused by the arrival of the Scottish and Irish Catholics which threatened

Gallican church control Under Bishops Bourget and Lynch the church promoted a romantic vision of Catholic unity in Canada By the end of the century however German Ukrainian Polish and Hungarian immigrants had begun to challenge the French and Irish dominance of Catholic life and provide the foundation of a multicultural church With the creation of the Canadian Catholic Conference in the postwar period these disparate groups were finally drawn into a more unified Canadian church A History of Canadian Catholics is especially timely for students of religion and history and will also be of interest to the general reader who would like an understanding the development of Catholic roots in Canadian soil Forkhill Protestants and Forkhill Catholics, 1787-1858 Kyla Madden, 2005-11-22 In the late eighteenth century an influx of Protestant settlers to the mainly Catholic parish of Forkhill on the Ulster borderlands provoked clashes between natives and newcomers None was more horrific than the brutal attack on a Protestant schoolmaster and his family in the winter of 1791 The conflict was immediately cast in sectarian terms leading to more than 200 years of ill will But was it a misdiagnosis Forkhill Protestants and Forkhill Catholics explores the social history of the parish between 1787 and 1858 In a wide ranging analysis Kyla Madden demonstrates that there was a greater degree of cooperation and exchange between Catholics and Protestants than the historical record has acknowledged Madden contends that since some of our widely held assumptions about the patterns of Irish history dissolve under scrutiny at the local level they should be more cautiously applied on a larger scale **With Skilful Hand** David T. Barnard, 2004-08-25 In this imaginative reinterpretation of the story of King David one of the most complex characters of ancient Scripture is brought to life While remaining faithful to biblical and scholarly resources Barnard brings alive the conflicted personal and cultural matrix of David s life and reign in a compelling manner Catherine Harland Queen s University **Canadian Pentecostalism** Michael Wilkinson, 2009 One of the most significant transformations in twentieth century Christianity is the emergence and development of Pentecostalism The fastest growing form of Christianity with over five hundred million followers worldwide this widely diverse movement has influenced many sectors of Christianity flourishing in Africa Latin America and Asia and also affecting Canada Bringing together a previously scattered and somewhat hidden literature Canadian Pentecostalism provides the first comprehensive overview of the subject The collection is broad in focus examining classical Pentecostalism charismatic movements in the Roman Catholic and mainline Protestant traditions and neo Pentecostalism Contributing authors examine historical debates about the origins of the movement the response of Pentecostalism to institutionalization and globalization and the roles of women aboriginals and immigrants within the Canadian movement A multi disciplinary study with contributions from scholars in history sociology cultural studies theology and religious studies Canadian Pentecostalism provides an important window into the Pentecostal Charismatic movement and fills a gap in our general understanding of religion in Canada Contributors include Peter Althouse Southeastern University Peter Beyer University of Ottawa Robert K Burkinshaw Trinity Western University Michael Di Giacomo Valley Forge Christian College Bruce L Guenther Trinity Western University Randall Holm Providence College

Canadians were captivated by the urban campaigns of faith healing evangelists. Crowds squeezed into local arenas to witness the afflicted slain in the spirit, casting away braces and crutches. Professional faith healers, although denounced by critics as promoting mass hypnotism, gained notoriety and followers in their call for people to choose the Lord for the Body. In his innovative work, James Opp explores the cultural practice of Protestant faith healing in Canada from its Victorian roots as an informal network of women sharing testimonies to its culmination in the organized professional campaigns of the twentieth century. Framing the phenomenon of divine healing as a history of the body, Opp provides a unique window onto the intersection of religion and medicine. From newspaper accounts to criminal proceedings, *The Lord for the Body* traces the reactions of ministers, doctors, and state authorities who denounced faith healing as dangerous to spiritual and physical health. Undaunted by such attacks, the faithful continued to seek healing through prayer, a practice that operated as a powerful devotional observance and a point of resistance to modern medicine. **W. Stanford Reid** A. Donald

MacLeod, 2004-09-30 MacLeod's in-depth analysis examines how an observant Christian academic unapologetically Calvinist openly articulated his faith in a secular environment and helped convince evangelicals to abandon their ghettoizing anti-intellectualism. His discussion of Reid's international networking serves as a reminder of the way in which Canadian evangelicalism was influenced by and in turn influenced the United States, where Reid's influence was appreciable both as a trustee of Westminster Seminary for thirty-seven years and as editor at large of the nascent *Christianity Today*. W. Stanford Reid is a poignant in-depth investigation of the life of a man whose career spanned academia and church. **A Social**

History of the Cloister Elizabeth Rapley, 2001 *A Social History of the Cloister* is a study of life in teaching convents across France through two hundred years of history, a history that provided the beginnings and inspiration for most of today's institutions for the Catholic education of girls. **Blood Ground** Elizabeth Elbourne, 2002 In *Blood Ground* Elizabeth

Elbourne looks at the relationship between the Khoekhoe, the British empire, and the London Missionary Society in the early nineteenth century, a time of intense conflict in which different groups competed to mobilize Christianity for their own political ends. She explores the social history of the early missionary movement as well as the political impact of British evangelicals, arguing that religious change in southern Africa can only be understood in the material context of ethnic conflict and bitter struggles over land and labour. In doing so, she reintegrates the history of religion into the mainstream historical narrative of South Africa, offering a view of Christianity not as a monolithic system but as a language subject to interpretation and highly politicized conflicts over meaning. Catholic Origins of Quebec's Quiet Revolution, 1931-1970 Michael

Gauvreau, 2005-11-14 *The Catholic Origins of Quebec's Quiet Revolution* challenges a version of history central to modern Quebec's understanding of itself: that the Quiet Revolution began in the 1960s as a secular vision of state and society which rapidly displaced an obsolete clericalized Catholicism. Michael Gauvreau argues that organizations such as Catholic youth movements played a central role in formulating the Catholic ideology underlying the Quiet Revolution and that ordinary

Quebecers experienced the Quiet Revolution primarily through a series of transformations in the expression of their Catholic identity. Providing a new understanding of Catholicism's place in twentieth century Quebec, Gauvreau reveals that Catholicism was not only increasingly dominated by the priorities of laypeople but was also the central force in Quebec's cultural transformation. He makes it clear that from the 1930s to the 1960s the Church espoused a particularly radical understanding of modernity especially in the areas of youth, gender, identities, marriage and family.

Christian Attitudes Towards the State of Israel Paul Charles Merkley, 2001. During the 1947 United Nations debate on the future of Palestine, world opinion was powerfully affected by news of the Holocaust and the plight of Jewish refugees, creating a momentary humanitarian advantage that helped mobilize support for the creation of the state of Israel. However, almost as soon as it became clear that the Jews had won their war for independence, anti-Zionists within Christianity reasserted themselves. A pro-Arab bloc of Western missionaries at the World Council of Churches echoed the anti-Zionism that has always characterized those churches which today constitute the Middle East Council of Churches, while the Roman Catholic Church never friendly to Zionism, advocated the internationalization of Jerusalem to diminish the Jewish presence in the heart of the Holy Land. Mainstream Protestantism championed Palestinian nationalism and still does not hesitate to portray Israel as an oppressor, but most evangelical Christians see Israel's restoration as a part of God's plan. In *Christian Attitudes towards the State of Israel*, Paul Merkley demonstrates that polarized opinion continues to affect how Israel is perceived today.

Protestant Liberty James M. Forbes, 2022-08-15. Tensions between Protestantism and Catholicism dominated politics in nineteenth century Canada, occasionally erupting into violence. While some liberal politicians and community leaders believed that equal treatment of Protestants and Catholics would defuse these ancient quarrels, other Protestant liberals perceived a battle for the soul of the nation. *Protestant Liberty* offers a new interpretation of nineteenth century liberalism by re-examining the role of religion in Canadian politics. While this era's liberal thought is often characterized as being neutral toward religion, James Forbes argues that the origins of Canadian liberalism were firmly rooted in the British tradition of Protestantism and were based on the premise of guarding against the advance of supposedly illiberal faiths, especially Catholicism. After the union of Upper Canada with predominantly French Catholic Lower Canada in 1840, this Protestant ideal of liberty came into conflict with a more neutral alternative that sought to strip liberalism of its religious associations in order to appeal to Catholic voters and allies. In a decisive break from their Protestant heritage, these liberals redefined their ideology in secular, materialist terms by emphasizing free trade and private property over faith and culture. In tracing how the Confederation generation competed to establish a unifying vision for the nation, *Protestant Liberty* reveals religion and religious differences at the centre of this story.
