New Pelican Guide to English Literature Vol 4. From Dryden to Johnson Boris Ford, 1982 The Pelican Guide to English Literature Vol 4 Boris Ford, 1966 *The Pelican Guide to English Literature* Boris Ford, 1957 **From Dryden to Johnson** Boris Ford, 1968 A Reference Guide for English Studies Michael J. Marcuse, 2023-11-15 Studying Transcultural Literary History Gunilla Lindberg-Wada, 2012-03-12

In our globalised world literature is less and less confined to national spaces Europe centred frameworks for literary studies have become insufficient academics are increasingly called upon to address matters of cultural difference In this unique volume leading scholars discuss the critical and methodical challenges that these developments pose to the writing of literary history What is the object of literary history What is the meaning of the term world literature How do we compare different cultural systems of genres How do we account theoretically for literary transculturation What are the implications of postcolonial studies for the discipline of comparative literature Ranging in focus from the Persian epic of Majnun Layla and Zulu praise poetry to South Korean novels and Brazilian antropofagismo the essays offer a concise overview of these and related questions Their aim is not to reach a consensus on these matters They show instead what is at stake in the emergent field of global comparatism A Handbook to Literary Research Delia da Sousa Correa, Staff Tutor and Lecturer in Literature W R Owens, W. R. Owens, 2005-08-04

Speculative Truth Russell McCormmach, 2004-03-18 With a never before published paper by Lord Henry Cavendish as well as a biography on him this book offers a fascinating discourse on the rise of scientific attitudes and ways of knowing A pioneering British physicist in the late 18th and early 19th centuries Cavendish was widely considered to be the first full time scientist in the modern sense Through the lens of this unique thinker and writer this book is about the birth of modern science *A Self-divided Poet* Rodney Stenning Edgecombe, 2009-03-26 Whereas Thomas Hood has long been regarded as a minor comic poet this book the first to devote itself exclusively to his verse provides a detailed analysis of two serious poems Hero and Leander and The Plea of the Midsummer Fairies so as to give a better sense of his range Most commentators have pointed to the influence of Keats on such occasions but close examination reveals an even greater debt to Elizabethan and

Metaphysical poets whose sometimes playful deployment of the conceit struck a chord in his sensibility At the same time the book gives Hood s comic genius its due supplying detailed accounts of the deftness and panache of his light hearted oeuvre One chapter examines his excursion into the mock heroic mode Odes and Addresses to Great People and another his reliance on that airiest of forms the capriccio Whims and Oddities The study concludes with an extensive examination of Miss Kilmansegg and Her Precious Leg showing how Hood was here able to inflect a jeu d esprit with a fine Juvenalian passion

A Study of Our Decline Philip Atkinson,2007-11 *The Expedition of Humphry Clinker* (Second International Student Edition) (Norton Critical Editions) Tobias Smollett,2016-04-04 This revised Norton Critical Edition restores the original full title to the 1771 epistolary and picaresque novel In choosing supporting materials Evan Gottlieb emphasizes the growing recognition of Smollett as both a major British author and a central player in eighteenth century London s vibrant publishing world In his last and finest novel Tobias Smollett uses multiple letter writers to create a very funny and nearly kaleidoscopic vision of life in mid eighteenth century Britain As his protagonists travel about the countryside on their quest to restore patriarch Matthew Bramble s health they unwittingly succeed in uniting Britain across boundaries of nation class religion and gender The text of this Norton Critical Edition is again based on the first edition of 1771 It is accompanied by explanatory footnotes illustrations by Thomas Rowlandson for the 1793 edition and a map by Charles Scavey A new Backgrounds and Contexts section includes selections from Smollett s popular early poetry as well as important later nonfiction writing on history and the novel and the Anglo Scottish Union among others Criticism is divided into two sections and presents the most important reviews and scholarly assessments of *The Expedition of Humphry Clinker* Early Reviews and Criticism collects four major reviews from 1771 along with Sir Walter Scott s 1821 preface to the novel Contemporary Criticism focuses on recent scholarship with its emphasis on Smollett s connection and relevance to topics of critical interest including nationalism colonialism the history of the novel gender studies and the histories of religion and medicine Contributors include Eric Rothstein John Zomchick Robert Mayer Charlotte Sussman David Weed Evan Gottlieb Tara Ghoshal Wallace Misty G Anderson and Annika Mann A chronology of Smollett s life and work and a selected bibliography are also included *Authority, State and National Character* Helmut Kuzmics,Roland Axtmann,2017-03-02 This book presents a cross disciplinary and methodologically innovative study combining historical macro sociology and a sociology of emotions with historical anthropology and cultural studies Drawing on the concepts and theories of Norbert Elias on the Civilizing Process it sets out to pin down and compare qualities that are simultaneously instantly recognisable and highly elusive that is a kind of typical Englishness and of Austrianness that developed contemporaneously in the period up to the First World War The authors chart the development of political authority structures in their varied historical manifestations as well as their affective sedimentation as collective habitus national character comparing England and Austria from 1700 to 1900 as a case study Their argument is based on an analysis of literary sources mainly novels and plays applying a sociology of literature

approach Axtmann and Kuzmics argue that the very different national characters formed in England and Austria during this time are related to differences in the affective experience of power and powerlessness in short of authority They show that the formation of national character is determined partly by the different mixture of authoritative external constraints and milder self restraint and partly by the affective experience of human beings in uneven power balances Specifically they show how the formation of the bureaucratic state with strong patrimonial features in Austria and of a self organizing civil society with strong bourgeois liberal features in England resulted both in different institutional structures of authority and in different modes of the affective experience of this authority Employing empirical detail of individual cases and texts to analyse and illuminate broad processes the authors reach a clearer and deeper understanding of seemingly intangible and irrational aspects of national identity

English Travel Narratives in the Eighteenth Century Jean Viviès,2017-03-02 The eighteenth century commonly described as the age of the novel is also the golden age of travel narratives In this English edition of *Le R cit de voyage en Angleterre au XVIIIe si cle* the genre of the travel narrative receives a treatment based on its development in close relationship with fiction The book provides a survey of famous travel narratives James Boswell s journal of a tour to Corsica and account of his trip to Scotland with Samuel Johnson Laurence Sterne s enigmatic *Sentimental Journey* Tobias Smollett s *Travels through France and Italy* Negotiating between inventory and invention these texts invite a reconsideration of conventional generic distinctions They open up a literary space in which the full significance of the real and fictional journey motif can be explored
