Renaissance Truths Alan R. Perreiah, 2016-03-23 Though they have long been portrayed as arch rivals Alan Perreiah here argues that humanists and scholastics were in fact working in complementary ways toward some of the same goals After locating the two traditions within the early modern search for the perfect language this study re defines the lines of disagreement between them For humanists the perfect language was a revived Classical Latin For scholastics it was a practical logic adapted to the needs of education Succeeding chapters examine the concepts of linguistic meaning and truth in Lorenzo Valla s *Dialectical Disputations* and Juan Luis Vives

De disciplinis The third chapter offers a new interpretation of Vives Adversus pseudodialecticos as itself an exercise in scholastic sophistry Against this humanistic background the study takes up the concepts of meaning and truth in Paul of Venice's Logica parva a popular scholastic textbook in the Quattrocento To advance recent research on language pedagogy in the Renaissance it clarifies the connections between truth and translation and shows how scholastic logic performed an essential task in the early modern university it was a translational language that enabled students who spoke mainly their regional vernaculars to learn the language of university discourse A conclusion reviews some major themes of the study e.g. linguistic determinism and relativity vernacularity and translation semantical vs epistemic truth and evaluates the achievements of humanism and scholasticism according to appropriate criteria for a perfect language

Adriatic Robert D. Kaplan, 2023-04-25 An elegantly layered exploration of Europe's past and future a multifaceted masterpiece The Wall Street Journal A lovely personal journey around the Adriatic in which Robert Kaplan revisits places and peoples he first encountered decades ago Peter Frankopan author of The Silk Roads ONE OF THE BEST BOOKS OF THE YEAR The New Yorker In this insightful travelogue Robert D. Kaplan geopolitical expert and bestselling author of Balkan Ghosts and The Revenge of Geography turns his perceptive eye to a region that for centuries has been a meeting point of cultures trade and ideas He undertakes a journey around the Adriatic Sea through Italy Slovenia Croatia Montenegro Albania and Greece to reveal that far more is happening in the region than most news stories let on Often overlooked the Adriatic is in fact at the center of the most significant challenges of our time including the rise of populist politics the refugee crisis and battles over the control of energy resources And it is once again becoming a global trading hub that will determine Europe's relationship with the rest of the world as China and Russia compete for dominance in its ports Kaplan explores how the region has changed over his three decades of observing it as a journalist He finds that to understand both the historical and contemporary Adriatic is to gain a window on the future of Europe as a whole and he unearths a stark truth The era of populism is an epiphenomenon a symptom of the age of nationalism coming to an end Instead the continent is returning to alignments of the early modern era as distinctions between East and West meet and break down within the Adriatic countries and ultimately throughout Europe With a brilliant cross pollination of history literature art architecture and current events in Adriatic Kaplan demonstrates that this unique region that exists at the intersection of civilizations holds revelatory truths for the future of global affairs

My Father's Fathers Barbara Grivna, 2013-04-11 Dear Readers My Fathers Fathers is a composite of historical and archaeological fact personal oral and written histories These are woven together with my remembrances and hypotheses to narrate the history of my ancestors as nothing else exists to explain me That said combining and establishing theories is the work I put my mind to for the past three years So please don't contact me to correct my inaccuracies or blunders I acknowledge them and have embraced them The scientific historical and archaeological information is all true as far as I can comprehend it There really have been millions of tribes thousands of dynasties mass migrations and countless wars since the

Neolithic period far too many to cite or explore deeply I could not have written this book or found many illustrations without using the entries in Wikipedia org They are in my estimation one of the greatest boons the computer has provided us I know people say it is not always accurate and I found different versions of events on other websites When compared they often offered additional information or a different view of affairs but for my purposes they hung together I urge you to support Wikipedia if you use their site because they always seek to upgrade their information and for this they should be rewarded A list of all the sources I consulted containing information relevant to this paper would be virtually endless so I have listed some of the principal authors and titles I am greatly indebted to them all If you wish to start exploring your genetic history it will lead you to many exciting places I recommend you begin your search by consulting Shannon Bennetts article in Family Tree Magazine entitled DNA Demystified Genetic Genealogy for First Timers p 42 December 2012 The magazine is published by F W Media Inc Cincinnati Ohio My cat Sassy always helped me edit the information I wrote by watching the words appear on the computer screen or lying on my lap and pawing the pages as I tried to make sense of what I was trying to say What would I have done without her Keep reading and be well Sincerely Barbara Grivna

Suprahumanism

Daniel S. Forrest,2014-08-09 We are at a crucial point in time a moment of transition as important as the emergence of Homo sapiens or the beginning of civilisation after the Neolithic Revolution Paradoxically the triumph of the West also called globalisation means the death of Europe and European man Our destiny hangs between two options either to complete the triumph of the egalitarian conception of the world which will bring about the end of history or to promote a historical regeneration Nietzsche prophesied that the Earth will eventually belong to either the last man or to the superman There are no other alternatives
