 light on how Sberbank of Russia was transformed from the old school institution with outlived Soviet practices into a decent
 member of the world's financial elite and one of the richest brands on the planet Sberbank reform was an unprecedented
 event in the history of Russian business Never before such a large post Soviet establishment has undergone such a radical
 and total reorganization according to western patterns Initiator of the Sberbank reform in 2007 is the ex minister and well
 known liberal German Gref whose ambitious plan was to turn this huge unwieldy institution into an advanced financial

company Wins and losses of Gref's team became not just a personal achievement or the bank's chief failure. They essentially answered the key question of Russian business: can people in Russia work on the same level as people in the West. For the purpose of this book, journalist Eugeny Karasyuk conducted dozens of interviews with employees of Sberbank on different levels. The result is a breathtaking economic thriller with a remarkable story of how progressive management techniques were implemented in that reality. Sberbank: The Rebirth of Russia's Financial Giant will be interesting to anyone seriously considering reforms in one's company and those who are curious about doing business with Russia. Translated from the Russian by Lewis White.

Better Thinking, Better Results Bob Emiliani, 2003. This is the first book to document an actual company's Lean transformation over a ten-year period. It presents in detail what The Wiremold Company did to achieve its transformation and their amazing results, both financial and non-financial. The book vividly shows how Wiremold applied Lean principles and practices to the entire enterprise and throughout the value stream. The Wiremold Company achieved outstanding success in a short period of time by using Lean as a comprehensive management system rather than as a group of tools. The leadership lessons are invaluable for anyone involved with making the Lean management system come alive in their company.
