Vodka Politics Mark Schrad,2014-03 Alcohol and alcoholism have long been prominent features in Russian life and culture But as Mark Schrad vividly shows in *Vodka Politics* it has also been central to Russian politics Not simply a chronicle of drinking in Russia this book shows how alcohol has been a key shaping force in Russian political history *Air University Library Index to Military Periodicals* , Warrior Pharaoh Richard Gabriel,2001 *Warrior Pharaoh* is a work of historical fiction that tells the story of the life and deeds of Pharaoh Thutmose II 1480 1426 B C of Egypt one of the greatest political and military leaders of the ancient world Written by one of America s premier military historians the attention to historical detail is exceeded only by the story s fast pace and riveting adventure as the author tells the tale of Thutmose s early life rise to power defeat of his enemies and rule over Egypt in the 15 century B C The portrayal of life love and war in ancient Egypt offers a historical tale of human adventure from which the reader will learn much about how best from the personal perspectives of those who lived and made it *Air University Review* ,1983 *Army* ,1983

Military Intelligence ,1987

Soviet Defectors Vladislav Krasnov,2018-04-01 The topic of defection is taboo in the USSR and the Soviets are anxious to silence downplay or distort every case of defection Surprisingly Vladislav Krasnov reports the free world has often played along with these Soviet efforts by treating defection primarily as a secretive matter best left to bureaucrats As a result defectors human rights have sometimes been violated and U S national security interests have been poorly served **The Alcoholic Empire** Patricia Herlihy,2002 Herlihy examines the prevalence of alcohol in Russian social economic religious political life She looks at how the state church military doctors the czar tried to battle the problem of over consumption of alcohol in the imperial period *Opening Pandora's Box: Ethnicity and Central Asian Militaries* , *Cold War Hot* Peter G. Tsouras,2011-10-19 It was in the Third World that the ambitions and fears of the two Cold War superpowers were played out v Korea Vietnam Egypt and Syria Afghanistan In their bizarre way these were carefully controlled wars carefully controlled in the sense that neither great power allowed itself to become directly engaged in a hot war with the other Equally neither allowed itself to go for broke in a grand sweep across the Third World in fear of provoking that final confrontation But this fear of direct confrontation was never as rigidly controlled as one would think Again and again events veered towards a clash between Eagle and Bear The authors of this book make real such terrifying possibilities as Korea or the 67 War dragging in both superpowers they predict the consequences of the United States or the Soviet Union attempting radical strategies in Vietnam or in a divided Germany either to follow the British success in Malaya or to invade the North they imagine the invasion of Cuba when the delicate signals failed to find a way out of the Missile Crisis and bring to life a scenario in which the Soviet Union knocks the Great Game off the board by using Afghanistan as base to bring down Pakistan and achieve its warm water port on the Indian Ocean *Cold War Hot* vividly brings to life these

and many other alternate scenarios taking the reader behind the scenes at these momentous moments in history In showing what could have happened the authors show how precarious the Cold War peace actually was and how little it would have taken to tip the balance into World War Three

Shooting Up Lukasz Kamienski,2016-02-10 Shooting Up A Short History of Drugs and War examines how intoxicants have been put to the service of states empires and their armies throughout history Since the beginning of organized combat armed forces have prescribed drugs to their members for two general purposes to enhance performance during combat and to counter the trauma of killing and witnessing violence after it is over Stimulants e g alcohol cocaine and amphetamines have been used to temporarily create better soldiers by that improving stamina overcoming sleeplessness eliminating fatigue and increasing fighting spirit Downers e g alcohol opiates morphine heroin marijuana barbiturates have also been useful in dealing with the soldier s greatest enemy shattered nerves Kamienski s focuses on drugs prescribed by military authorities but also documents the widespread unauthorised consumption by soldiers themselves Combatants have always treated with various drugs and alcohol mainly for recreational use and as a reward to themselves for enduring the constant tension of preparing for Although not officially approved such self medication is often been quietly tolerated by commanders in so far as it did not affect combat effectiveness This volume spans the history of combat from the use of opium coca and mushrooms in pre modern warfare to the efforts of modern militaries during the Cold War in particular to design psychochemical offensive weapons that can be used to incapacitate rather than to kill the enemy Along the way Kamienski provides fascinating coverage of on the European adoption of hashish during Napoleon s invasion of Egypt opium use during the American Civil War amphetamines in the Third Reich and the use of narcotics to control child soldiers in the rebel militias of contemporary Africa

Shooting Up /Lukasz Kamie'nski,2017-08-31 From hallucinogenic mushrooms and LSD to coca and cocaine from Homeric warriors and the Assassins to the first Gulf War and today s global insurgents drugs have sustained warriors in the field and have been used as weapons of warfare either as non lethal psychochemical weapons or as a means of subversion Lukasz Kamie'nski explores why and how drugs have been issued to soldiers to increase their battlefield performance boost their courage and alleviate stress and fear as well as for medical purposes He also delves into the history of psychoactive substances that combatants self prescribe a practice which dates as far back as the Vikings Shooting Up is a comprehensive and original history of the relationship between fighting men and intoxicants from Antiquity till the present day and looks at how drugs will determine the wars of the future in unforeseen and remarkable ways

Commanders Call ,1981 **Breaking Away from the Bear** Dianne Louise Smith,1998 **Military Review** ,1980-07 *Breaking Away from the Bear* , Professional Journal of the United States Army ,1980

The Top Books of the Year New Red Legions An Attitudinal Portrait The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. New Red Legions An Attitudinal Portrait : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
