New Revelations A Conversation With God:

The New Revelations Neale Donald Walsch, 2002-09-30 The human race has reached a Time of Choosing Our options are being placed before us by the tide of events and by those who are creating them We can either move forward building together at last a new world of peace and harmony based on new beliefs about God and Life or move backward separately and continuously reconstructing the old world of conflict and discord The New Revelations provides us with the tools to move forward to pull ourselves out of despair lifting the whole human race to a new expression of its grandest vision In this book which offers possible and powerful answers to the questions facing the world bestselling author Neale Donald Walsch urges us to open our hearts and minds to what may be one of the most important spiritual statements of our time A conversation with God that began as a simple plea from one human being to the God of his understanding The New Revelations is a life altering book given to us when we need it most

The New Revelations Neale Donald Walsch, 2002 Neale Donald Walsch's profound conversation with God continues with a New Revelation brought to us at a time when we need it most This life changing book offers some possible penetrating answers to the questions of our day providing the tools to pull ourselves out of despair and towards a new world vision Addressing the zeitgeist following the tide of events of September 11th we are shown that the violence loss sorrow and terror of our world cannot be eliminated through political or economic action but only by changing our beliefs Five fallacies about life combined with the five fallacies about God continue to feed a deadly misconception that leads to devastating world events governed by violence and crisis Through challenging the fallacies of our beliefs we can move forward building at last a new world of peace and harmony based on our new true beliefs about God and life

The New Revelations Neale Donald Walsch, 2002 Addressing the zeitgeist following the tide of event of September 11th Neale Donald Walsch aims to show that the violence loss sorrow and terror of our world cannot be eliminated through political or economic action but only by changing our beliefs

SCP Journal, 2003

MODERN RELIGIONS: AN EXPERIENTIAL ANALYSIS AND EXPOSÉ Elliot Benjamin, Ph.D., 2013-10-03 This book is an experiential analysis of over twenty modern religious spiritual groups The book is divided into two generic segments inclusive of a tri perspective experiential analysis using a variety of cult danger rating scales and a more personal experiential description of the author's involvement in these groups written in stream of consciousness essay form The groups explored include controversial religious organizations such as Scientology and The Unification Church as well as lesser known religious groups such as Conversations with God and Avatar and also new age retreat centers such as Omega Institute for Holistic Studies and Kripalu Center for Yoga and Health The author describes both the dangers and benefits of various groups and based upon his own experiences is able to rate these groups on a cult danger vs spiritual benefits scale on a gradient from high cult danger to favorable spiritual group

False Dawn Lee Penn, 2004 The interfaith movement which began with the 1893 World's Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it

now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org

Off the Hook Earl Wayne Heflinger, 2018-03-15 The author uses his own personal story of being born into a Christian fundamentalist family with extreme beliefs to paint a vivid picture of what life is like in toxic ideologies such as fundamentalist religion The book has three parts The first describes the spiritual abuse of his childhood due to stifling rules and restrictions inflicted by his parents caught up in their church's teachings on his thought processes and behavior The remarkably poignant stories show in painful detail how his self esteem was crushed how he was never intended to think for himself and how he was made to feel different and totally out of place in the world all by loving but misguided parents During his school days his social life was severely stunted because he felt like an outsider everywhere but in church The second part discusses his lifelong struggle with spiritual healing and his transition from a spoon fed belief system to a personally chosen worldview He thoughtfully muses about all the significant elements of religious spiritual belief systems God Jesus the Bible sin morality science life after death marriage divorce and others and contrasts his evolving beliefs with those of organized religion This is presented to give the reader a comprehensive illustration of how one particular seeker has constructed a personalized belief system through continual rethinking and updated understanding The third part calls on the author's advanced education and professional experience in business and government in analyzing and

developing systems and procedures It describes with a wealth of tips and checklists the process by which he escaped a toxic ideology and came to feel intellectually free and off the hook It ends with heartfelt encouragement for anyone similarly affected by repression to accept all available helpful resources and muster the determination to claim their personal power

Peace on Earth Trade not Wars Ernest E.S.Yee,2025-05-19 The book discusses current global situations highlighting conflicts between nations and groups vying for political economic social and scientific dominance These rivalries lead to ideological economic and sometimes military conflicts The writer believes avoiding wars through negotiation and openmindedness is best With advances in science technology and education the world is now a global village Rather than relying on old war traditions it is better to resolve disputes through mutual compromise preserving all parties interests The world would be a better place if we chose peace over conflict Live and let live is a more fitting motto than destruction like in feudal societies that endlessly fought Compromise not war should be the solution to human conflict Modern warfare brings nuclear threats that could doom our existence on Earth a planet gifted by our Creator The author s goal in writing Peace on Earth Trade not Wars is to promote a more peaceful world *Own Your Power* Alice Jones,2018-05-18 By changing our thoughts we can change our lives By changing our lives we can change the world The power to accomplish these things is within us it is love Love is what created us and what we return to Love is the real power of the universe *Own Your Power Day by Day* is a guidebook to spiritual transformation It teaches valuable spiritual truths and skills learning to listen to our higher selves rather than our ego selves accessing the part of us that is connected to unconditional love rather than fear accepting the importance of forgiveness and understanding the importance of the invisible energy field that surrounds us There is an energy in words that can either crush us or heal and elevate us particularly those words that appear in our own thoughts Everything we need to succeed and become what we yearn to be is inside of us Discover a way to access the part of yourself that never left God and that is larger than all the restrictions limitations fears and doubts that society heaps on you This guide seeks to help you remove spiritual mental and emotional blockages heal your body mind and spirit and move into peace harmony and joy *21st Century Science & Health with Key to the Scriptures* Cheryl Petersen,2014-05 By time you read
