Partisans of the Southern Press Carl R. Osthaus, 2021-12-14 Carl R Osthaus examines the southern contribution to American Press history from Thomas Ritchie s mastery of sectional politics and the New Orleans Picayune s popular voice and use of local color to the emergence of progressive New South editors Henry Watterson Francis Dawson and Henry Grady who imitated as far as possible the New Journalism of the 1880s Unlike black and reform editors who spoke for minorities and the poor the South s mainstream editors of the nineteenth century advanced the interests of the elite and helped create the myth of southern unity The southern press diverged from national standards in the years of sectionalism Civil War and Reconstruction Addicted to editorial diatribes rather than to news gathering these southern editors of the middle period were violent partisan and vindictive They exemplified and defended freedom of the press but the South s press was free only because southern society was closed This work broadens our understanding of journalism of the South while making a valuable contribution to southern history Tennessee Historical Quarterly ,1989 **Program of the Annual Meeting - American Historical Association** American Historical Association,1988 Some programs include also the programs of societies meeting concurrently with the association Program of the ...
