The New Geopolitics of Central Asia and Its Borderlands Ali Banuazizi, Myron Weiner, 1994 This book focuses on the newly independent Muslim republics of the former Soviet Union in Central Asia especially Uzbekistan Tajikistan and Azerbaijan It examines the recent economic and political developments in these states with reference to the lingering legacy of Tsarist Russian and Soviet rule the resurgence of an Islamic political identity the persistence of ethnic allegiances and rivalries and the nascent democratic aspirations of their peoples **The Resurgence of Central Asia** Ahmed

Rashid, 2017-08-29 A seminal introduction to the rise of Central Asia covering Uzbekistan Kazakhstan Kyrgyzstan Tajikistan and Turkmenistan The Resurgence of Central Asia is Ahmed Rashid s seminal study of the states that emerged in the aftermath of the breakup of the Soviet Union Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan All have Muslim majorities and ancient histories but are otherwise very different Rashid s book now with a new introduction by the author examining some of the crucial political developments since its first publication in 1994 provides entr e to this little known but geopolitically important region Rashid gives a history of each country including its incorporation into Tsarist Russia to the present day provides basic socioeconomic information and explains the diverse political situations He focuses primarily on the underlying issues confronting these societies the legacy of Soviet rule ethnic tensions the position of women the future of Islam the question of nuclear proliferation and the fundamental choices over economic strategy political system and external orientation that lie ahead Central Asia Rein Mullerson, 2014-04-04 This is an important analysis of a key but little known region in the wider context of world politics Central Asia has huge oil and gas resources divided between five

international relations theory and foreign policy analysis Unity or Separation Daniel R. Kempton, Terry D. Clark, 2001-11-30 Many analysts initially believed that the process of Soviet disintegration would inevitably open a Pandora's box of ethnic nationalism and regional self-determination. But despite obvious setbacks such as Chechnya, the developments of the last decade have shown that while forces of disintegration remain a very real threat, the fifteen successor states have managed to stay largely intact. One explanation for this somewhat unexpected success is the varied strategies of center-periphery relations adopted by the post-Soviet states tailored to meet the unique circumstances faced by each former republic of the Soviet Union. The contributors to this up-to-date volume examine the specific cases of success and failure in center-periphery relations in the former USSR and offer some provocative overall conclusions about the progress made and the impact on the process of democratization. The cases examined in this volume are drawn from Russia, Lithuania, Ukraine, Uzbekistan, among others. These case studies demonstrate that relations between national and local governments have been evolving differently in each of the successor states, but in each case there has been a conscious attempt to create stable center-periphery relations which give a degree of autonomy to minority groups while still providing for a stable state and democratic development. This book will be of interest to scholars and students of the former Soviet Union and those interested in federalization and center-periphery.

India and Emerging Asia R. R. Sharma, 2005-11-05 In recent years Asia's economic and strategic environment has been transformed in a fundamental sense. The emerging Asian Economic Community encompassing ASEAN, China, Japan, India, and South Korea is being widely viewed as the centre of gravity of the global economy. Because of its strategic position, India is destined to play a significant role in shaping the emerging profile of Asia. Against this background, this volume explores Asia's dramatic re-emergence on the global scene as well as India's role in ensuring peace, security, stability, and development in the continent. In recent years, India has redefined its position within Asia and has emerged as a significant player. The contributors offer new perspectives on Asia concerning the nature of its politics and governance, the reasons for its insecurity, the need for greater regional cooperation, and its intrinsic strengths and weaknesses. They implicitly or explicitly share the view that the twenty-first century belongs to Asia.
