Eugene Boring, Fred B. Craddock, 2010-01-01 M Eugene Boring and Fred B Craddock present this new one volume commentary on the New Testament Writing from the fundamental conviction that the New Testament is the people's book Boring and Craddock examine the theological themes and messages of Scripture that speak to the life of discipleship Their work clarifies matters of history culture geography literature and translation enabling people to listen more carefully to the text This unique commentary is the perfect resource for clergy and church school teachers who seek a reference tool midway between a study Bible and a multivolume commentary on the Bible Second Corinthians (Paideia: Commentaries on the New Testament) Raymond F. Collins, 2013-06-15 In this addition to the well received Paideia series a respected senior New Testament scholar examines cultural context and theological meaning in Second Corinthians Paideia commentaries explore how New Testament texts form Christian readers by attending to the ancient narrative and rhetorical strategies the text employs showing how the text shapes theological convictions and moral habits commenting on the final canonical form of each New Testament book focusing on the cultural literary and theological settings of the text making judicious use of maps photos and sidebars in a reader friendly format Students pastors and other readers will appreciate the historical literary and theological insight offered in this practical commentary **II Corinthians** Frank J. Reese, 2019-09 This phrase by phrase commentary and exposition of the New Testament books of 2 Corinthians and Galatians is in use as a college textbook yet is suitable for lay church members 2 Corinthians and Galatians were written by Paul during the same time period of his life to two different churches wrestling with similar thorny issues The threat to New Testament Christianity posed by the Judaizers is rightly framed by information learned from 2 Corinthians and Galatians Time and again in 2 Corinthians Paul emphasizes his apostolic message and apostolic authority and insists that the new covenant gospel message which reflects the truths Jesus taught during His earthly ministry is what is now to be preached The new covenant Scriptures are to be treated as our rule of faith and practice In Galatians Paul examines what is involved in the faith that God looks for as He would justify men who have sinned Is it faith alone i.e. knowledge assent and trust or is it a faith that includes obedience to what God has said In his words to Peter a man is not justified by works of the Law but through faith in Christ Jesus Galatians 2:16 Paul persuasively proves that the faith that saves is habitually doing what God says not walking by man made religious rules The Judaizers who championed rules like the Pharisees taught were distorting the gospel message as preached by Jesus apostles Galatians 1:7 This commentary is conservative evangelical Christian in outlook yet skillfully examines the Scriptures from multiple theological viewpoints Introductory Studies cover authorship and attestation place and date of writing original target audience to whom the letters were addressed and the original purpose for writing Two extended Special Studies address issues crucial to our understanding of how God deals with people He would save Readers are introduced to the Dead Sea Scroll referred to as 4QMMT and the subject works of the Law The study demonstrates how 4QMMT helps us rightly understand Paul's contrast of faith v works of the Law Justification by Faith is given extended treatment and key theological questions are addressed Biblically what is justification and what is faith Is sola fides faith alone the condition upon which God justifies sinful men How and how often is justification applied to men by God And how has our understanding of the New

Testament been impacted by the New Perspective on Paul that has dominated theological discussions for the past 30 years Since this commentary presumes the God inspired nature of all Biblical writing the author seeks to harmonize the teachings of 2 Corinthians and Galatians with other relevant Scriptures and also helpfully examines the original language in which the epistles were written An annotated bibliography of other commentaries on 2 Corinthians and Galatians encourages readers to extend their own studies This commentary continues the author s series on the books of the New Testament and is written from the unique standpoint of the Restoration Movement a position which allows him to approach Scripture with no special theological doctrine or dogma to defend and explicate This approach provides an unhindered freedom to listen to what the Holy Spirit would tell us within the pages of sacred Scripture By deliberately employing the time honored grammatico historical method of interpretation the Word of God is allowed to impress upon our minds the intent the Divine Author had in mind The author is Professor Emeritus at Central Christian College of the Bible Moberly MO

The Structure of Second Corinthians Kei Hiramatsu, 2023-09-07 Hiramatsu Kei examines the literary structure of 2 Corinthians and how it can illuminate understanding of this Pauline letter and its theological message He explores the theoretical foundations of Inductive Bible Study as an approach which focuses on the meaning of biblical texts in their final form by incorporating insights from multifarious methodologies Based on the final form of the letter and its compositional unity he prioritizes the literary context as consequential evidence for interpretation Hiramatsu argues that there are two major components of the literary structure the division of the letter and the identification of major structural relationships within and between the divided parts Thus he proposes that 2 Corinthians consists of seven major segments which coherently develop Paul s discourse pertaining to ministry and discusses the implications regarding his theology of theocentric ministry and that of weakness that arise from a literary investigation Hiramatsu demonstrates that an inductive and integrative approach not only presents a more suitable and helpful literary structure for 2 Corinthians but also illustrates the relevance of such study when seeking to gain understanding of the theological implications of the letter
