New Testament Foundations For Christian Ethics:

New Testament Foundations for Christian Ethics Willi Marxsen, 1993 *The Moral Quest* Stanley J. Grenz, 2016-09-27 Stanley J Grenz masterfully leads readers into a theological engagement with moral inquiry that is a first rate introduction to Christian ethics **The Foundations of Christian Ethics** Michael Keeling, 1990 **New Testament Ethics** Richard B. Hays, 2018-07-10 In these lectures as in his writings Hays passion for getting the story right and his conviction that Christians today are part of that story become apparent Our getting it right has to do not only with intellectual interests and rigour but with the truthful practices of today s Christians Traditional Christian Ethics David W. T. Brattston, 2014 Volume One of Traditional Christian Ethics describes the terminology discusses popular approaches to ethical decision making today illustrates that the earliest Christians conducted themselves in accordance with a large number of specific moral rules states the method of this set of books for reconstructing the content of early Christian ethics law as attested before the devastating epidemic and mass apostasy of AD 249 251 gives reasons for regarding this as the terminal date and provides a guide to using the lists At a number of points this volume deals with objections to its theses Volume One also furnishes you with complete information as to where you can find and look up the ancient sources cited in translation Traditional Christian Ethics will help you solve problems in moral decision making when Scripture is unclear or silent You can solve them through its comprehensive itemized concordances of citations to precepts of Christian ethics from all translated ancient texts Its sources possess unassailable authority that cannot be fabricated and are persuasive among most Christian denominations Preachers and professional scholars will find them invaluable as a starting point in preparing their own sermons books articles and essays on specific points of ethics Charts of Christian Ethics Craig Vincent Mitchell, 2006 This book provides an outline for Christian ethics and is designed to graphically explain some of the major ideas in and various approaches to this area of study *Identity, Ethics, and Ethos in the New Testament* Jan G. van der Watt, 2012-02-13 The book deals with the relation between identity ethics and ethos in the New Testament The focus falls on the way in which the commandments or guidelines presented in the New Testament writings inform the behaviour of the intended recipients The habitual behaviour ethos of the different Christian communities in the New Testament are plotted and linked to their identity Apart from analytical categories like ethos ethics and identity that are clearly defined in the book efforts are also made to broaden the specific analytical categories related to ethical material The way in which for instance narratives proverbial expressions imagery etc inform the reader about the ethical demands or ethos is also explored

Then the Whisper Put On Flesh Prof. Brian K. Blount, 2001-11-01 Devastating circumstances still enslave most African Americans in American society today especially in urban environments They struggle with economic devastation family disintegration black on black crime unemployment political and social injustice as well as the structural racism that fuels all of these In the midst of this horrible din there is a whisper from the Lord a faith statement upon which there can be

established an ethic of transformation for an oppressed African American Christian community The whispers of faith hope and ethical direction that flow out of the New Testament materials have always taken their fleshly shape in light of the context in which African Americans have found themselves Blount studies selected New Testament texts and evaluates them in light of their first century contexts primarily from a socio linguistic perspective and then reads them through the eyes of the contemporary African American Christian This study analyzes the differences between the first century context which prompted the biblical writers to reflect ethically upon their faith statements as they did and the present reality of African Americans in the United States which motivates their Christian leaders to reflect upon these same statements in such radically different ways An example of a twentieth century ethical situation is Martin Luther King Jr s campaign of civil disobedience which appeared to be in direct contradiction to the ethical prescriptions in Romans 113 and 1 Peter 2 13 17 which mandate unqualified Christian obedience of government Blount urges African American Christians to continually reevaluate the ethical principles established for first century biblical communities in light of the novel circumstances that prevail today In so doing African Americans will be giving flesh to the inspirational whisper of the New Testament

The Oxford Handbook of Biblical Studies J. W. Rogerson, Judith M. Lieu, 2006-03-16 Presents a survey of research in this technical and diverse field that is useful for scholars and students who need to command linguistic historical literary and philosophical skills This title includes forty five contributions that review and analyse thinking and work and examines the progress and direction of the debates

The Unformed Conscience of Evangelicalism J. Daryl

Charles,2002-01-01 J Daryl Charles urges the evangelical church to better equip in character and moral vision its pastors leaders and members to constructively and effectively engage the ethical debates of the twenty first century **Christian Ethics** Russell A. Morris,2015-08-14 Within the Christian community at large there is often little correlation between scriptural guidelines for Christian living and the lifestyle practices and behavior of believers Christian social scientist George Barna has done extensive research in this area that reveals alarming data For example nearly nine of ten adults state that religious faith is very important in their lives However only one in five adults claims that the Bible is the dominant influence in their decisions regarding lifestyle practices Further research suggests that there is often little difference between the lifestyle practices of Christians and non Christians This nominal difference in lifestyle practices and behavior between Christians and non Christians as well as the minimal correlation between Scripture and practice among many Christians produced an interest in this area of practical theology Serving as a Christian pastor over the past two decades the reality of Barnas research has been observed personally The biblical parallel of the prevailing apathy within todays churches is seen in Judges 21 25 NASB In those days there was no king in Israel everyone did what was right in his own eyes That is in those days there was no accepted standard of truth Likewise only one in four American adults believes in the existence of absolute truth As a result the relationship between doctrine and practice belief and behavior is often minimal with many Christians doing only what is right in their own eyes rather than allowing Gods Word to influence their mode of living A distinct relationship between belief and behavior is seen in I Timothy 4 16 In this passage Paul clearly identifies a correlation between what one believes doctrine and the lifestyle behavior one lives when he writes Watch your life and doctrine closely Persevere in them because if you do you will save both yourself and your hearers From this verse it is clear that there are two areas in the life of the Christian that need to be scrutinized and pursued namely belief and behavior The fundamental thesis of this book is that a deeper understanding of Christian ethics will inform and facilitate the Christian life **Essential Bible Study Tools for Ministry** Professor David R. Bauer,2014-03-18 This up to date highly selective bibliography is designed to acquaint students and ministers with major works significant publishers and prominent scholars in biblical studies It is the perfect guide for beginning a research project or building a ministerial library References are included based on the following considerations 1 usefulness for the theological interpretation of the Bible within the context of the faith of the church 2 significance in the history of interpretation and 3 representation of evangelical and especially evangelical Wesleyan scholarship *Theology of the New Testament* Frank S. Thielman,2011-03-22 Studying the theology of the New Testament can be a daunting task even to the knowledgeable Bible student or pastor Each of the twenty seven books written by various authors has its own theological emphasis and nuances How do we elicit a coherent message from such theological diversity especially given that some of the theological statements in the New Testament seem to be at odds with one another Is such an endeavor achievable or even valid Theology of the New Testament takes a balanced approach in response to these

challenges Frank Thielman presents a theology of the New Testament that is careful to take into account the cultural and historical circumstances surrounding each book and the New Testament as a whole He not only examines each book's theological content individually but also in relation to the rest of the New Testament particularly within each of the three theological units that comprise the New Testament the gospels and Acts the Pauline epistles and the general epistles and Revelation This canonical and synthetic approach honors both the theological diversity of the various books and the theological connections between the books In the end Thielman finds a unified theological vision of the New Testament anchored in the centrality of Jesus Christ Frank Thielman's Theology of the New Testament is an outstanding achievement The book is marked by scholarly depth exegetical rigor and theological profundity Both students and professors will profit immensely from this lucid treatment of the theology contained in the New Testament documents Thomas R Schreiner Professor of New Testament The Southern Baptist Theological Seminary An accessible presentation of the key theological points of the New Testament books by an accomplished New Testament scholar and teacher Its clear style lucid organization and sound theological insight make it a prime resource for serious students in both the academy and the church Karen H Jobes PhD Associate Professor of New Testament Westmont College [The Ethics of John: Retrospect and Prospects](#),2025-03-20 Over the past two decades the scholarly conversation has shifted from the practically consensus view that John has little to offer in terms of ethical content to a more robust understanding of how Johannine literature engages ethical questions This process recently reached a milestone with the publication of two seminal tomes on Johannine ethics by Jan van der Watt Based on the Radboud Prestige Lectures he delivered on this topic the present volume evaluates van der Watt's approach by submitting it to critical evaluation by leading specialists in the field and explores future prospects for the study of Johannine ethics [Christian Values](#) James Ian H. McDonald,1995-06-01 An exciting introduction to the theory and practice of Christian ethics in the contemporary world *The Crucible of Christian Morality* J. Ian H. McDonald,2016-04-29 The Crucible of Christian Morality explores the notion of Christian ethics and discusses its roots in the teachings of Jesus and also Hellenistic philosophy Its significance in developing moral standards throughout the world and its stability in the modern world The Crucible of Christian Morality uses new critical perspectives including the sociology of knowledge and discourse analysis J Ian H McDonald challenges conventional approaches by focusing on the behaviour of early Christian communities rather than their texts to shed new light on the nature of Christian morality in its earliest and most formative years [The New Testament and the Theology of Trust](#) Teresa Morgan,2022-06-16 This study argues for the recovery of trust as a central theme in Christian theology and offers the first theology of trust in the New Testament Trust is the root meaning of Christian faith *pistis fides* and trusting in God and Christ is still fundamental to Christians But unlike faith and other aspects of faith such as belief or hope trust is little studied Building on her ground breaking study *Roman Faith and Christian Faith* and drawing on the philosophy and psychology of trust Teresa Morgan explores the significance of trust

trustworthiness faithfulness and entrustedness in New Testament writings Trust between God Christ and humanity is revealed as a risky dynamic forward looking life changing partnership God entrusts Christ with winning the trust of humanity and bringing humanity to trust in God God and Christ trust humanity to respond to God s initiative through Christ and entrust the faithful with diverse forms of work for humanity and for creation Human understanding of God and Christ is limited and trust and faithfulness often fail but imperfect trust is not a deal breaker Morgan develops a new model of atonement showing how trust enables humanity s release from the power of both sin and suffering She examines the neglected concept of propositional trust and argues that it plays a key role in faith This volume offers a compelling vision of Christian trust as soteriological ethical and community forming Trust is both the means of salvation and an end in itself because where we trust is where we most fully live

Scripture and Ethics Jeffrey S. Siker, 1997 Siker brings together the history of biblical interpretation and the study of uses of the Bible in Christian ethics to examine how the Bible has actually been used in Christian theological ethics and in the process profiling eight influential twentieth century theologians

The Moral Life According to Mark M. John-Patrick O'Connor, 2022-04-21 M John Patrick O Connor proposes that in contrast to recent contemporary scholarship that rarely focuses on the ethical implications of discipleship and Christology Mark s Gospel as our earliest life of Jesus presents a theological description of the moral life Arguing for Mark s ethical validity in comparison to Matthew and Luke O Connor begins with an analysis of the moral environment of ancient biographies exploring what types of Jewish and Greco Romanic conceptions of morality found their way into Hellenistic biographies Turning to the Gospel s own examples of morality O Connor examines moral accountability according to Mark including moral reasoning the nature of a world in conflict and accountability in both God s family and to God s authority He then turns to images of the accountable self including an analysis of virtues and virtuous practices within the Gospel O Connor concludes with the personification of evil human responsibility punitive consequences and evil s role in Mark s moral landscape
