New Testament Life Literature:

A Theology of the New Testament George Eldon Ladd, 1993-09-02 Ladd's magisterial work on New Testament theology has well served scores of seminary students since 1974. Now this comprehensive standard evangelical text has been carefully revised by Hagner to include an update of Ladd's survey of the history of the field of New Testament theology, an augmented bibliography, and an entirely new subject index. *The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric* David Edward Aune, 2003-01-01 The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric details the variety of literary and rhetorical forms found in the New Testament and in the literature of the early Christian church. This authoritative reference source is a treasury for understanding the methods employed by New Testament and early Christian writers. Aune's extensive study will be of immense value to scholars and all those interested in the ways literary and rhetorical forms were used and how they functioned in the early Christian world. This unique and encyclopedic study will serve generations of scholars and students by illuminating the ways words shaped the consciousness of those who encountered Christian teachings.

The History and Literature of the New Testament

Henry Thatcher Fowler, 1925 **Mark (Paideia: Commentaries on the New Testament)** Mary Ann Beavis, 2011-11-01 In this addition to the well received Paideia series, Mary Ann Beavis examines cultural context and theological meaning in Mark. Paideia commentaries explore how New Testament texts form Christian readers by attending to the ancient narrative and rhetorical strategies the text employs, showing how the text shapes theological convictions and moral habits, commenting on the final canonical form of each New Testament book, focusing on the cultural, literary, and theological settings of the text, making judicious use of maps, photos, and sidebars in a reader-friendly format. Students, pastors, and other readers will appreciate the insights that Beavis derives from interrogating the text through multiple perspectives. *The Crucial Revelation of Life in the Scriptures* Witness Lee, In *The Crucial Revelation of Life in the Scriptures*, Witness Lee speaks of the central biblical truth of knowing and experiencing Christ as life. Throughout the Bible, the availability of Christ as life is progressively revealed. The Old Testament presents many types of Christ as our life supply, and the New Testament clearly speaks of the believers being saved in His life by the Spirit of life.

James Moffatt, 1911 **Introduction to the New Testament** Everett Falconer Harrison, 1964 The general purpose of this book is to provide a broad understanding of the background and message of the New Testament. For each of them, the author provides a helpful outline and introduces the reader to a greater understanding of the text by a discussion of such matters as purpose, background, date, authorship, characteristics, or principal concepts, taking into full account the most significant findings and interpretations of recent scholars.
