fascinating history the revision movement in fact resulted in a vast proliferation of English scripture editions and an enduring polarization of American Christians over versions of Holy Writ The recurrent controversies over Bible translations he argues tell us less about the linguistic issues dividing conservatives and liberals than about the theological assumptions they have long held in common *Corpus Stylistics* Elena Semino, Mick Short, 2004-06-24 This book represents a new direction at the interface between the fields of stylistics and corpus linguistics namely the use of a corpus methodology to investigate how people s words and thoughts are presented in written narratives
