**New Testament Teaching on Tongues** Merrill F. Unger, 2002-11-01 An excellent summary of the biblical content on speaking in tongues from a non charismatic position Includes a helpful bibliography [New Testament Teaching on Tongues](#) Merrill F. Unger, 1974

**What the Bible Says about Speaking in Tongues** John Argubright, 2014-05-22 The Biblical gift of speaking in tongues is the supernatural gift from God of speaking in a known foreign language to unbelievers without any previous knowledge or training in that language And what is spoken in that foreign language is the Gospel of Jesus Christ The main purpose is in order that Christ and Him crucified would be preached to all nations in a language that the hearer would understand Yet today many wolves in sheep clothing have perverted what the true gift of speaking in tongues really is and have replaced it with all sorts of false doctrines This Bible study teaches verse by verse on this topic teaching what the Bible says as compared to what the heretics of today have to say who are deceiving Christians by telling them to pray in ecstatic utterance that was once only associated with demonic possession And as you will see a very dangerous doctrine is being spewed from the tongues of these false prophets

**The Earliest View of New Testament Tongues** Maurice E. Vellacott, 2024-11-11 This book is a groundbreaking paradigm shifting look at the languages tongues problem of the first century AD Corinthian church It adduces that in a multilingual setting new converts were expressing themselves in their native dialect without translation where Koine Greek was not yet overriding all regional dialects This cuts against the idea that tongues were supernatural earthly languages an idea not found before AD 160 Vellacott also argues against the view that tongues were heavenly languages as claimed by Pentecostals Charismatics This he says is a novel trend started about 145 years ago by German higher critical scholars and seized upon after the 1906 Los Angeles Azusa Street Revival's supposed supernatural earthly languages proved to be a mirage whereupon a redefinition to heavenly angelic non earthly languages occurred This book soundly establishes the credibility of an ancient third view regarding tongues that they were non supernatural learned earthly languages The author endeavors to demonstrate that this is the earliest known Christian interpretation of New Testament tongues languages
