The Pauline Doctrine of Male Headship James E. Bordwine, 2009-05-01 I am not aware of a comprehensive volume on the Pauline Doctrine of Male Headship authored by an active pastor who must live with the practical applications of that ancient and ever valid teaching Dr Bordwine an active pastor thus serves the Christian community by providing a book which both interacts so well and widely with differing opinions and which also clearly states the meaning of the biblical text and its significance for the church of this age and the days that follow I am therefore very thankful for its publication and heartily commend it George W Knight III President The Council on Biblical Manhood and Womanhood *Journal of Biblical Literature*, 1978 **Kierkegaard's Journals and Notebooks, Volume 11, Part 1** Søren Kierkegaard, 2019-11-26 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced Volume 11 Part 1 and Volume 11 Part 2 present an exciting enlightening and enormously varied treasure trove of papers that were found carefully sorted and stored by Kierkegaard himself in his apartment after his death These papers many of which have never before been published in English provide a window into many different aspects of Kierkegaard's life and creativity Volume 11 Part 1 includes items from his earliest formative years through his extensive studies at the university and up to the publication of *Either/Or* These

Recognizing the Messiah's Message Jeffrey Leath, 2015-03-09 Hebrews were waiting for the Messiah to come and set them free free from the bondage of the Roman enemy But then announced to a group of shepherds one night the Messiah arrived was wrapped in strips of cloth and took His royal position in a feed trough This was the Son of God who takes away the sins of the world He was given authority from His Father He would show signs of His Messiahship and have a great following because of His miraculous healings even bringing the dead back to life But His message was confusing to some He didn't meet the expectations of the Messiah He said that we should love our enemies He said that God was a loving heavenly Father and even referred to Him as Daddy Abba Father And then there was His message of relating to God through humility Matthews writing helped the early Hebrew Christians recognize Jesus is the Messiah an important message that encourages one to stand firmly in faith Recognizing and identifying with the Messiah's message will lead us to call upon our one true Teacher and Savior Jesus Christ through whom we receive God's loving grace and mercy

Coleridge Notebooks V5 Notes Kathleen Coburn, 2019-09-25 During his adult life until his death in 1834 Coleridge made entries in more than sixty notebooks Neither commonplace books nor diaries but something of both they contain notes on literary theological philosophical scientific social and psychological matters plans for and fragments of works and many other items of great interest Shortly after World War II Kathleen Coburn formerly of Victoria College in Toronto rediscovered this great collection of unpublished manuscripts With the support of the Coleridge estate she embarked on a career of editing and publishing these volumes and was awarded with many honours for her work including a Leverhulme Award 1948 a Guggenheim Fellowship 1953 a Fellowship in the Royal Society of Canada 1958 the Order of Canada 1974 and an honorary doctorate from her own university Originally projected as a five volume set each volume consisting of a book of text and a book of notes First published in 2002 Volume 5 of the Notes on the Notebooks of Samuel Taylor Coleridge spanning from 1827 to 1834 The volume is in two parts text and notes

The Notebooks of Samuel Taylor Coleridge Samuel Taylor Coleridge, 1957 This

final volume of Bollingen Series L covers the material Coleridge wrote in his notebooks between January 1827 and his death in 1834. In these years Coleridge made use of the notebooks for his most sustained and far reaching inquiries, very little of which resulted in publication in any form during his lifetime. Twenty eight notebooks are here published in their entirety for the first time; entries dated 1827 or later from several more notebooks also appear in this volume. Following previous practice for the edition, notes appear in a companion volume. Coleridge's intellectual interests were wide encompassing, not only literature and philosophy but the political crises of his time, scientific and medical breakthroughs and contemporary developments in psychology, archaeology, philology, biblical criticism and the visual arts. In these years he met and conversed with eminent writers, scholars, scientists, churchmen, politicians, physicians and artists. He planned a major work on Logic, still unpublished at his death, and an outline of Christian doctrine also unfinished, though his work toward this project contributed to *On the Constitution of the Church and State* 1830 and the revised *Aids to Reflection* 1831. The reader of these notebooks has the opportunity to see what one of the most admired minds of the English speaking world thought on several issues such as race and empire, science and medicine, democracy particularly in reaction to the Reform Bills introduced in 1831 and 1832 and the authority of the Bible when he wrote without fear of public disapprobation or controversy. **Kierkegaard's**

Journals and Notebooks, Volume 8 Søren Kierkegaard, 2015-08-18. For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought, psychology and contemporary aesthetics, especially literary theory. Despite his relatively short life Kierkegaard was an extraordinarily prolific writer, as attested to by the 26 volume Princeton University Press edition of all of his published writings. But Kierkegaard left behind nearly as much unpublished writing, most of which consists of what are called his journals and notebooks. Kierkegaard has long been recognized as one of history's great journal keepers, but only rather small portions of his journals and notebooks are what we usually understand by the term diaries. By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects: philosophical, religious, political, personal. Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought. We can witness the genesis of his published works to be sure, but we can also see whole galaxies of concepts, new insights and fragments, large and small, of partially or almost entirely completed but unpublished works. Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself. Kierkegaard wrote his journals in a two column format: one for his initial entries and the second for the extensive marginal comments that he added later. This edition of the journals reproduces this format; it includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced. Volume 8 of this 11 volume series includes five of Kierkegaard's important NB journals, Journals NB21 through NB25, which cover the period from September 1850 to June 1852 and which show Kierkegaard

alternately in polemical and reflective postures The polemics emerge principally in Kierkegaard's opposition to the increasing infiltration of Christianity by worldly concerns a development that in his view had accelerated significantly in the aftermath of the political and social changes wrought by the Revolution of 1848 Kierkegaard understood the corrupting of Christianity to be in the interest of the powers that be and he directed his criticism at politicians the press and especially the Danish Church itself particularly church officials who claimed to be reformers On the reflective side Kierkegaard delves into a number of authors and religious figures some of them for the first time including Montaigne Pascal Seneca Savonarola Wesley and F W Newman These journals also contain Kierkegaard's thoughts on the decisions surrounding the publication of the Anti Climacus writings The Sickness unto Death and especially Practice in Christianity Kierkegaard's reader gets the sense both of a gathering storm by the close of the last journal in this volume the famous attack on Christendom is less than three years away and a certain hesitancy What needs reforming Kierkegaard insists is not the doctrine or the Church but existences i e lives

Coleridge Notebooks V3 Notes Kathleen Coburn, 2019-09-25 First published in 2002 Volume 3 of the Notes on the Notebooks of Samuel Taylor Coleridge spanning from 1804 to 1819 The volume is in two parts text and notes During his adult life until his death in 1834 Coleridge made entries in more than sixty notebooks Neither commonplace books nor diaries but something of both they contain notes on literary theological philosophical scientific social and psychological matters plans for and fragments of works and many other items of great interest Shortly after World War II Kathleen Coburn formerly of Victoria College in Toronto rediscovered this great collection of unpublished manuscripts With the support of the Coleridge estate she embarked on a career of editing and publishing these volumes and was awarded with many honours for her work including a Leverhulme Award 1948 a Guggenheim Fellowship 1953 a Fellowship in the Royal Society of Canada 1958 the Order of Canada 1974 and an honorary doctorate from her own university Originally projected as a five volume set each volume consisting of a book of text and a book of notes

Journal of Education, 1914 *THE BLACK NOTEBOOKS* John O'Loughlin, 2018-10-29 Deriving its title from the black covered notebooks which were used in its formative composition this title brings John O Loughlin's metaphysical philosophy to its logical conclusion and is therefore probably the most logically comprehensive of all his works to date drawing the various strands of his Social Theocratic philosophy together and presenting it in the uniquely aphoristic style which allows for both formal sequences of related ideas maxims and for a more informal presentation of material aphorisms that is almost essay like in its relatively discursive character That said the material overall is carefully interwoven and taken well beyond the notebook stage of its inception so that one can feel confident this is no mere off the cuff project but the fruit of meticulous composition which should stand O Loughlin's philosophy in good stead as well as add a crucial dimension to it which would not have been possible in the past but which here comes to light in terms of how a basic antithesis namely that between energy and gravity plays out in a number of different or seemingly unrelated contexts in relation to what the author holds to be its gender conditioned genesis Some of

the material one should add has already been published in two previous titles viz Stations of the Supercross and Supercrossed but much of it has been reworked and revised here with the incorporation of some previously omitted content while much additional original material has also been included to give this project its unique character and justify its publication as in overall terms a less formal if not looser version of what might seem to some readers the too formal nature of in particular Supercrossed with its plethora of hyphenated phrases Therefore this should prove an easier though still far from uncomplicated book to read A Centretruths editorial The Bible Book Erasmus Hort, 1983 **The Journal of Education**, 1890
