*The Romance of the Lyric in Nineteenth-Century Women's Poetry* Lee Christine O'Brien, 2012-10-05 The Romance of the Lyric in Nineteenth Century Women s Poetry Experiments in Form offers a new account of the nature of the lyric as nineteenth century women poets developed the form It offers fresh assessments of the imaginative and aesthetic complexity of women s poetry The monograph seeks to redefine the range and cultural significance of women s writing using the work of poets who have not heretofore been part of critical accounts of nineteenth century lyric poetry These new voices are set beside new readings of the poetry of established figures for example Christina Rossetti s Goblin Market and Augusta Webster s Medea in Athens and Circe The monograph draws substantially on the poetry of Rosamund Marriott Watson who was lost to literary history before the restoration of her oeuvre through the scholarly and critical work of Professor Linda K Hughes to make the case that once neglected and lost voices provide new ways of determining the cultural centrality of women and the poetry they produced in one of the richest periods of poetic experimentation in the Western literary tradition This monograph contends that Watson s poetry and prose provide new ways of analyzing the complex and frequently transgressive nature of the lyric engagement of women with folklore and myth and with the growing understanding in the nineteenth century of the fragmented fluid self in general and of the writer in particular

**Form and Modernity in Women's Poetry, 1895-1922** Sarah Parker, 2024-02-29 While W. B. Yeats's influential account of the Tragic Generation claims that most fin de siècle poets died or at least stopped writing shortly after 1900 this book explodes this narrative by attending to the twentieth century poetry produced by women poets Alice Meynell Michael Field Katharine Bradley and Edith Cooper Dollie Radford and Katharine Tynan While primarily associated with the late nineteenth century these poets were active in the twentieth century but their later writing is overlooked in modernist dominated studies partly due to this poetry's adherence to traditional form This book reveals that these poets far from being irrelevant to modernity used these established forms to address contemporary concerns including suffrage sexuality motherhood and the First World War The chapters focus on Meynell's manipulations of metre to contemplate temporality and literary tradition Michael Field's use of blank verse to portray the conflicted modern

woman Radford's adaptation of the aesthetic song like lyric to tackle the experience of the city urban crime and suffrage and Tynan's employment of the ballad to soothe bereaved mothers during the First World War This book ultimately shows that traditional forms played a vital role in shaping mature women poets responses to modernity illuminating debates about form tradition and gender in twentieth century poetry **Teaching British Women Writers, 1750-1900** Jeanne

Moskal, Shannon R. Wooden, 2005 The exuberant recovery from obscurity of scores of British women writers has prompted professors and publishers to revisit publication of women's writings New curricular inclusion of these sometimes quirky often passionate writers profoundly disrupts traditional pedagogical assumptions about what constitutes literature This book addresses this radically changed educational landscape offering practical proven teaching strategies for newly recovered writers both in special topics courses and in traditional teaching environments Moreover it addresses the institutional issues confronting feminist scholars who teach women writers in a variety of settings and the kinds of career altering effects the decision to teach this material can have on junior and senior scholars alike Collectively these essays argue that teaching noncanonical women writers invigorates the curriculum as a whole not only by introducing the voices of women writers but by incorporating new genres by asking new questions about readers assumptions and aesthetic values and by altering the power relations between teacher and student for the better *The Free World* Louis Menand, 2021-04-20 An engrossing and
