How College Athletics Are Hurting Girls' Sports Rick Eckstein, 2017-03-09 More girls are playing sports than ever before which on the surface is great for girls because sports offer positive and empowering fun for young women In reality though few young athletes report fun as a reason they play sports The rates of concussions and repetitive use injuries are on the rise and kids are encouraged to specialize in a single sport at earlier and earlier ages spending much of their free time throughout the year dedicated to the pursuit of a single sport at the expense of friends other activities and sometimes health Alarmed by the stories he heard from young athletes in his classes sports scholar Rick Eckstein set out to investigate youth sports why young people are playing them how they have changed over time and their impact on kids and families Through three years of extensive research including surveys interviews and more Eckstein discovered that college athletics are having an alarming impact on youth sports particularly for girls How College Athletics Are Hurting Girls Sports looks closely at college sports and how they shape the athletic and personal landscape for girls and young women Filled with powerful interview excerpts from women athletes of all ages as well as coaches league officials and others the book chronicles how college and youth sports have become more commercialized to the detriment of participants The book looks at a range of sports with case studies including soccer field hockey ice hockey figure skating and Ultimate Frisbee The author celebrates sports potential to have a positive impact on a girl's life but he recommends changes in how college and youth athletics are structured to improve the experience of young athletes and to give them their childhood back *Chasing the Dream* Tracy McPhee, 1999

Two Keys to Enter a Parallel World Don Moore, 2024-11-08 Here's the question Could accepting without understanding be a curse that possibly leads us down a path where the Shepherd becomes the Sheep Consider this does the path of accepting without understanding liberate us from preconceived limitations opening us to a world of non-comprehensible possibilities Give thought to a scenario where the path is illuminated only by the light of logic and the science of reasoning leaving no space for anything that is not understood Let's paint a picture imagine two brothers each traversing a unique path from childhood to adulthood in vastly different realms of reality They peer out from their individual distinct windows What could possibly align these divergent paths
