New Public Management Current Trends And Future Prospects:

New Public Management Kathleen McLaughlin,Ewan Ferlie,Stephen Osborne P,2005-07-08 In this original comprehensive and multidisciplinary analysis of the impact of New Public Management in the UK leading international authorities present evaluations of current thinking and highlight the challenges for the future **New Public Management** Kate McLaughlin,Stephen P. Osborne,Ewan Ferlie,2002 **New Public Management** Kate McLaughlin,Stephen P. Osborne,Ewan Ferlie,2002 This book offers a comprehensive and multidisciplinary analysis of the impact of the new public management in the UK and throughout the world and situates these lessons in a broader comparative perspective **The State of Public Administration** Donald C Menzel,Harvey E White,2015-01-28 The trends and practices of public administration are ever changing and it is essential that they be appraised from time to time Designed as a capstone survey of the field The State of Public Administration focuses on leading edge issues challenges and opportunities that confront PA study and practice in the 21st Century Revisiting New Public Management and its Effects Abbas Strømmen-Bakhtiar,Konstantin Timoshenko,2021 Although over time numerous articles and books have been published on New Public Management NPM it is still being investigated with a sense of great urgency as its effects whether positive or negative have not yet been fully gauged and comprehended Given the rather controversial nature of the phenomenon of interest the purpose of this edited volume is to re invigorate and revisit the ongoing debate on NPM by providing a fresh perspective and novel insights into how NPM driven changes have been approached and more importantly the effects they have produced in the context of Norway The current volume comprises seven contributions penned by scholars and experts from all over Norway with a keen interest in NPM Five of them are geared towards assessing the effects of NPM style reforms on the Norwegian public healthcare sector in general and nursing in particular one deals with the impacts of NPM on Norwegian primary and lower secondary education and one traces the relationship between NPM and the most influential management accounting innovations of the last few decades It is our profound hope that the book will trigger fruitful discussions and broaden our understanding of NPM and its effects by providing lessons from the empirical evidence presented in the different chapters Captivating and instructive it will be of great interest for all readers keeping an eye on NPM including but not limited to students and scholars of public administration practitioners and policymakers

Autonomy and Regulation Tom Christensen, Per Lægreid, 2006-01-01 This book focuses on regulatory reforms and the autonomization and agencification of public sector organizations across Europe Canada New Zealand and Australia The central argument of the book is that regulation and agencification occur and perform in tandem Comparative analysis on the processes effects and implications of regulatory reform and the establishment of semi independent agencies are undertaken and the practice of trade offs between political control and agency autonomy is explored The contributors also discuss the challenges of fragmentation coordination joined up government and other government initiatives in the aftermath of the New Public Management movement and its focus on agencification Finally the complexity of deregulation re regulation new emergent forms of regulation control and auditing as well as reassertion of the centre are examined Until now there has been little attempt to link the study on regulation and regulatory reforms with that of autonomous central agencies In this book the two fields are brought together *Autonomy and Regulation* will find its audience amongst scholars and researchers working in the areas of political science public administration and public management organization theory institutional analyses and comparative administration It will also appeal to scholars and those directly involved in public sector and regulatory reforms including politicians and managers

Constraints and Driving Forces in Economic Systems Balázs Hámor, Miklós Rosta, 2016-01-14 What do the diametrically opposite tendencies in the height of the North Korean and South Korean population over the past sixty years the paternalism in the current pension systems and the Greek crisis have in common Readers should not promptly reply nothing as *Constraints and Driving Forces in Economic Systems* shows The contributions to this volume analysing various topics actually all discuss the same point the forces driving development and the constraints hindering progress in economic systems and subsystems

Freedom of Information Reform in China Weibing Xiao, 2013-03 Freedom of Information FOI in China is often perceived as a recent and intriguing phenomenon This book presents a more complex and detailed understanding of the evolution of FOI in China using information flow analysis to explore the gradual development of government receptivity to FOI in an information environment through time The book argues that it is necessary to reassess the widely divergent origins of FOI reform in China and asserts that social political and legal factors should have central roles in understanding the development of FOI in China The book uses information flow analysis to find that FOI reform in China formed part of a much longer process of increased transparency in the Chinese information environment which gradually shifted from the acceptance of proactive disclosure to that of reactive disclosure FOI thus has become a beneficiary of this gradual transformation of the Chinese information environment

Evaluating Investments in Health Care Systems Alessandro Scaletti, 2014-07-08 This book focuses on the innovative and more critical

management approach adopted in the PA Public Administration in order to identify and describe the main models and instruments to economically evaluate the decision making process in accordance to the specific conditions such as efficiency effectiveness cost and equity The manuscript pays special attention to this sector by identifying investigating and applying the main evaluation models logic and methods of the decision making process in particular in terms of investment decisions In the recent decades with reference to PA several managerial approaches have been developed from a business management perspective These managerial approaches differ in terms of variables analyzed such as the role of governance or the specific logics and mechanisms applied but all of them have a common goal which is the improvement of efficiency effectiveness economic and equitable decision making and operations in the PA This book investigates the different mentioned frameworks adopting a wider and integrated analysis perspective on the evaluation of investments in the health care system
