Geiser, Arnold Dolin, Gladys Topkis, 2019-06-04 When the first University of Denver Publishing Institute came to a close in
August 1976 all of us involved in its launching knew that we had a real success on our hands And we knew it was due in great
measure to an outstanding faculty of more than forty top publishing executives who had come to Denver during those four
weeks to teach our students How regrettable it seemed that their knowledge and expertise were available only to the eighty
students handpicked for that first class Fred Praeger publisher of Westview Press suggested a solution Do a book he invited
and let Westview publish the curriculum for others to share **The Early Information Society** Alistair Black, Dave
Muddiman, 2016-03-23 Whether termed the network society the knowledge society or the information society it is widely
accepted that a new age has dawned unveiled by powerful computer and communication technologies Yet for millennia
humans have been recording knowledge and culture engaging in the dissemination and preservation of information In The
Early Information Society the authors argue for an earlier incarnation of the information age focusing upon the period 1900
1960 In support of this they examine the history and traditions in Britain of two separate but related information rich
occupations information management and information science repositioning their origins before the age of the computer and
identifying the forces driving their early development The Early Information Society offers an historical account which
questions the novelty of the current information society It will be essential reading for students researchers and practitioners
in the library and information science field and for sociologists and historians interested in the information society Digital
