**THE 1946 PROJECT** Edward D. Andrews,2021-10-28 The claim is that in 1946 theology history culture and politics led to a biblical mistranslation of catastrophic proportions Supposedly the 1946 movie is a revolutionary documentary that chronicles how the misuse of a single word in 1 Corinthians 6 9 changed the course of modern history The 1946 Movie says that their research was a journey which unveils the mystery of how theology history culture and politics led to a Biblical mistranslation the man who tried to stop it and the impassioned academic crusade of the LGBTQIA Christian community driven to discover the truth More than 45 000 churches today still preach that homosexuality is a sin citing biblical references that condemn homosexuals 1946 Movie asks What would change if churches discovered the truth the word homosexual was added to the Bible in 1946 by mistake Was it added by mistake Andrews author of 170 books in THE 1946 PROJECT will investigate this claim and see if the filmmakers discovered the truth or created their own truth *Revelation* Christopher A. Andrews,2016-11-03 **Dalit Theology, Boundary Crossings and Liberation in India** Jobymon Skaria,2022-11-03 Jobymon Skaria an Indian St Thomas Christian Scholar offers a critique of Indian Christian theology and suggests that constructive dialogues between Biblical and dissenting Dalit voices such as Chokhamela Karmamela Ravidas Kabir Nandanar and Narayana Guru could set right the imbalance within Dalit theology and could establish dialogical partnerships between Dalit Theologians non Dalit Christians and Syrian Christians Drawing on Biblical and socio historical resources this book examines a radical yet overlooked aspect of Dalit cultural and religious history which would empower the Dalits in their everyday existences The Generative Church Cory Seibel,2019-10-10 Virtually all churches aim to invest meaningfully in the faith development of the younger generations who have been entrusted into their care Some churches have a longstanding track record of faithfulness in living out this commitment Some lose sight of this priority over time and allow their intentionality to fade This book makes a distinctive contribution to our understanding of children s youth and young adult ministries by appropriating Erik Erikson s concept of generativity the interest in establishing and guiding the next

generation as a way of exploring congregational life Eleven accomplished authors representing five different countries provide diverse theological and cultural perspectives on key aspects of what it means for churches to invest intentionally in the faith development of the members of emerging generations Their chapters challenge us to think about the intergenerational dynamics of our churches the crucial partnership between church and parents and what it means to involve young people meaningfully in the life of the church The intriguing topics explored by this group of authors and the diverse contexts from which they write promise to broaden and enrich our thinking about caring for children youth and young adults as a vital responsibility shared by the entire congregation     Acts Dennis Gaertner, 1995
