Saint Thomas the Apostle: New Testament, Apocrypha, and Historical Traditions Johnson Thomaskutty, 2018-02-22 Are the Thomas references in the Gospel of John the Thomas compositions and the early Thomas traditions in northwestern and southern India purely legendary as biblical scholars have assumed or do they preserve unexamined historical traditions intermittently as the Thomas Christians in India have believed Didymus Judas Thomas is one of the most misunderstood characters from the beginning of the New Testament history and interpretation In this study Thomaskutty addresses the following questions whether Thomas was merely a doubting Thomas or a genuine Thomas Can we understand Thomas comprehensively by bringing the New Testament apocrypha and historical traditions together How was Thomas connected to eastern Christianity and how does the Thomas literature support not support this connectivity Can we understand the Thomas traditions related to Judea Syria and India with the help of canonical extra canonical and traditio historical documents Thomaskutty investigates the development of the Thomas literature right from the beginning examining and questioning the approaches and methodologies that have been employed in interpreting these documents and analyzes the Thomas literature closely in order to understand the character his mission involvements and the possible implications this may have for understanding early Christianity in the east *The Student's New Testament Compilation*, 1928 *The Oxford Handbook of the Bible in Orthodox Christianity* Eugen J. Pentiuc, 2022-07-26 The Oxford Handbook of the Bible in Orthodox Christianity investigates the various ways in which Orthodox Christian i e Eastern and Oriental communities have received shaped and interpreted the Christian Bible The handbook is divided into five parts Text Canon Scripture within Tradition Toward an Orthodox Hermeneutics and Looking to the Future The first part focuses on how the Orthodox Church has never codified the Septuagint or any other textual witnesses as its authoritative text Textual fluidity and pluriformity a characteristic of Orthodoxy is demonstrated by the various ancient and modern Bible translations into Syriac Coptic Ethiopian Armenian among other languages The second part discusses how unlike in the Protestant and Roman Catholic faiths where the canon of the Bible is closed and limited to 39 and 46 books respectively the Orthodox canon is open ended consisting of 39 canonical books and 10 or more anaginoskomena or readable books as additions to Septuagint The third part shows how unlike the classical Protestant view of sola scriptura and the Roman Catholic way of placing Scripture and

Tradition on par as sources or means of divine revelation the Orthodox view accords a central role to Scripture within Tradition with the latter conceived not as a deposit of faith but rather as the Church's life through history The final two parts survey traditional Orthodox hermeneutics consisting mainly of patristic commentaries and liturgical interpretations found in hymnography and iconography and the ways by which Orthodox biblical scholars balance these traditional hermeneutics with modern historical critical approaches to the Bible

Jewish Traditions in Early Christian Literature, Volume 3 Philo in Early Christian Literature Douwe (David) Runia, 1993-01-01 It is a remarkable fact that the writings of Philo the Jew from Alexandria were preserved because they were taken up in the Christian tradition But the story of how this process of reception and appropriation took place has never been systematically researched In this book the author first examines how Philo's works are related to the New Testament and the earliest Christian writing and then how they were used by Greek and Latin church fathers up to 400 c e with special attention to the contributions of Clement Origen Didymus Eusebius Gregory of Nyssa Ambrose and Augustine Philo in Early Christian Literature is a valuable guide to the state of scholarly research on a subject that has thus far been investigated in a rather piecemeal fashion

The Gospel of the Narrative 'we' Bartosz Adamczewski, 2010 The work analyses the current state of research on the problem of the relationship of the Fourth Gospel to the Synoptic Gospels It proves that the Fourth Gospel which was written c AD 140-150 is a result of systematic sequential hypertextual reworking of the Acts of the Apostles with the use of the Synoptic Gospels more than ten other early Christian writings Jewish sacred Scriptures and Josephus works The work also demonstrates that the character of the disciple whom Jesus loved functions in the Fourth Gospel as a narrative embodiment of all generations of the Pauline post Pauline and post Lukan Gentile Christian Church These features of the Fourth Gospel imply that it was intended to crown and at the same time close the canon of the New Testament writings

Pillars in the History of Biblical Interpretation, Volume 3 Stanley E. Porter, Zachary K. Dawson, 2021-06-07 This third volume like its predecessors adds to the growing body of literature concerned with the history of biblical interpretation With eighteen essays on nineteen biblical interpreters volume 3 expands the scope of scholars both traditional and modern covered in this now multivolume series Each chapter provides a biographical sketch of its respective scholar's an overview of their major contributions to the field explanations of their theoretical and methodological approaches to interpretation and evaluations and applications of their methods By focusing on the contexts in which these scholars lived and worked these essays show what defining features qualify these scholars as pillars in the history of biblical interpretation While identifying a scholar as a pillar is somewhat subjective this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward at least within a given context and time period This volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development

NEW TESTAMENT CONTEXTUAL COMMENTARY

Dr. Robert R. Seyda, 2024-03-26 The Apostle John tells his readers he has an important message to tell them It is about a person who was already there before the beginning of the world We heard him speak We ve seen Him with our own eyes We watched Him and we touched Him He is the Word that gives us life with God This is the message God is completely good and pure He is like light There is nothing dark about Him Amazingly John tells us that one of the things Jesus wanted us to understand is that by loving others we love God Yes we do make mistakes and so do other believers but we are not to hold that against them because just as we were given forgiveness by God s mercy and grace since we are in union with His Son so can they What we are not to do is claim access to this privilege but then live like those in the world Our goal is not just life but eternal life After all we are God s children and no child of God keeps on sinning after they are born again through Jesus the Anointed One

The Aberdeen University Calendar University of Aberdeen, 1920 **Does It Matter Who Wrote the Bible?** David B. Capes, 2025-05-20 Students in seminary or graduate theology programs learn that some books in the Bible are anonymous Their professors will make the point that many Pauline letters have disputed authorship and may in fact not be written by Paul Students will also learn about the practice of pseudonymity in the world of the Bible and how some Gospels or letters are written under a false name Now for those who become pastors or church leaders what are they to do with what they learn Do they teach their congregants about these authorship questions Do they ignore that part of their training as irrelevant to the task Do they avoid teaching or reading publicly from disputed books Do these questions not matter in the end because the church settled on the canon This book aims to address these pastoral challenges An international group of scholars from universities seminaries and graduate theology programs convened to discuss these matters at the Lanier Theological Library in May 2022 These essays represent how many faculty are wrestling with the pastoral implications of anonymity and pseudonymity in the New Testament
