**Psychiatric Consequences of Brain Disease in the Elderly: A Focus on Management** D. Conn,2012-12-06 Alzheimer s disease stroke and Parkinson s disease are the most prevalent brain diseases in the elderly The psychiatric and

behavioural consequences of these and other brain disorders contribute greatly to the decline in function of these patients often leading to greater suffering and a decreased quality of life placement in institutions and increased stress on the family and other caregivers The authors in this book discuss the psychiatric consequences of brain disease in the elderly with a particular focus on the management of these disorders We have tried to keep the content of this book clinically relevant throughout by using a series of case examples and by emphasizing the various treatment strategies and forms of management available to the health care professional In attempting to understand these disorders it is important to place equal emphasis on biological psychological and social factors Because of the complexity and chronicity of these conditions multidisciplinary intervention is crucial We believe that this book will be helpful to all those working with the elderly whether in the community or in the institution This includes physicians nurses social workers occupational therapists psychologists and all those working with this patient population

**Of Time, Passion, and Knowledge** Julius Thomas Fraser, 1990-04 Only a wayfarer born under unruly stars would attempt to put into practice in our epoch of proliferating knowledge the Heraclitean dictum that men who love wisdom must be inquirers into very many things indeed Thus begins this remarkable interdisciplinary study of time by a master of the subject And while developing a theory of time as conflict J T Fraser does offer many things indeed an enormous range of ideas about matter life death evolution and value
