Molly Brant Peggy Dymond Leavey, 2015-04-25 Molly Brant, a Mohawk girl born into poverty in 1736, became the consort of Sir William Johnson, one of the wealthiest white men in 18th century America. Suspected of being a spy for the British during the American Revolution, Molly was forced to flee with her children or face imprisonment. Because of her ability to influence the Mohawks, her assistance was needed at Fort Niagara and she found refuge there. A respected Mohawk matron, Molly became a vital link between her people and the Canadian Indian Department. Like her brother Joseph, she worked hard to keep five of the Six Nations on the side of the British throughout the war, believing the empty promises that all would be restored to them once the conflict ended. Although she was seen as fractious and demanding at times, her remarkable stamina and courage gained the respect of the highest levels of Canadian government. Mary Pickford Peggy Dymond Leavey, 2011-09-14 Mary Pickford's ambition, passion, innate talent and savvy business acumen sent her career into the stratosphere and set the blueprint for the modern movie star. Born Gladys Louise Smith in 1892, Pickford was raised in a house on University Avenue in Toronto and began her acting career on the stage. However, her determination led her to the new world of motion pictures where she not only revolutionized acting method but negotiated her own terms for the highest salary for any actress and complete creative control over her films, unheard of behaviour for a woman of that period. Pickford co-founded United Artists in 1919 with Douglas Fairbanks and Charlie Chaplin, which turned the existing studio system on its head. The actress's subsequent marriage to Fairbanks incited a fan frenzy comparable to today's obsession with couples like Brad Pitt and Angelina Jolie. Although Pickford's star faded with the advent of talking pictures, she was the catalyst for the culture of Hollywood celebrity that entralls us today.
