decorative painting work on a large or unusual scale for private interiors This illustrated book focuses on the many decorative works carried out by the four artists between 1890 and 1930 During these years they moved beyond the narrow parameters of easel painting and applied their wholly untraditional aesthetic of decoration to a wide range of works for domestic interiors from wall size ensembles to folding screens The cosmopolitan group of patrons who made this work possible ranged from the avant garde circle of La Revue Blanche to prominent members of the French establishment An examination of their role and tastes is another fascinating feature of this publication The book and accompanying exhibition reunite paintings that have long been dispersed introducing contemporary viewers to a group of bold and evocative works which had a wide ranging though little recognized influence on modern art As the book s authors argue the aesthetic embodied by these works indeed helped set the stage for the large non narrative paintings by artists as diverse as Rothko and Lichtenstein that came to dominate the avant garde after World War II BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Journal for Weavers, Spinners & Dyers*, 2004 **Type IV**

Prague and Beyond Kateřina Čapková, Hillel J. Kieval, 2021-08-06 Prague s magnificent synagogues and Old Jewish Cemetery attract millions of visitors each year and travelers who venture beyond the capital find physical evidence of once vibrant Jewish communities in towns and villages throughout today s Czech Republic For those seeking to learn more about the people who once lived and died at those sites however there has until now been no comprehensive account in English of the region s Jews Prague and Beyond presents a new and accessible history of the Jews of the Bohemian Lands written by an international team of scholars It offers a multifaceted account of the Jewish people in a region that has been over the

centuries a part of the Holy Roman Empire and the Habsburg Monarchy was constituted as the democratic Czechoslovakia in the years following the First World War became the Nazi Protectorate of Bohemia and Moravia and later a postwar Communist state and is today's Czech Republic. This ever-changing landscape provides the backdrop for a historical reinterpretation that emphasizes the rootedness of Jews in the Bohemian Lands, the intricate variety of their social, economic, and cultural relationships, their negotiations with state power, the connections that existed among Jewish communities, and the close if often conflictual ties between Jews and their non-Jewish neighbors. *Prague and Beyond* is written in a narrative style with a focus on several unifying themes across the periods. These include migration and mobility, the shape of social networks, religious life and education, civic rights, citizenship, and Jewish autonomy, gender, and the family, popular culture, and memory, and commemorative practices. Collectively, these perspectives work to revise conventional understandings of Central Europe's Jewish past and present and more fully capture the diversity and multivalence of life in the Bohemian Lands.

Conservation of Easel Paintings Joyce Hill Stoner, Rebecca Rushfield, 2013-02-15. *Conservation of Easel Paintings* is the first comprehensive text on the history, philosophy, and methods of treatment of easel paintings that combines both theory with practice. With contributions from an international group of experts and interviews with important artists, this volume provides an all-encompassing guide to necessary background knowledge in technical art history, artists' materials, scientific methods of examination and documentation, with sections that present varying approaches and methods for treatment, including consolidation, lining, cleaning, retouching, and varnishing. The book concludes with a section featuring issues of preventive conservation, storage, shipping, exhibition, lighting, safety issues, and public outreach. *Conservation of Easel Paintings* is a crucial resource in the training of conservation students and will provide generations of practicing paintings conservators and interested art historians, curators, directors, collectors, dealers, artists, and students of art and art history with invaluable information and guidance.

Overshot Susan Falls, Jessica R. Smith, 2020-03-01. Woven coverlets have appeared in several guises within the history of folk textiles. Created on four-harness looms, coverlets made in the nineteenth-century American South typically featured colored wool and cotton threads woven into striking geometric patterns. Although they are not as well known as other textiles and domestic objects, overshot coverlets were and continue to be significant examples of material culture that require tremendous skill and creativity to produce. They also express currents of conformity and dissent. In addition to being pleasing to the eye and hand, overshot coverlets have advanced a variety of social and political ends. At times exhibited in slave quarters along the seaboard in Georgia and South Carolina in association with plantation properties, they also appear in piedmont areas attached to the antebellum yeomanry in the context of nationalist craft revivals and in white box contemporary art. With *Overshot*, Susan Falls and Jessica R. Smith analyze what we can learn by examining the exhibition and interpretation of these materials within American public history. By showing how geometric overshot coverlets can be understood in relationship to the global economy and within politicized cultural movements, Falls and Smith

demonstrate how these erstwhile domestic utilitarian objects explode the art craft dichotomy belong to a rich narrative of historical art forms and tell us far more about American culture today than simply representing a nostalgic past particularly with regard to ideas about race class nationalism women s labor and the separation of private versus public spaces
