Bannister, 1980-01-01 **Reflections in Personal Construct Theory** Richard Butler, 2009-03-18 Internationally renowned practitioners discuss the impact of reflexivity on their work giving those new to personal construct psychology valuable insights and guidance on managing the therapeutic relationship. Reflexivity is a key methodological issue in psychological theory and practice and is an area of growing interest. Tessa ; The Trader's Wife Louis Becke, 1901 A small squat and dirty looking trading steamer with the name *Motutapu* painted in yellow letters on her bows and stern lay at anchor off the native village of *Utiroa* on *Drummond's Island* in the *Equatorial Pacific*. She was about 800 tons burden and her stained and rusty sides made her appear as if she had been out of port for two years instead of scarcely four months. At this present moment four of her five boats were alongside each one piled high over the gunwales with bags of copra which the steam winch was hoisting in as quickly as possible for night was drawing on and Captain *Louis Hendry* who was then ashore had given orders to the mate a burly *Yorkshireman* named *Oliver* to be ready to heave up at six o'clock. The day had been intensely hot and windless the sea lay sweltering leaden hued and misty and the smoke from the native houses in *Utiroa* village hung low down amid the groves of coco palms which encompassed it on three sides. *The Quiet Gentleman* *Georgette Heyer*, 2011-06-01 One of bestselling author *Georgette Heyer's* most suspenseful Regency romances *The Quiet Gentleman* combines an ingenious mystery plot with her signature

witty style and effervescently engaging characters Less than a hero's welcome Returning to his family seat from Waterloo Gervase Frant seventh Earl of St Erth could have expected more enthusiasm for his homecoming His quiet cousin stepmother and young half brother seem openly disappointed that he survived the wars And when he begins to fall for his half brother's sweetheart his chilly reception goes from unfriendly to positively murderous Praise for Georgette Heyer and *The Quiet Gentleman* Fascinating reading authentic atmosphere in a delightful English tale Chicago Sunday Tribune Georgette Heyer was one of the great protagonists of the historical novel in the post war golden age of the form Her regency romances are delightful light reading and her historical novels such as *The Spanish Bride* and *An Infamous Army* demonstrate how fiction and history can work together to make a valuable literary form Philippa Gregory bestselling author Stand Magazine ,

Creative Construing Jörn W. Scheer, Kenneth W. Sewell, 2006 The Psychology of Personal Constructs as devised by the American psychologist George Kelly stresses the importance of the meanings that individuals attach to persons and events in the world surrounding them Originating in clinical psychology it has increasingly attracted the interest of scholars and practitioners working in education in organisations and in other disciplines working with people As there are hardly more personal processes than creative ones it seems appropriate to look at the arts from a personal construct psychology perspective This book presents for the first time analyses of creative processes but it features also personal accounts by creative people who write sing dance act and make music **The Saturday Evening Post** , 1925 Suicide Risk

Assessment and Prevention Maurizio Pompili, 2022-12-19 This book explores suicide prevention perspectives from around the world considering both professionals' points of view as well as first person accounts from suicidal individuals Scholars around the globe have puzzled over what makes a person suicidal and what is in the minds of those individuals who die by suicide Most often the focus is not on the motives for suicide nor on the phenomenology of this act but on what is found from small cohorts of suicidal individuals This book offers a tentative synthesis of a complex phenomenon and sheds some light on models of suicide that are less frequently encountered in the literature Written by international experts it makes a valuable contribution to the field of suicidology that appeals to a wide readership from mental health professionals to researchers in suicidology and students

The Selected Works of Louis Becke Louis Becke, In that delightful and exciting book written by Captain Joshua Slocum and entitled *Sailing Alone Round the World* there is a part wherein the adventurous American seaman relates how he protected himself from night attacks by the savages by a simple but efficient precaution It was his custom when he anchored for the night off the snow clad and inhospitable shores of Tierra del Fuego to profusely sprinkle his cutter's deck with sharp tacks and then calmly turn in and sleep the sleep of the just for even the horny soles of the Fuegian foot is susceptible to the business end of a tack and as I read Slocum's story I smiled and thought of dear old Yorke and the Francesco I first met Yorke early in the seventies Our vessel had run in under the lee of the South Cape of New Britain to wood and water and effect some repairs for in working northward through the Solomon Group on a special mission to a

certain island off the coast of New Guinea we had met with heavy weather and had lost our foretopmast In those days there was not a single white man living on the whole of the south coast of New Britain from St George s Channel on the east to Dampier s Straits on the west a stretch of more than three hundred miles and little was known of the natives beyond the fact of their being treacherous cannibals In Blanche Bay only on the northern shore was there a settlement of a few adventurous English traders the employees of a rich German company and these were only acquainted with the natives in their own vicinity Even the masters of trading vessels avoided the south coast of the great island not only on account of the dangerous character of its inhabitants but also because there was not they thought anything to tempt them to risk their and their crews lives for the shore nearly everywhere presented a line of dense unbroken forest with but scanty groves of coco palms at long intervals and even had there been many such groves no communication could be had with the people In the wild days of the seventies the practice of cutting up and drying the coconut into what is known as copra had scarcely made any headway in those parts of New Britain New Ireland and the Solomon and New Hebrides Groups which were visited by trading vessels the nuts were turned into oil by a crude and wasteful process known as rotting The captain of our little vessel was one of the oldest and most experienced trading skippers in the Western Pacific grim resolute and daring but yet cautious of his men s lives if not of his own so when he decided to anchor under the lee of the South Cape he chose a part of the coast which seemed to be but scantily inhabited The dense forest which came down to the water s edge concealed from view any village that might have been near us but the presence of smoke arising from various spots denoted that there were some natives living in the vicinity though we could not see any canoes We brought to about half a mile from the shore Two boats were at once lowered manned and armed and under the captain s guidance set out to search for water which we knew we should have but little difficulty in finding even on the south coast of New Britain which is not nearly so well watered as the northern shore of the island In the captain s boat were six men besides himself I was in charge of the covering boat manned by six native seamen and carrying three water casks all we could stow Pulling in together close to the shore the captain then went ahead my boat following at the regulation distance of fifty yards only four hands rowing in each leaving four men to keep a look out for natives
