Galvin, 1991-01-01 Unique among contemporary resources the landmark Systematic Theology and its distinguished contributors present the major areas or loci of Roman Catholic theology in light of contemporary developments especially the sea change since Vatican II thought the best new historical studies of traditional doctrines and Scripture and the diverse creative impulses that come from recent philosophy and hermeneutics culture and praxis and ecumenical contacts This new volume combines and updates both previous volumes incorporates into the framework nearly twenty years of fresh thought and bibliography in each area and adds revisions to key articles to take account of a diverse fluid and postmodern situation *Sex and the Sacred* Daniel A Helminiak, 2012-12-06 A down to earth look at the spiritual power of sex Sex and the Sacred examines the spiritual dimension of human sexuality in a way that is free of religious affiliation but still open to traditional religion and belief in God Dr Daniel Helminiak author of the best selling What the Bible Really Says about Homosexuality looks at the relationship between sexuality and spirituality first from a humanistic perspective and then a more familiar Christian point of view In particular he encourages LGBTI people to reclaim their spiritual heritage without apology This unique book emphasizes spiritual commitment as an essential facet of LGBTI queer consciousness and addresses such burning themes as coming out the importance of self acceptance gay marriage gay bashing and the ethics of gay sex Sex and the Sacred combines a psychological approach to spirituality with common sense and compassion inspiring a break from moralistic religion and an understanding of what true spirituality means The book applies this understanding to Christian topics such as the Bible Fundamentalism and the future of Christianity and shows how coming out was an issue for Jesus how homosexual experience relates to the Christian Trinity and how Western Civilization became so sex negative Sex and the Sacred presents in the end a radical vision of Christianity open to all people Religious leaders of all denominations educators counselors members of the gay lesbian bisexual transgender community non religious spiritual seekers and anyone interested in the relationship between spirituality and sexuality will find this book enlightening and uplifting Sex and the Sacred examines the spiritual drive that is built into human sexuality the standard religious arguments against gay marriage a sustained argument that Biblical Fundamentalism is not Christian spiritual lessons from the AIDS epidemic the right and wrong of sexqueer and otherwise homosexuality in Catholic teaching and practice sexual ethics without religion a vision for a renewed Christianity within a global community

The Analogy of Love Gary Chartier, 2015-11-09 This book offers an overview of Christian theology organized around the twin themes of divine and human love The book covers the traditional theological topics as well as basic questions of theological method It seeks to integrate a focus on love throughout While love is regularly canvassed as a dominant theme in Christian thought it has rarely been the focus of Christian theological construction or a constraint on theological formulation

The book seeks to suggest chapter by chapter how a given topic relates to the broad theme of love The book is written in a way designed to make it accessible to university students and educated laypersons At the same time it takes positions on controverted scholarly issues and the methodological approach outlined at the beginning will be of interest to academic theologians

Systematic Theology Francis Schussler Fiorenza,John P. Galvin,2011-05-01 Unique among contemporary resources the landmark Systematic Theology and its distinguished contributors present the major areas or loci of Roman Catholic theology in light of contemporary developmentsespecially the seachange since Vatican II thought the best new historical studies of traditional doctrines and Scripture and the diverse creative impulses that come from recent philosophy and hermeneutics culture and praxis and ecumenical contacts This new volume combines and updates both previous volumes incorporates into the framework nearly twenty years of fresh thought and bibliography in each area and adds revisions to key articles to take account of a diverse fluid and postmodern situation

Brain, Consciousness, and God Daniel A. Helminiak,2015-07-16 Brain Consciousness and God is a constructive critique of neuroscientific research on human consciousness and religious experience An adequate epistemology a theory of knowledge is needed to address this topic but today there exists no consensus on what human knowing means especially regarding nonmaterial realities Daniel A Helminiak turns to twentieth century theologian and philosopher Bernard Lonergan s breakthrough analysis of human consciousness and its implications for epistemology and philosophy of science Lucidly summarizing Lonergan s key ideas Helminiak applies them to questions about science psychology and religion Along with Lonergan eminent theorists in consciousness studies and neuroscience get deserved detailed attention Helminiak demonstrates the reality of the immaterial mind and addressing the Cartesian mind body problem explains how body and mind could make up one being a person Human consciousness is presented not only as awareness of objects but also as self presence the self conscious experience of human subjectivity a spiritual reality Lonergan s analyses allow us to say exactly what spiritual means and it need have nothing to do with God

Religion and Ethnocentrism Dave Dean Capucio,2010-05-10 Previous studies reveal that religion despite its ideal of solidarity hospitality and compassion has been the primary origin of ethnocentrism However other researches dispute this sweeping claim by indicating several other factors that affect this complex relationship This empirical theological study is an endeavour to dig deeper into these factors by examining the extent to which a number of religious images which are culled from five religious themes namely God Jesus Spirit salvation and church contribute to ethnocentrism

It situates these religious attitudes within the framework of the Dutch civil religion and the different reactions to it by contemporary Dutch catholic believers

The Identity of Christ in Islam
Frederic Ntedika Mvumbi, 2008

Comparing Faithfully Michelle Voss, 2016-09-01 Every generation of theologians must respond to its context by rearticulating the central tenets of the faith Interreligious comparison has been integral to this process from the start of the Christian tradition and is especially salient today The emerging field of comparative theology in which close study of another religious tradition yields new questions and categories for theological reflection in the scholar's home tradition embodies the ecumenical spirit of this moment This discipline has the potential to enrich systematic theology and by extension theological education at its foundations The essays in *Comparing Faithfully* demonstrate that engagement with religious diversity need not be an afterthought in the study of Christian systematic theology rather it can be a way into systematic theological thinking Each section invites students to test theological categories to consider Christian doctrine in relation to specific comparisons and to take up comparative study in their own contexts This resource for pastors and theology students reconsiders five central doctrines of the Christian faith in light of focused interreligious investigations The dialogical format of the book builds conversation about the doctrine of God theodicy humanity Christology and soteriology Its comparative essays span examples from Hindu Buddhist Jewish Muslim Jain and Confucian traditions as well as indigenous Aztec theology and contemporary spiritual but not religious thought to offer exciting new perspectives on Christian doctrine

Encountering Christ in the Suffering Humanity (Mt 25:31-46) Cynthia Pinto, 2011

Spirituality for Our Global

Community Daniel A. Helminiak, 2008-02-08 In this groundbreaking book Daniel Helminiak provides a crucial spiritual option a middle path between modern society's secular materialism and traditional religion's otherworldly focus and institutional dogmatism The functional atheism of our contemporary consumer and scientific society as championed by current best selling authors Sam Harris *The End of Faith* Richard Dawkins *The God Delusion* and Christopher Hitchens *God is Not Great* doesn't satisfy our desire for lasting meaning and value But the parochial inflexible character of traditional religious beliefs increasingly result in personal local and global conflicts in our current world of pluralism globalization respect for science and progress Helminiak gives us a compelling vision of a global spirituality that downplays beliefs and emphasizes the essential spiritual dynamics of the common human quest for wholeness goodness freedom and community Spirituality for a Global Community builds on the spiritual facet of our common humanity stressing wholesome living on planet Earth and opening onto the range of religions and belief in God

WHEN—Questions for Catholicism Michael J. Tkacik, 2022-07-01 Jesus calls the church to be a sacrament to the world Sadly many women LGBTQ persons people of other faiths and lay persons experience suffering due to certain words and actions of the Catholic Church At times the language and practices of the church leave some people feeling as if their voices have been silenced their roles limited and their vocations impeded Some often feel underappreciated and disrespected This work explores a vision for the future church which faces these challenges and illuminates possible solutions Every person has gifts given by God for the building up of the church Through a thorough exploration of biblical and church teachings alternative views of these issues provide a path to inclusion for all This book is intended to bring comfort hope and healing to those who have been marginalized It also offers a map for the church as it journeys to be more of what Christ calls it to be In a manner faithful to the gospel reforms for the church are considered that open it to what the Spirit might be saying When is the time for all persons to be valued welcomed empowered and respected Now
