Samin Movement:

Culture and Politics in Indonesia Claire Holt, 2007 In these studies scholars from the United States and Indonesia identify some of the cultural roots of Indonesian political behavior The authors representing the fields of anthropology history and political science explore the ways in which traditional institutions beliefs values and ethnic origins affect notions of power and rebellion influence political party affiliations and create new modes of cultural expression Using two different but contemporary approaches the authors show what can be learned about Indonesia through use of the Western concepts of culture and politics Professors Lev Liddle and Sartono illustrate how much can be gained from presenting Indonesian life in Western terms while Professors Abdullah and Anderson contrast Indonesian and Western ideas In an Afterword Clifford Geertz reflects on the questions raised in these essays by discussing the tense relationships between Indonesian political institutions and the cultural framework in which they exist CLAIR HOLT was until her death in 1970 Senior Research Associate of the Modern Indonesia Project Cornell University In Indonesia she served as assistant to the late Dr W F Stutterheim the noted archaeologist and cultural historian She lectured extensively in Europe the Far East and the United States on Indonesian culture and worked as a researcher and training specialist for the US Department of State

The Emergence Of Modern Southeast Asia Norman G. Owen, 2005-01-01 The modern states of Indonesia Vietnam Thailand the Philippines Myanmar Malaysia Singapore Cambodia Laos Brunei and East Timor were once a tapestry of kingdoms colonies and smaller polities linked by sporadic trade and occasional war By the end of the nineteenth century however the United States and several European powers had come to control almost the entire region only to depart dramatically in the decades following World War II perspective on this complex region Although it does not neglect nation building the central theme of its popular and long lived predecessor *In Search of Southeast Asia* the present work focuses on economic and social history gender and ecology It describes the long term impact of global forces on the region and traces the spread and interplay of capitalism nationalism and socialism It acknowledges that modernization has produced substantial gains in such areas as life expectancy and education but has also spread dislocation and misery Organizationally the book shifts between thematic chapters that describe social economic and cultural change and country chapters emphasizing developments within specific areas will establish a new standard for the history of this dynamic and radically transformed region of the world **Koreri** F.Ch. Kamma, 2024-10-28 ICSSED 2020 Muhammad Nur Sa'ban, Benni Setiawan, Danu Eko Agustinova, Sutanto Trijuni Putro, Robbi Rahim, 2020-11-04 The theme of the conference is Reconstructing Morals Education and Social Sciences for Achieving Sustainable Development Goals This theme was formulated due to several considerations First the symptoms of moral decline that have the potential to destroy the nation Morals guide humanity towards truth and civilization The phenomenon of the dehumanization process in the industrial era that pushed people to be part of abstract societies tends to ignore humanity The education process as a humanitarian system is increasingly marginalized especially during discussions about the industrial revolution 4.0 and Society 5.0 The conference placed six sub themes for speakers and participants to share ideas namely Social Sciences and Laws History and Cultural Studies Interdisciplinary Studies Morals and Humanities Policy Politics and Communication Education The committee has received 195 abstracts from prospective speakers However there are only 80 abstracts that are eligible to be presented at this conference *In Search of Southeast Asia* David Joel Steinberg, David P. Suwandi,2021-10-25 This book is a remarkable study of a contemporary Javanese millenarian community based on a careful and nuanced exposition of the ideas of this community and its leader Embah Wali who looked to the coming of the Just King Ratu Adil in the person of the Sultan of Yogya In the Blitar region East Java where the community is centred Embah Wali and his followers created a world in which wayang functioned as the basis for an interpretation of living and being in the world Adept in linguistic manipulation of the Javanese language Embah Wali and his disciples created a world of meaning that was unique to their community The author tells the story of Embah Wali and his followers describes the phases of their movement and relates these developments to the turbulent social and political events that have occurred in Java over more than a half century from the 1930s through the 1980s This first hand study of a Javanese messianistic movement contributes to our understanding of Javanese rural culture and politics As a Javanese from Blitar Raharjo Suwandi was fortunately positioned to be able able to study and interpret this movement in the midst of its most lively period and then to follow its development to the death of its founder **Indonesia** Jean Gelman Taylor,Yale Univ Pr,2003-01-01 Sociale geschiedenis van Indonesi

The Political Ecology of Forestry in Burma, 1824-1994 Raymond L. Bryant,1997-08-01 The author examines how the Burmese state has sought to control the country s forest activities and the ways in which groups relying on the forest for their livelihood loggers transnational corporations cultivators peasants have fought such control *ICISPE 2019* Bulan Prabawani ,Rouli Manalu ,Laila Khalid Alfirdaus,Retna Hanani ,Mohammad Rosyidin,2020-04-23 Hosted by the Faculty of Social and Political Sciences Universitas Diponegoro Indonesia International Conference on Indonesian Social and Political Enquiries ICISPE serves as a strategic venue for academicians and practitioners whose interest is Indonesian social and

political studies to get interconnected with other academicians and other fields of study It is also intended to be a venue for scholars from various backgrounds to connect and initiate collaborative and interdisciplinary studies The papers presented at the ICISPE provide research findings and recommendations that are both directly and indirectly beneficial for public needs especially policy makers and practitioners in Indonesia The 4th ICISPE 2019 was held in the Semarang Indonesia bringing up a theme of People Nature and Technology Promoting Inclusive Environmental Governance in the Era of Digital Revolution as a response to the current dynamics of social and political issues in this millennial era This theme aims at looking more closely on how the relations between social and political aspects on development in this region It is indeed an emerging situation and a robust area for research Some compelling sub themes were offered and participated by a great number of presenters and participants including among others are Social Movement Communication Approach Global Environmental Issues Environmental Governance Millennials and Internet Green Economy also Culture and Environmental Development They share their insights study results or literature studies on those topics in a very dynamic discussion

A History of Modern Indonesia Adrian Vickers, 2013-03-25 Since the Bali bombings of 2002 and the rise of political Islam Indonesia has frequently occupied media headlines Nevertheless the history of the fourth largest country on earth remains relatively unknown Adrian Vickers book first published in 2005 traces the history of an island country comprising some 240 million people from the colonial period through revolution and independence to the present Framed around the life story of Pramoedya Ananta Toer Indonesia s most famous and controversial novelist and playwright the book journeys through the social and cultural mores of Indonesian society focusing on the experiences of ordinary people In this new edition the author brings the story up to date revisiting his argument as to why Indonesia has yet to realise its potential as a democratic country He also examines the rise of fundamentalist Islam which has haunted Indonesia since the fall of Suharto

Footsteps Pramoedya Ananta Toer, 1996-05-01 As the world moves into the twentieth century Minke one of the few European educated Javanese optimistically starts a new life in a new town Betawi With his enrollment in medical school and the opportunity to meet new people there is every reason to believe that he can leave behind the tragedies of the past But Minke can no more escape his past than he can escape his situation as part of an oppressed people under a foreign power As his world begins to fall apart Minke draws a small but fervent group around him to fight back against colonial exploitation During the struggle Minke finds love friendship and betrayal with tragic consequences And he goes from wanting to understand his world to wanting to change it Pramoedya s full literary genius is again evident in the remarkable characters that populate the novel and in his depiction of a people s painful emergence from colonial domination and the shackles of tradition

The Moral Economy of the Peasant James C. Scott, 1977-09-10 James C Scott places the critical problem of the peasant household subsistence at the center of this study The fear of food shortages he argues persuasively explains many otherwise puzzling technical social and moral arrangements in peasant society such as resistance to innovation the desire to own land even at

some cost in terms of income relationships with other people and relationships with institutions including the state Once the centrality of the subsistence problem is recognized its effects on notions of economic and political justice can also be seen Scott draws from the history of agrarian society in lower Burma and Vietnam to show how the transformations of the colonial era systematically violated the peasants moral economy and created a situation of potential rebellion and revolution Demonstrating keen insights into the behavior of people in other cultures and a rare ability to generalize soundly from case studies Scott offers a different perspective on peasant behavior that will be of interest particularly to political scientists anthropologists sociologists and Southeast Asianists The book is extraordinarily original and valuable and will have a very broad appeal I think the central thesis is correct and compelling Clifford Geertz In this major work Scott views peasants as political and moral actors defending their values as well as their individual security making his book vital to an understanding of peasant politics Library Journal Social Science-Term-2 Dr Malti Malik, Dinesh Bhatt, D R Khullar, Dr S K Jha, Anita Jain, Mala Aggarwal, A book on social science
