their series of royal biographies *Lives of the Queens of England* became an outstanding success Agnes followed this with a biography of Mary Queen of Scots which she considered her most important work Jane Margaret Strickland despite ill health and being the sister who stayed at home to care for their ageing mother was also an author of note Her many works included a history of Rome and a biography of her sister Agnes Of the two non authors in the family one Sarah became in her second marriage the wife of Richard Gwilym a wealthy and well connected vicar in Lancashire The other Tom joined the merchant navy aged fourteen As captain of beautiful but hazardous sailing ships his working life took him all round the world Despite the distances which separated them family ties remained strong and they helped each other in times of need Their interwoven biographies trace many of the changes and main events in Canada and England in the 19th century
