Pacific they provided the air cover for the series of landings which led to the doorstep of Japan by 1945 These robust ships faced submarine air and even surface threats from the Japanese but proved able to contend with everything thrown their way Fully illustrated with contemporary photographs and unique specially commissioned artwork this book shines a new light on these unjustly overlooked workhorses of the US Navy ships that helped usher in the Allied victory over the Axis powers in the Atlantic and Pacific

Strategic Planning for Coalition Warfare, 1941-1944 Maurice Matloff, Edwin Marion Snell, 1959 **Strategic Planning for Coalition Warfare: 1943-1944** Maurice Matloff, Edwin Marion Snell, 1953 **Into the Dark Water** John J. Domagalski, 2020-01-10 The complete World War II record of one of the most celebrated warships in American history made famous by her final commanding officer John F Kennedy Fleshing out the little known chronicle of this patrol torpedo boat under two officers during the swirling battles around Guadalcanal John Domagalski brings PT 109 and her crew back to life once again and in doing so honors all who served in the patrol torpedo service Military Review In these mainly nocturnal fights when the Japanese navy was at its apex America s small fast boat flotillas darted in among the enemy fleet like a barroom brawl with the lights turned out Bryant Larson and Rollin Westholm preceded Kennedy as commanders of PT 109 and their fights leading the ship and its brave crew hold second to none in the chronicles of US Navy daring As the battles

moved on across the Pacific the PT boat flotillas gained confidence even as the Japanese too learned lessons on how to destroy them Under its third and final commander Kennedy PT 109 met its fate as a Japanese destroyer suddenly emerged from a dark mist and rammed it in half Two crewmen were killed immediately but Kennedy formerly on the swim team at Harvard was able to shepherd his wounded and others to refuge His unsurpassed gallantry cannot resist retelling yet the courage of the book's previous commanders have not until now seen the light of day This book provides the complete record of PT 109 in the Pacific as well as a valuable glimpse of how the American Navy's daring and initiative found its full playing field in World War II Henry Steele Commager Neil Jumonville, 2003-07-11 Historian Henry Steele Commager 1902 1998 was one of the leading American intellectuals of the mid twentieth century Author or editor of more than forty books he taught for decades at New York University Columbia University and Amherst College and was a pioneer in the field of American studies But Commager's work was by no means confined to the halls of the university a popular essayist lecturer and political commentator he earned a reputation as an activist for liberal causes and waged public campaigns against McCarthyism in the 1950s and the Vietnam War in the 1960s As few have been able to do in the past half century Commager united the two worlds of scholarship and public intellectual activity Through Commager's life and legacy Neil Jumonville explores a number of questions central to the intellectual history of postwar America After considering whether Commager and his associates were really the conservative and conformist group that critics have assumed them to be Jumonville offers a reevaluation of the liberalism of the period Finally he uses Commager's example to ask whether intellectual life is truly compatible with scholarly life **Strategic Planning for Coalition Warfare, 1941-1942 [1943-1944]** Maurice Matloff, Edwin Marion Snell, 1953 **Gilbert Stuart: Lawrence Park. A sketch of the life of Gilbert Stuart. Gilbert Stuart, the artist. Technical note on the painting of Gilbert Stuart. Descriptive list of the portraits by Gilbert Stuart**, 1926 American Biography, 1926 American Paintings at Harvard Theodore E. Stebbins, Melissa Renn, 2008-01-01 This volume features nearly 500 paintings watercolors pastels and miniatures from Harvard University's storied yet little known collection of American art These works many unpublished are drawn from the Harvard Art Museums the University Portrait Collection the Peabody Museum of Archaeology and Ethnology and other entities and date from the early colonial years to the mid 19th century Highlights include a rare group of 17th century portraits along with important paintings by Robert Feke John Singleton Copley Charles Willson Peale Gilbert Stuart and Washington Allston in addition to works depicting western and Native American subjects by Alexandre de Batz Henry Inman and Alfred Jacob Miller among others Each work is accompanied by scholarly commentary that draws on extensive new research as well as a complete exhibition and reference history An introduction by Theodore E Stebbins Jr describes the history of the collection Lavishly illustrated in color this compendium is a testament to the nation's oldest collection of American art and an essential resource for scholars and collectors alike **Genealogical and Family History of the State of Maine** George Thomas Little, 1909
