Sandra Of The Tulphouse Or How To Live In A Free State:

Documents of Utopia Paolo Magagnoli, 2015-05-12 This timely volume discusses the experimental documentary projects of some of the most significant artists working in the world today Hito Steyerl Joachim Koester Tacita Dean Matthew Buckingham Zoe Leonard Jean Luc Moul ne Ilya and Emilia Kabakov Jon Thomson and Alison Craighead and Anri Sala Their films videos and photographic series address failed utopian experiments and counter hegemonic social practices This study illustrates the political significance of these artistic practices and critically contributes to the debate on the conditions of utopian thinking in late capitalist society arguing that contemporary artists interest in the past is the result of a shift within the temporal organization of the utopian imagination from its futuristic pole toward remembrance The book therefore provides one of the first critical examinations of the recent turn toward documentary in the field of contemporary art

Performing Memory in Art and Popular Culture Liedeke Plate, Anneke Smelik, 2013 This volume pursues a new line of research in cultural memory studies by understanding memory as a performative act in art and popular culture Here authors combine a methodological focus on memory as performance with a theoretical focus on art and popular culture as practices of remembrance The essays in the book thus analyze what is at stake in the complex processes of remembering and forgetting of recollecting and disremembering of amnesia and anamnesis that make up cultural memory *Gestures of Seeing in Film, Video and Drawing* Asbjørn Grønstad, Henrik Gustafsson, Øyvind Vågnes, 2016-06-23 The first book of its kind *Gestures of Seeing in Film Video and Drawing* engages broadly with the often too neglected yet significant questions of gesture in visual culture In our turbulent mediasphere where images as lenses bearing on their own circumstances are constantly mobilized to enact symbolic forms of warfare and where they get entangled in all kinds of cultural conflicts and controversies a turn to the gestural life of images seems to promise a particularly pertinent avenue of intellectual inquiry The complex gestures of the artwork remain an under explored theoretical topos in contemporary visual culture studies In visual art the gestural appears to be that which intervenes between form and content materiality and meaning But as a conceptual force it also impinges upon the very process of seeing itself As a critical and heuristic trope the gestural galvanizes many of the most pertinent areas of inquiry in contemporary debates and scholarship in visual culture and related disciplines ethics images and their values and affects aesthetics from visual essentialism to transesthetics and synesthesia ecology iconoclastic gestures and spaces of conflict and epistemology questions of the archive memory and documentation Offering fresh perspectives on many of these areas *Gestures of Seeing in Film Video and Drawing* will be intensely awaited by readers from and across several disciplines such as anthropology linguistics performance theater film and visual studies *Art & Text*, 2000 *Artext*, 2000 *Art Index* Alice Maria Dougan, Margaret Furlong, 1999 Manual til dansk samtidskunst Lisbeth Bonde, Mette Sandbye, 2006 **Art press**, 2000 **Farm Journal**, 1928 **Bloomington White/yellow Pages**, 1988 Bloomington Nashville Spencer and nearby communities Farm Journal and Country Gentleman, 1929 **The**
