Barclay, Jr.,2000-08-31 A chemical plant nurse is agrroted and shot The plant physician is charged with murder Case complicated by discovery of missing platium reactor whose design is vital to corporate and national security Sandra takes the case and it goes to trial Dramatic and surprise ending Amusing quick read and absolutely fictitious      **In a Large, Loud City (Where Something Almost Always Happens)** Ian A. Hollis,2023-10-11 Welcome to the intricate world of In a Large Loud City where the lives of its inhabitants are as complex as the city itself At the centre of it all is Adam a man of many faces and many lives and Belle a young mother whose son carries his name This enthralling narrative weaves through time from hospital rooms to mysterious trains and alternate realities exploring the connections that bind us and the secrets that pull us apart As Angela grapples with trust and familiar warmth Amanda navigates the complexities of marriage and identity Simultaneously characters like Benji Sabrina Julie and Max find themselves entangled in quests for truth and meaning whether it s through spiritual journeys or desperate races against time Spanning from the daily grind to existential dilemmas this story delves deep into the human psyche and the countless choices that define us Each chapter is a jigsaw piece in a grand puzzle revealing a tapestry of human frailty resilience and the eternal quest for understanding Join us on the rollercoaster of emotion revelation and introspection as In a Large Loud City takes you on a journey you won t easily forget      Grid World KC Martin,2019-08-08 It is the year 2091 and Grid World is now a paradise world under serious threat Marc Wilson was one of the first people to be born in this digital paradise and he has now lived there for thirty years With the help of those that had followed his father Paul and those since born here Grid World was grown into a beautiful paradise world with no crime disease or famine Everyone does their part for the good of Grid World and everyone is treated on equal terms no matter their gender colour or sexual preference Sadly life is still very different back in what is termed the real world Continual global wars devastation and starvation has continued to ravage the population and those few that still survive are now nothing more than slaves working for the two surviving Warlords and their murderous armies Both warlords are very aware of the existence of Grid World and when one of them has gained total global dominance they will begin to cast their murderous attention towards the digital utopia that exists below his feet In fact it is very possible an attack of some form has already begun Grid World is showing the first signs of instability Can Grid World survive against an army that has over one million battle hardened soldiers and an insane genocidal leader Will they fall the way of the nations on the planet s surface or will Marc lead them to victory Who if any will survive      The Obscure Night Raymond Radner,2001-05-29 Had Bruce Quenton ever dabbled in the realm of mystical theology he might have some idea about where he is and where he is being led in the Obscure Night He might be able to sense the difference between life and death and understand why he is compelled to fight so hard to be recognized as the person he had always been The onus falls

on Julie Redics to decide if Bruce is the man that he claims to be before she is obliged to prosecute him to the death chamber as a serial murderer After all it was Bruce who saved her from a knife wielding rapist and is the only man she ever loved Most of us assume that if we prepare we will be safely guided through the Obscure Night But how are we to know if it s too late and we are already there

**My Ex-Life** Stephen McCauley, 2018-05-08 National

Bestseller Best Book of the Year NPR Shelf Awareness I didn't know how much I needed a laugh until I began reading Stephen McCauley's new novel *My Ex Life*. This is the kind of witty sparkling sharp novel for which the verb *chortle* was invented. Maureen Corrigan *Fresh Air* McCauley fits neatly alongside Tom Perrotta and Maria Semple in the category of Novelists You'd Most Like to Drive Across the Country With. The New York Times Book Review David Hedges's life is coming apart at the seams. His job helping San Francisco rich kids get into the colleges of their parents' choice is exasperating; his younger boyfriend has left him and the beloved carriage house he rents is being sold. His solace is a Thai takeout joint that delivers 24/7. The last person he expects to hear from is Julie Fiske. It's been decades since they've spoken and he's relieved to hear she's recovered from her brief misguided first marriage. To him, Julie definitely doesn't have a problem with marijuana; she's given it up completely so it doesn't matter if she gets stoned almost daily and the Airbnb she's running out of her seaside house north of Boston is neither shabby nor illegal. And she has two whole months to come up with the money to buy said house from her second husband before their divorce is finalized. She'd just like David's help organizing college plans for her seventeen-year-old daughter. That would be Mandy. To quote Barry Manilow: Oh Mandy. While she knows she's smarter than most of the kids in her school, she can't figure out why she's making so many incredibly dumb and increasingly dangerous choices. When David flies east, they find themselves living under the same roof; one David needs to repair. David and Julie pick up exactly where they left off thirty years ago; they're still best friends who can finish each other's sentences. But there's one broken bit between them that no amount of home renovations will fix. In prose filled with hilarious and heartbreakingly accurate one-liners, Stephen McCauley has written a novel that examines how we define home, family, and love. Be prepared to laugh, shed a few tears, and have thoughts of your own ex-life triggered. Throw pillows optional.

**Hearts of the Missing** Carol Potenza, 2018-12-04 Beautifully written with a riveting plot and a richly drawn diverse cast of characters. *Hearts of the Missing* is the mesmerizing debut from 2017 Tony Hillerman Prize recipient Carol Potenza. When a young woman linked to a list of missing Fire Sky tribal members commits suicide, Pueblo Police Sergeant Nicky Matthews is assigned to the case. As the investigation unfolds, she uncovers a threat that strikes at the very heart of what it means to be a Fire Sky Native: victims chosen and murdered because of their genetic makeup. But these deaths are not just about a life taken. In a vengeful twist, the killer ensures the spirits of those targeted will wander forever, lost to their family, their people, and their ancestors. When those closest to Nicky are put in jeopardy, she must be willing to sacrifice everything: her career, her life, even her soul, to save the people she is sworn to protect. *Port Dolphin LLC Deepwater Port License Application*, 2009
