Grady Harp goodreads Amazon com Top10 Reviewer An introspective allegory about the search for prosperity of the soul Midwest Book Review Vive LeRoi A powerful kick at the American way of life LeRoi is ostensibly a novel and not overtly psychological but it lays bare the psychic plight of a middle aged man looking for meaning It is a powerful kick at the American way of life ambition success money and power but it is redemptive in the narrator s search for internal Eros and an outer relationship he can trust himself to believe in Daryl Sharp author and publisher Inner City Books In Book One of The Chronicles of a Wandering Soul Malcolm Clay a rather ornery but successful in life character finds himself stranded in the middle of nowhere his fancy MG allowing him to limp into a gas station with a diner cum motel on the other side of the road Subtly layered in symbol and metaphor one soon realizes that the simplicity of this novel is only skin deep The old mechanic a study in laissez faire and cool disdain tries the patience of our hero As a matter of fact all members of the cast including the Queen who rules the diner the pretty waitress and the lanky fast order cook are highly complicated human beings The enigmatic and moody old Chevy half ton pick up truck Malcolm borrows is unreliable in the conventional sense but does grant him the freedom to escape the confines of the motel and the frustration of his broken down MG Ol Reliable guides him over a cattle guard a mysterious unseen gateway into sanctuary the oasis of a river that cuts through this otherwise barren wasteland where he can cast a fly into adventure and misadventure yet beyond that healing waters for the soul Could this perhaps be a modern day model of a questing Perceval and the Grail Legend s Fisherking

Monsters are a part of every society and ours is no exception They are deeply embedded in our history our mythos and our culture However treating them as simply a facet of children s stories or escapist entertainment belittles their importance When examined closely we see that monsters have always represented the things we fear that which is different which we can t understand which is dangerous which is Other But in many ways monsters also represent our growing awareness of ourselves and our changing place in a continually shrinking world Contemporary portrayals of the monstrous often have less to do with what we fear in others than with what we fear about ourselves what we fear we might be capable of The nineteen essays in this volume explore the place and function of the monstrous in a variety of media stories and novels like Baum s Oz books or Gibson s Neuromancer television series and feature films like The Walking Dead or Edward Scissorhands and myths and legends like Beowulf and The Loch Ness Monster in order to provide a closer understanding of not just who we are and who we have been but also who we believe we can be for better or worse *The Nomad Sanction* Gaurav Garg, For Mitch Rapp it was supposed to be a routine protection detail in a forgotten corner of West Africa But when a ruthlessly efficient team of mercenaries storms the U S Embassy the mission becomes a massacre Rapp s entire team is eliminated and a world renowned virologist is abducted in a flawless brutal operation Left as the sole survivor and abandoned by his own government Rapp is a ghost a man with no mission and no backup His only allies are his rage and a burning need for vengeance Now on a rogue off the books manhunt Rapp uncovers the horrifying truth behind the kidnapping The mercenaries known only as the Ares Group have stolen the key to unleashing a world ending plague known as the Lazarus Vector As they prepare to deploy their weapon from a secret base in the heart of Tripoli Rapp finds himself in a desperate one man race against a 72 hour clock To save the world he must become the monster they have been sent to hunt
