Mapping the Country of Regions Nancy P. Appelbaum, 2016-05-23 The nineteenth century was an era of breathtakingly ambitious geographic expeditions across the Americas The seminal Chorographic Commission of Colombia which began in 1850 and lasted about a decade was one of Latin America s most extensive The commission s mandate was to define and map the young republic and its resources with an eye toward modernization In this history of the commission Nancy P Appelbaum focuses on the geographers fieldwork practices and visual production as the men traversed the mountains savannahs and forests of more than thirty provinces in order to delineate the country s territorial and racial composition Their assumptions and methods Appelbaum argues contributed to a long lasting national imaginary What jumps out of the commission s array of reports maps sketches and paintings is a portentous tension between the marked differences that appeared before the eyes of the geographers in the field and the visions of sameness to which they aspired The commissioners and their patrons believed that a prosperous republic required a unified and racially homogeneous population but the commission s maps and images paradoxically emphasized diversity and helped create a country of regions By privileging the whiter inhabitants of the cool Andean highlands over those of the boiling tropical lowlands the commission left a lasting but problematic legacy for today s Colombians **Reseña de la prensa de Santander en el siglo XIX (1878-1899)**, 1982* *Business History in Latin America* University of Liverpool. Que nos tengan en cuenta: colonos, empresarios y aldeas: Colombia, 1800-1900 Hermes Tovar Pinzón,2015-04-01 La colonización antioqueña constituye un fenómeno de entrega de tierra a gentes humildes y a

colonos de la América española El dinamismo que desata este proceso a finales del siglo xviii sobrepasa el tiempo de la Independencia y avanza lo largo del siglo xix para crear una importante sociedad de pequeños medianos y grandes tenedores en algunas de las vertientes montañosas de las cordilleras de los Andes colombianos Este proceso no dependió de cualidades especiales de los antioqueños sino de una decisión del Estado que generó una dinámica social creciente gracias a las ventajas que la movilización de gentes proporcionaba a la integración regional a la expansión de los mercados a la construcción de caminos y a la valorización de tierras públicas y privadas

Salt and the Colombian State Joshua M. Rosenthal, 2014-08-23

In republican Colombia salt became an important source of revenue not just to individuals but to the state which levied taxes on it and in some cases controlled and profited from its production The salt trade consistently accounted for roughly 10 percent of government income In the town of La Salina de Chita in Boyacá province thermal springs offered vast amounts of salt and its procurement and distribution was placed under the jurisdiction of the Ministry of Finance Focusing his study on La Salina Joshua M Rosenthal presents a fascinating glimpse into the workings of the early Colombian state its institutions and their interactions with local citizens during this formative period Although historians have cited the state's weakness and in many cases its absence in local affairs Rosenthal counters these assumptions by documenting the primary role the state held in administering contracts inspections land rights labor and trade in La Salina contending that this was not an isolated incident He also uncovers the frequent interaction between the state and local residents who used the state's liberal rhetoric to gain personal economic advantage Seen through the lens of the administration of La Salina's saltworks Rosenthal provides a firsthand account of the role of local institutions and fiscal management in the larger process of state building His study offers new perspectives on the complex network of republican Colombia's political culture and its involvement in provincial life across the nation

Mutua Montañesa, en su primer centenario (1905-2005) Juan Baró Pazos, Sebastián Coll

Martín, David Lantarón Barquín, Angeles Barrio Alonso, 2006 De lectura interesante por su contenido y calidad literaria es esta una reseña de lo sucedido en los cien años transcurridos desde la fundación de la empresa En ella encontramos un estudio de la evolución de las Mutuas desde sus inicios con referencias a sociedades de protección existentes con anterioridad a las mismas una descripción de la situación del Santander de la época y de su evolución socioeconómica en los años siguientes

El león del norte Raul Pacheco Blanco, 2019-11-11 En *El León del Norte* el autor se vale de la atractiva personalidad del general Solís Wilches quizá la figura más importante del Estado Soberano de Santander durante su vigencia para hacer una crónica no exenta del humor y de ironía tanto a la generación radical como al biografado que en el siglo XIX se impregnaron de utopías y quisieron llevarlas a la práctica sin conseguirlo As el general es un representante del militarismo liberal en una versión criolla del bonapartismo pero que al mismo tiempo tiene muchos visos de un despotismo ilustrado tardío aclimatado en el trópico En esta primera etapa de la vida del general que acabamos de ver marcada por los signos de la guerra sus adversarios y quizá sus enemigos fueron los conservadores La mística liberal lo llevó a los campos de batalla en donde realizó toda clase de

esfuerzos sin hacer concesiones convencido de que con ello sacaba triunfante su sentimiento de partido De ahí en adelante cambia un tanto el panorama por cuanto sus grandes adversarios los va a encontrar en su propio partido Tendrá que habérselas con los radicales quienes representaban lo que se ha denominado el liberalismo clásico y que en Santander echó muy profundas raíces Precisamente Fernando Guillén Martínez hace una consideración en torno a la regeneración y a sus más encarnizados adversarios los radicales en el sentido de que la mayoría de estos eran raizales de Santander Lo que quiere decir a contrario sensu que el movimiento radical prácticamente tuvo su origen y sus desarrollos más importantes en Santander Dice así Guillén Martínez Por contraste los más numerosos tenaces e irreductibles antagonistas de la Regeneración son gentes nativas de Santander o de las regiones boyacenses influidas o emparentadas con las zonas santandereanas Le siguen en número y beligerancia los nativos del Tolima y un poco más tarde pero no menos eficazmente los antioqueños Las guerras civiles de 1885 y de 1899 aunque extendidas rápidamente a casi todo el territorio nacional se iniciaron o se decidieron en tierras o con hombres de Santander

España 1790-1900 Germán Rueda Hernanz, 2006 El XIX es un siglo de contrastes un periodo en el que se aprecian transformaciones pero al mismo tiempo cierto inmovilismo Respondiendo a esta peculiaridad el autor ha dividido la obra en dos partes diferenciadas en la primera examina todos aquellos aspectos que fueron factores que hicieron cambiar la sociedad y las condiciones económicas de los españoles del siglo XIX en la segunda ahonda en aquellos otros que apenas se modificaron o que si sufrieron cambios resultaron irrelevantes para una modernización o transformación Ambas partes necesarias para describir y explicar la foto fija y la película de la sociedad y las condiciones económicas de los españoles de aquella centuria se cierran con un epílogo que a modo de conclusión recoge trece cambios de su inmutable sociedad

Las clientelas del general Wilches Nectalí Ariza, 2020-10-09 El lector no tiene entre las manos la biografía de Solón Wilches que en estas páginas se va desgranando como un lazarillo que nos conduce a lo largo de la narración y nos sirve de guía en su transcursoándonos además continuadas referencias que nos ubican en el tiempo y el espacio Este libro nos muestra que más que decisiones espontáneas que podrían parecernos son las que estructuran estas historias familiares enlazadas son en cambio la naturaleza y la entidad de las negociaciones urdidas entre ellas y establecidas con terceros las que arman toda la trama de lo que vamos poco a poco página a página descubriendo porque el autor así nos lo va desvelando
