

Second Coming The New Christian Right In Virginia Politics

K. Conger

Second Coming The New Christian Right In Virginia Politics:

Second Coming Mark J. Rozell, Clyde Wilcox, 1996 Building on a history of the Christian Right in Virginia from 1978 through 1992 *Second Coming* gives a detailed analysis of the 1993 statewide elections and the 1994 senatorial race all of which attracted national attention *The Christian Right in Republican State Politics* K. Conger, 2009-11-09 This book examines the influence and activities of the Christian Right at the state level One of the first attempts at studying the Christian Right comparatively across states this book offers a new theoretically driven perspective on how political context and constraints shape the Christian Right's strategy and influence Based on evidence from in depth case studies of three states Indiana Missouri and Arizona and qualitative and quantitative data from a wide variety of other states its conclusions demonstrate that the movement's strategies and behavior are based on the political opportunity structure of each state the movement's internal resources and its ability to utilize threat based mobilization **The Christian Right in American Politics** John C. Green, Mark J. Rozell, Clyde Wilcox, 2003-05-06 From the first rumblings of the Moral Majority over twenty years ago the Christian Right has been marshalling its forces and maneuvering its troops in an effort to re shape the landscape of American politics It has fascinated social scientists and journalists as the first right wing social movement in postwar America to achieve significant political and popular support and it has repeatedly defied those who would step up to write its obituary In 2000 while many touted the demise of the Christian Coalition the broader undercurrents of the movement were instrumental in helping George W Bush win the GOP nomination and the White House Bush repaid that swell of support by choosing Senator John Ashcroft once the movement's favored presidential candidate as attorney general *The Christian Right in American Politics* under the direction of three of the nation's leading scholars in the field of religion and politics recognizing the movement as a force still to be reckoned with undertakes the important task of making an historical analysis of the Christian Right in state politics during its heyday 1980 to the millennium Its twelve chapters written by outstanding scholars review the impact and influence of the Christian Right in those states where it has had its most significant presence South Carolina Virginia Texas Florida Michigan Iowa Kansas Minnesota Colorado California Maine and Oregon and Washington Since 1980 scholars have learned a good deal about the social characteristics religious doctrine and political beliefs of activists in and supporters of the Christian Right in these states and each contribution is based on rigorous dispassionate scholarship The writers explore the gains and losses of the movement as it attempts to re shape political landscapes More precisely they provide in depth descriptions of the resources organizations and the group ecologies in which the Christian Right operates the distinct elements that drove the movement forward As the editors state the Christian Right has been engaged in a long and torturous march toward the millennium from outsider status into the thick of American politics Those formative years 1980 2000 are essential for any understanding of this uniquely American social movement This rigorous analysis over many states and many elections provides the clearest picture yet of the goals tactics and hopes of the

Christian Right in America *Virginia Politics & Government in a New Century* Jeff Thomas, 2016-10-24 The modern political landscape of Virginia bears little resemblance to the past The commonwealth is a nationally influential swing state alongside stalwarts like Florida or Ohio But with increased power comes greater scrutiny and corruption Governor Bob McDonnell received a jail sentence on federal corruption charges later vacated by the U S Supreme Court Corporate influence on the state legislature and other leaders resulted in numerous ethics violations Scandal erupted at the prestigious University of Virginia when the school ousted its president amid political drama and intrigue Author Jeff Thomas reveals the intersection of money power and politics and the corrosive effect on government in a new era **The Christian Right, the Far Right and the Boundaries of American Conservatism** Martin Durham, 2000 Mothers and meaning on the early modern English stage is a study of the dramatised mother figure in English drama from the mid sixteenth to the early seventeenth centuries It explores a range of genres moralities histories romantic comedies city comedies domestic tragedies high tragedies romances and melodrama and includes close readings of plays by such diverse dramatists as Udall Bale Phillip Legge Kyd Marlowe Peele Shakespeare Middleton Dekker and Webster The study is enriched by reference to religious political and literary discourses of the period from Reformation and counter Reformation polemic to midwifery manuals and Mother s Legacies the political rhetoric of Mary I Elizabeth I and James VI reported gallows confessions of mother convicts and Puritan conduct books It thus offers scholars of literature drama art and history a unique opportunity to consider the literary visual and rhetorical representation of motherhood in the context of a discussion of familiar and less familiar dramatic texts *Social Movements and American Political Institutions* Andrew S. McFarland, Anne N. Costain, 1998-04-23 Social movements in the United States are important political actors because of their scale and duration their generation of new ideas and understandings of existing problems their ability to mobilize those who were previously passive citizens and the impetus they provide for restructuring and broadening the agenda of American politics This volume combines chapters by a distinguished group of social movement scholars from both sociology and political science who use perspectives ranging from political process theory to rational choice and collective action approaches to evaluate the functioning of institutions of American government and the public policies that they produce A diverse group of movements and interests are featured women public interest native America the environment the Christian Right abortion gay rights and homelessness among them **Hippies of the Religious Right** Preston Shires, 2007 This volume demonstrates that the Christian Right has a surprising past Historical analysis reveals that the countercultural movements and evangelicalism share a common heritage Shires warns that political operatives in both parties need to heed this fact if they hope to either in the case of the Republican Party retain their evangelical constituency or in the case of the Democratic Party recruit new evangelical voters *The Politics of Youth, Sex, and Health Care in American Schools* Marvin D Feit, Barbara A Rienzo, 2014-04-04 Examine school based health clinics and the political considerations and strategies that can help them succeed The Politics of Youth

Sex and Health Care in American Schools reveals the history and political dynamics involved in building and sustaining an important innovation in the way health care services are delivered to America's youth: the school-based health clinic. These clinics provide vital health services including crucial yet controversial reproductive services to youth. In addition to analyzing the nature and extent of the political barriers facing school-based clinics, this vital book describes the strategies that have proven most effective in overcoming them. This essential book begins with an overview of the existing literature on the history and provision of health care for youth. Then it presents the results of a study that utilized a two-pronged approach: a nationwide survey of clinic administrators supplemented with aggregate data and intensive case studies of five representative locales. By combining the quantitative data from the national survey with the more qualitative information gleaned from the case study field work, *The Politics of Youth Sex and Health Care in American Schools* can deliver broad yet accurate generalizations as well as detailed interpretation of the authors' findings. This informative and insightful volume explores the ways that school-based health clinics (SBHCs) have evolved, confronted opposition, and grown day to day. Issues that SBHCs face include inadequate funding, lack of parental involvement, unsupportive teachers and schools, staffing, training issues, cultural issues, and more. Sources of opposition to SBHCs include fundamentalist Protestants, Black Evangelicals, Catholics, and conservative parent groups. Ways to establish successful school health care reforms, issues, and recommendations for SBHCs in the future are also discussed. To date, there have been very few empirical studies of the politics of school health or of the provision of sexuality-related health services for youth. The greatest depth and breadth of information you can find on the subject is here in *The Politics of Youth Sex and Health Care in American Schools*. **Libraries and the Reading**

Public in Twentieth-Century America Christine Pawley, Louise S. Robbins, 2013-09-13 For well over one hundred years, libraries open to the public have played a crucial part in fostering in Americans the skills and habits of reading and writing by routinely providing access to standard forms of print informational genres such as newspapers, pamphlets, textbooks, and other reference books and literary genres including poetry, plays, and novels. Public libraries continue to have an extraordinary impact. In the early twenty-first century, the American Library Association reports that there are more public library branches than McDonald's restaurants in the United States. Much has been written about libraries from professional and managerial points of view, but less so from the perspectives of those most intimately involved: patrons and librarians. Drawing on circulation records, patron reviews, and other archived materials, *Libraries and the Reading Public in Twentieth-Century America* underscores the evolving roles that libraries have played in the lives of American readers. Each essay in this collection examines a historical circumstance related to reading in libraries. The essays are organized in sections on methods of researching the history of reading in libraries, immigrants and localities, censorship issues, and the role of libraries in providing access to alternative, nonmainstream publications. The volume shows public libraries as living spaces where individuals and groups with diverse backgrounds, needs, and desires encountered and used a great variety of texts, images, and

other media throughout the twentieth century **A Wall of Separation?** Mary Segers, Ted G. Jelen, Clarke E.

Cochran, 1998-08-27 Should the wall of separation between church and state be permeable or inviolable This question has been hotly contested since the nation's founding and contentious debates persist today With a collection of the most significant documents and an introduction by Clarke E Cochran that provides the historical context of the debate prominent scholars Mary Segers and Ted Jelen debate the impact of organized religion on the democratic process examine its influence on political discourse and discuss its significance for the creation of public policy The authors illuminate the constitutional implications of using religion to cultivate public morality and discuss the complexities of creating a civic minded citizenry in a pluralistic society **Religion and American Cultures** Gary Laderman, Luis León, 2014-12-17 This four volume work

provides a detailed multicultural survey of established as well as new American religions and investigates the fascinating interactions between religion and ethnicity gender politics regionalism ethics and popular culture This revised and expanded edition of Religion and American Cultures Tradition Diversity and Popular Expression presents more than 140 essays that address contemporary spiritual practice and culture with a historical perspective The entries cover virtually every religion in modern day America as well as the role of religion in various aspects of U S culture Readers will discover that Americans aren't largely Protestant Catholic or Jewish anymore and that the number of popular religious identities is far greater than many would imagine And although most Americans believe in a higher power the fastest growing identity in the United States is the nones those Americans who elect none when asked about their religious identity thereby demonstrating how many individuals see their spirituality as something not easily defined or categorized The first volume explores America's multicultural communities and their religious practices covering the range of different religions among Anglo Americans and Euro Americans as well as spirituality among Latino African American Native American and Asian American communities The second volume focuses on cultural aspects of religions addressing topics such as film Generation X public sacred spaces sexuality and new religious expressions The new third volume expands the range of topics covered with in depth essays on additional topics such as interfaith families religion in prisons belief in the paranormal and religion after September 11 2001 The fourth volume is devoted to complementary primary source documents **Routledge Handbook of Political**

Management Dennis W. Johnson, 2010-03-17 The Routledge Handbook of Political Management is a comprehensive overview of the field of applied politics encompassing political consulting campaigns and elections lobbying and advocacy grass roots politics fundraising media and political communications the role of the parties political leadership and the ethical dimensions of public life While most chapters focus on American politics and campaigns there are also contributions on election campaigns in Europe the Middle East Russia Australia East Asia and Latin America In addition to a thorough treatment of campaign and elections the authors discuss modern techniques problems and issues of advocacy lobbying and political persuasion with a special emphasis throughout the volume on technology the Internet and online communications as

political tools Grounded in the disciplines of political science political communications and political marketing the Routledge Handbook of Political Management explores the linkages between applied politics and social science theory Leading American and international scholars and practitioners provide an exhaustive and up to date treatment of the state of this emerging field This publication is a major resource for advanced undergraduates graduate students and scholars of campaigns elections advocacy and applied politics as well as for political management professionals School Board Battles Melissa M. Deckman, 2004-02-27 If there is a culture war taking place in the United States one of the most interesting if under the radar battlegrounds is in local school board elections Rarely does the pitch of this battle reach national attention as it did in Kansas when the state school board led by several outspoken conservative Christians voted to delete evolution from the state's science curriculum and its standardized tests in August 1999 That action rattled not only the educational and scientific communities but concerned citizens around the nation as well While the movement of the Christian Right into national and state politics has been well documented this is the first book to examine their impact on local school board politics While the Kansas decision was short lived during the past decade in school districts around the country conservative Christian majorities have voted to place limits on sex education to restrict library books to remove references to gays and lesbians in the classroom and to promote American culture as superior to other cultures School Board Battles studies the motivation strategies and electoral success of Christian Right school board candidates Based on interviews and using an extensive national survey of candidates as well as case studies of two school districts in which conservative Christians ran and served on local boards Melissa M Deckman gives us a surprisingly complex picture of these candidates She reveals weaker ties to national Christian Right organizations and more similarities between these conservative candidates and their more secular counterparts than might be expected Deckman examines important questions Why do conservative Christians run for school boards How much influence has the Christian Right actually had on school boards How do conservative Christians govern School Board Battles is an in depth and in the trenches look at an important encounter in the culture war one that may well determine the future of our nation's youth *Inventing the Silent Majority in Western Europe and the United States* Anna von der Goltz, Britta Waldschmidt-Nelson, 2019-03-28 For historians of social movements this text explores 1960s and 1970s conservative political activism in the US and Western Europe *Encyclopedia of U.S. Political History* Andrew Robertson, Michael A. Morrison, William G. Shade, Robert Johnston, Robert Zieger, Thomas Langston, Richard Valelly, 2010-04-01 Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the

Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of the last occupying federal troops from those states in 1877

VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era

VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt's presidency the Supreme Court's conservative traditions and a new judicial outlook

VOLUME 6 Postwar Consensus to Social Unrest 1946

1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are also covered

The Freedom to do God's Will James Busuttil, Gerrie ter Haar, 2003-09-02 Under the auspices of top international commentators The Freedom to do God's Will considers the global impact of fundamentalism on religious traditions including Hinduism Buddhism Mormonism Christianity Judaism and Islam With special reference to human rights issues women's rights and the influence of social factors it brings a new dimension to a field of study often dominated by purely religious or political perspectives whilst challenging received ideas about the violence and conservatism of fundamentalist movements Illustrated with original case studies the ten investigative essays from a multicultural panel of experts each with specific local and academic knowledge of the faiths and issues they discuss offer an intimate and highly specific portrait of why and how fundamentalism occurs

Prayers in the Precincts John C. Green, Mark J. Rozell, Clyde Wilcox, 2000-04-04 In the wake of the Clinton Lewinsky scandal the Christian Right expected major victories in the 1998 elections Instead many of its allies lost close contests and the movement was seen as a liability in some high profile campaigns In the only in depth study of the Christian Right's role in these races leading scholars analyze the role of the movement in fourteen key states from Maine to California and address speculations that the movement is fading from the American political scene The book focuses on elections on the state and local levels where the Christian Right is most influential and it describes the movement's niche in some detail Although each campaign described in the book had its unique characteristics the editors have drawn some broad conclusions about the 1998 elections While the movement was weak in the areas of candidate recruitment and fundraising they say the outcome may have also been related to external factors including a broader turnout of typically Democratic constituencies and the country's boredom with the scandal that conservatives had made the centerpiece of their campaign Despite the setbacks of 1998 the contributors argue the Christian Right continues to have an enormous influence on the political

dialogue of the country Written from an unbiased nonpartisan perspective this volume sheds light on a topic that is too frequently mired in controversy

The New Politics of the Old South Charles S. Bullock, Mark J. Rozell, 2010 The latest presidential election demonstrated the national importance of the shifting demographics and partisan leanings of the Southern states When it first appeared in 1998 *The New Politics of the Old South* broke new ground by examining Southern political trends at the end of the twentieth century Now in its fourth edition with all chapters extensively revised and updated to cover events up through the 2008 elections the authors continue their unique state by state analysis of political behavior Written by the country's leading scholars of Southern politics and designed to be adopted for courses on Southern politics but accessible to any interested reader this book traces the shifting trends of the Southern electorate and explains its growing influence on the course of national politics

The 2000 Presidential Election in the South Robert P. Steed, Laurence W. Moreland, 2002-03-30 This volume is the fifth in a series of analyses of elections in the South beginning with the 1984 general elections and continuing in 1988 1992 and 1996 While the presidential election has been the focus other important aspects of contemporary Southern electoral politics have also been examined including congressional and state elections as well as the overall status of party development and competition in each Southern state Steed and Moreland continue the general organization plan of the previous publications in this volume beginning with an introductory chapter on general issues and background a chapter on presidential primaries an examination of the particular issues of the 2000 presidential election and a look at religion and Southern politics Experts on the individual states then analyze the contests in each state and the volume concludes with a summary of the lessons to be gained from the 2000 election cycle An definitive work for all scholars students and researchers involved with contemporary Southern politics and presidential elections

Routledge Handbook of Religion and Politics Jeffrey Haynes, 2008-11-19 From the United States to the Middle East Asia and Africa religion has become an increasingly important factor in political activity and organisation This Handbook provides a definitive global survey of the interaction of religion and politics Featuring contributions from an international team of experts it examines the political aspects of all the world's major religions including such crucial contemporary issues as religious fundamentalism terrorism the war on terror the clash of civilizations and science and religion Four main themes addressed include the World religions and politics religion and governance religion and international relations religion security and development References at the end of each chapter guide the reader towards the most up to date information on various topics In addition large amounts of information make this book an indispensable source of information for students academics and the wider public interested in the dynamic relationship between politics and religion
